WATER RIGHT LICENSE

License of Water Right No. 65-7561 Priority July 8, 1975 Amount 0.06 cfs

THIS IS TO CERTIFY, that Clifford &/or Celeste Rosanbalm
of Emmett, Idaho, has complied with the terms and conditions of Permit
No 65-7561 issued pursuant to Application for Permit dated July 8, 1975,
and has submitted proof to the Department of Water Resources on July 10, 1981,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.06 cfs of water from Dustman Creek,
tributary to Eightmile Creek, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>April 1</u> to <u>November 1</u>	at <u>0.06</u> cfs and	<u>8.1</u> acre feet
_____	from _____ to _____	at _____ cfs and	_____
_____	from _____ to _____	at _____ cfs and	_____

(both dates inclusive)

Subject, however, to the condition that no more than 0.06 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
8.1 acre feet per year, said waters to be diverted within the SE 1/4 Section 8,
Twp 9N, Rge 9E in the County of Boise

Description and location of place of use:

CONDITIONS OF APPROVAL

a. Modifications to or variance from this license must be made within the limits of Section 42-222, **Idaho Code**, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

b. The right to the use of the water hereby confirmed is restricted and appurtenant to lands or place of use herein described, and is subject to all prior water rights, as provided by the laws of Idaho.

c. Any water right confirmed in this license for hydropower purposes shall be junior and subordinate to all rights to the use of water, other than hydropower, within the State of Idaho that are initiated later in time than the priority of this license and shall not give rise to any right or claim against any future rights to the use of water other than hydropower, within the State of Idaho initiated later in time than the priority of this license.

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

NOT FILMED

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Rita Fleck, Sr. Secretary
Dept. of Water Resources

Boise, Idaho 83702

Dear Ms. Fleck:

In response to your letter of July 31, 1980, I am asking for an extension of time until October 1, 1981.

I have had every intention of having the job completed by the due date but have been interrupted due to the following conditions:

- a. I have been physically impaired due to a hiatus hernia for many years. App. 3 to 4 months ago, I had internal bleeding and pain and this was diagnosed as ulcers in my throat. My doctor with this was Dr. Brent Archibald, in the Annex next to St. Alphonsus Hospital. This took app. 2 months to heal the ulcer.
- b. I continued to have problems, either side effects from the medicine or whatever, and Dr. Archibald strongly recommended that I have the hiatus surgery. I received a second opinion after the examination by Dr. Walter Hair at St. Luke's Hospital.

I was operated on at St. Alphonsus Hospital August 6, by Dr. Robt. Morrell and was released on August 12, 1980. It was strongly recommended to me to do no work for a period of 6 to 8 weeks. This, of course, puts me to the deadline of October 1, 1980 when the water permit expires.

My intention has been to complete this job as soon as possible and I thought I could squeeze it in before surgery. I bought 3600 hundred feet of pipe (3200' P.V.C. and 400' of 1" P.V.C.) of which I am furnishing you the copy. This was bought on July 30, 1980 at Pay & Pack, Boise, Idaho.

I will be 66 years old on the 19th of this month and I will appreciate this extension, although I am certain I will get a great deal done this year, if not all. I know I can't make the deadline this year and will not feel so much under pressure unless I get an extension as requested. There is considerable tractor work involved, but I have postponed all due to surgery.

Thank you very much.

Respectfully,

Clifford Rosanbalm

Dear Mr. and Mrs. Rosanbalm:

Re: Permit No. 65-7561

One of the conditions of approval of your water Permit No. 65-7561 was that evidence of the extent of development must be submitted to this office on or before October 1, 1980. (See last page of your approved permit). Enclosed is a postcard which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted. A request for extension of time form is enclosed for your convenience. Please note that a fee of \$15.00 must be submitted with this form.

Either the beneficial use postcard or a request for an extension of time must be received by this department on or before the above-mentioned date, otherwise, the permit will lapse and be of no further force or effect within sixty days.

Sincerely,

RITA FLECK
Sr. Secretary

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear in the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."
