Dear Mr. Czech,

On December 10, 1980, the Department received your request for an extension of time. In reviewing your reasons for additional time we find that more information is needed.

Section 42-204, Idaho Code, allows a water permit owner to file for an extension if he "... is prevented from proceeding with his work by his failure to obtain necessary consent or final approval or rejection from the Federal Government because of the pendency of an application for right of way or other matters within the jurisdiction of the United States or by litigation of any nature which might bring his title to said water in question..."

If you have been delayed by reasons that are covered in the above description or if you have information that would show that you have been proceeding diligently with the development of this permit, please provide us with it.

Unfortunately financial limitations are normally not considered sufficient reason for non-development if no expenses have been made on development prior to the request for an extension.

However, if you have made expenditures toward development please describe the nature of these expenditures as fully as possible.

Since proof to beneficial use on your permit was due December 1, 1980, your prompt attention to this matter is necessary so that action can be taken.

If we have not heard from you by January 9, 1981, the Department will have to initiate action to lapse your permit pursuant to Section 42-218, Idaho Code.

Also please note that a \$15.00 filing fee is required for an extension of request.

Dear Mr. and Mrs. Czech:

Re: Permit Nos. 65-7592 and 65-7593

One of the conditions of approval of your water permits Nos. 65-7592 and 65-7593 was that evidence of the extent of development must be submitted to this office on or before December 1, 1980. (See last page of your approved permit). Enclosed is a postcard which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted. A request for extension of time form is enclosed for your convenience. Please note that a fee of \$15.00 must be submitted with this form.

Either the beneficial use postcard or a request for an extension of time must be received by this department on or before the above-mentioned date, otherwise, the permit will lapse and be of no further force or effect within sixty days.
