RE: Water Right # 65-12281 & 65-8381

Dear James F. Zokan,

I am writing to you after receiving your letter of October 1, 2003 and after talking with you by phone, you asking for evidence of ownership on Water Right # 65-12281 . I have included a copy of the Deed to me, Margaret L. Drake from Frank and Venita Bowers. Hope this will clear your records on this one,

But Water Right # 65-8381 you are asking for evidence of ownership, Legal description of property and \$25.00 in filing Fees. Calvin C. Drake's, was my deceased husband. I am sending to you a copy of Court Decree Determining me, Margaret L. Drake as sole heir of his estate. The described property includes all easements, right-of-ways and water rights. I question as to the reason I am compelled to change the name on the water rights. I have had to pay \$25.00 on each and every water right we had, while in this state the community property law means that even though they were only in his name they were actually half mine and I understand that all water rights went with the property and can not be transferred. I am enclosing a check for \$25.00. for filing fees, but I am going to my Attorney and ask if I actually have to do this and maybe ask that the filing fees I have already paid to you should not be refunded.

I am keeping a copy of all these records and sending a copy of your letter and putting on the letter attention to you,

Sincerely,

Margaret L. Drake

RE: Change in Ownership of Decreed Water Right 65-8381

Dear Ms Drake:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

☒ **Filing Fee** of \$25 per water right

☒ **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

☒ **Legal Description of Property**

Effective July 1, 2000, the legislature enacted House Bill No. 545 requiring a filing fee for a change in water right ownership. The fee is \$25 per water right, except for ownership changes resulting in the division of a water right, which is \$100 per water right. All ownership change notices received after June 30, 2000 must include the appropriate filing fees in order to be processed. We have determined that the filing fee for your notice will be **\$25.00**.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information and fees. If we do not receive the necessary information and fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage (<http://www.idwr.state.id.us>) on the Internet to obtain the proper forms and instructions.

Please feel free to contact the Department if you have any questions.

Sincerely,

James F. Zokan
