Dear Mr. Weaver:

Thank you for submitting your Application for Permit and Proof of Beneficial Use. I am returning the Proof of Beneficial Use, however, as it needs to be signed before a notary public.

On October 27, 1969, an action was commenced in the District Court of the Third Judicial District in and for the County of Gem to determine rights to the use of the surface and/or ground waters within the Payette River Drainage Basin, in the following counties: Boise, Canyon, Gem, Payette, Valley, and Washington. As a result, the District Court has authorized the Department of Water Resources to conduct a study of the Payette River Drainage Basin and to submit to the court a proposed determination of water rights.

Therefore, you will also find enclosed a claim to a water right prepared from your application. Please examine the claim to insure that it contains an accurate description of your right. Make any necessary corrections, sign the claim before a notary public also, and return both forms to this office at your earliest convenience. We will then be able to make a recommendation to the District Court as to the extent of your water right.

Thank you for your cooperation in this matter. If you have any questions or need further assistance, please feel free to contact this office.

Sincerely,
