has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated December 6, 1976; and
has submitted Proof of Beneficial Use on October 9, 1985. An examination indicates
that the works have a diversion capacity of .020 cfs of water from:

SPRINGS

tributary to PAYETTE RIVER, NORTH FORK

source, and a water right has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>ANNUAL VOLUME</u>

CONDITIONS/REMARKS:

1. The maximum diversion volume is defined as the maximum allowable volume of water that may be diverted annually from the source under this right. The use of water confirmed by this right is limited to the amount which can actually be beneficially used. The maximum diversion volume may be adjusted to reflect cropping patterns or acceptable standards of water delivery efficiency.
2. This water right is appurtenant to the described place of use.
3. This right is subject to all prior water rights and may be forfeited by five years of non-use.
4. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.

**ORDER ADVANCING
DATE OF PRIORITY**

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 65-7791 for issuance of a license, the Department finds, concludes and orders:

FINDINGS OF FACT

1. The Department approved Application for Permit No. 65-7791 to appropriate the public waters of the State of Idaho with a proposed priority of December 6, 1976.

2. On June 5, 1986 the Department advised the permit holder that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The examination fee was due on August 4, 1986.

3. The license examination fee was received on October 14, 1986, 71 day(s) late.

MICROFILMED

OCT 44 1989

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the license examination fee is late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 65-7791 should be advanced 71 day(s).

ORDER

IT IS HEREBY ORDERED that the date of priority of Permit No. 65-7791 is advanced to February 15, 1977.

Dated this 16th day of August, 1989.

Prior to their deaths, my husband and son dug with a dragline an approx. 15' x 20' x 10' deep ~~shad~~ excavation trying to develop what we are sure must be a spring. It is used for a stock watering hole now.

Also my son built a diversion of the creek like surface water that runs a good supply of water from winter into late Aug. each year. He put in several large rocks & filled dirt over and around them with a cat, forming a small dam at the neck of the creek near the center of our 20 acre piece of ground.

Our own construction equipment was used and my husband & son did the labor so I couldn't place a very accurate cost. My guess is \$100 for crane work and \$100 for Cat. These improvements were intended to irrigate pasture, longer & stock water.

All this was explained on our original application for Water Permit & should still be attached to it in your files.

The width of the fill is approx 25' and 5' at the deepest point. It forms a pond probably 100' long and 30' wide and 4' deep. A small overflow allows all excess water to continue across our land & on to the Payette river across the Panchari ranch.

Thank you

EXAMINATION FEE REMINDER

Dear Permit Holder:

Earlier this year you were mailed a certified letter by our state office, which described a new law related to your water right permit. The water right permit to which this law applies is identified by the number at the top of the mailing label above. The purpose of this letter is to act as a reminder of the new law and to warn you that your permit is now losing priority daily.

As described in the certified letter, House Bill 671 enacted by the 1986 Idaho Legislature requires payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. The certified letter described the procedure for selecting the latter alternative, whereby you initially notify us regarding which water right examiner you have selected, and provide a statement from the examiner as verification.

The date of priority of your water right permit is now being delayed one day for each day the response is late. Also, if the fee or completed field examination report are not submitted within a year from the sixty-first day after the certified letter was mailed, the permit may be lapsed and rendered invalid. The fee, or notice that a private field examination will be conducted, should be submitted as soon as possible if you wish to maintain your permit in a valid status.

Enclosed please find an Examination Fee Information Sheet, with the License Examination Fee Schedule printed on the back. This sheet should be submitted if either the fee payment option or the private examination option is selected. If you have questions or desire assistance in this matter, please feel free to contact this office.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. **RECEIVED** change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner. **OCT 24 1989**

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying ~~examiners results from~~ the recently enacted HB 671 and is being developed at this time. A listing

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

This office acknowledges receipt of the assignment conveying the permit from Bonnie Fackrell to Bonnie Blanchard. Enclosed is a copy of the permit for your records.

Since receipt of the assignment puts the file in order, the department will continue processing the proof of beneficial use form.

Before a license can be issued, a representative from our Western Regional office will conduct a field examination to determine the extent of use. I cannot tell just when this examination will be conducted, but our examiner will try to contact you to schedule a convenient time.

If you have any questions concerning this matter, please feel free to contact this office or our Western Regional office.

Re: Permit No. 65-7791

On October 9, 1985, the department received the proof of beneficial use form for the above referenced permit.

The proof form was signed as Bonnie J. Blanchard instead of Bonnie J. Fackrell as the permit shows. Since a water right permit is considered personal property, I advise you to complete an assignment form showing your name change. Enclosed is an Assignment of Permit form. Please review the information I typed, sign the form before a notary public and return it to this office.

Since the signature on the proof is not the same as on the permit, I will hold processing of the proof form until the assignment is received.

Dear Ms. Fleck, On the day above mentioned I came into the Dept. of Water Resources office to complete all paperwork necessary on my water right claim for the very reason of getting it all finished properly. I was shuttled around from one person to another & spent 45 minutes in the office. You would think that when I asked the young man, who finally advised

me on the completion of the papers what to do about my signature & name not being the same since my remarriage, that he would have known the proper procedure. But instead he said it made no difference.

Please, if there is anything more that is necessary to complete my claim, let me know.

Also please note the change in mailing address to 8000 Wesley Drive, Boise 83704.

DEAR PERMIT HOLDER:

ONE OF THE CONDITIONS OF APPROVAL OF YOUR WATER PERMIT NO. 65-7791 WAS THAT PROOF OF THE EXTENT OF YOUR BENEFICIAL USE MUST BE SUBMITTED TO THIS OFFICE ON OR BEFORE NOVEMBER 01, 1985. (SEE LAST PAGE OF YOUR APPROVED PERMIT OR YOUR LAST APPROVED EXTENSION REQUEST). ENCLOSED IS A FORM WHICH MAY BE USED TO SUBMIT THE REQUIRED PROOF.

IF YOU HAVE NOT FULLY COMPLETED YOUR PROJECT, AND YOU OR A PREVIOUS OWNER OF THIS PERMIT HAVE NOT RECEIVED A PRIOR EXTENSION OF TIME, YOU MAY REQUEST AN EXTENSION OF TIME IF THE DELAY IS FOR REASONABLE CAUSE AS PROVIDED IN SECTION 42-204, IDAHO CODE. IF YOU HAVE BEEN PREVENTED FROM PROCEEDING BY A GOVERNMENTAL AGENCY OR BY LITIGATION, MORE THAN ONE EXTENSION OF TIME CAN BE GRANTED. AN EXTENSION OF TIME REQUEST FORM IS ENCLOSED FOR YOUR CONVENIENCE.

EITHER THE BENEFICIAL USE FORM OR A REQUEST FOR AN EXTENSION OF TIME MUST BE RECEIVED BY THIS DEPARTMENT ON OR BEFORE THE ABOVE DESCRIBED PROOF DUE DATE. IF NEITHER IS RECEIVED, THE DEPARTMENT WILL SEND YOU A LAPSE NOTICE. WITHIN SIXTY (60) DAYS OF THE MAILING OF THE LAPSE NOTICE, THE PERMIT WILL NO LONGER BE OF ANY FORCE NOR EFFECT.

RE: Pre-permit Exam

On December 20, 1976, I reviewed these springs and found the springs are in areas that will be dug out and the water collected in a pond and used from these.

These areas are on Fackrell's land and crosses under the county road into a swampy area between the road and the railroad.

I can't see how the use of this water by the Fackrells will interfere with any other water rights.
