Gentlemen:

We are returning the two applications for lack of a filing fee and numerous defects. The errors I see are, in order:

- Section 3a The legal descriptions for both applications describe ground not in Gem County.
- Section 4 and 5a The entries for domestic use and total quantity diverted do not indicate the quantity you propose to divert. The filing fee is based on this amount.
- Section 6a and 6c The diverting works should be described.
- Section 8a The legal description of the place of the domestic use should be listed.
- Section 8b The place of irrigation use should be described on the application that proposes irrigation.
- Section 8c Whether other water rights exist for this land should be indicated.
- Section 9a and 9b Ownership of the land involved should be indicated.
- Section 11 A rough map of the land should be drawn.

MAILED
JUL 14 1977

Please correct these defects before re-submitting these applications. I am enclosing instructions to aid you in making the corrections. Please note that a filing fee is required.

Probably the simplest way to complete this filing would be to come into our office and let us help you.

If I can be of any further assistance, please contact me.'
