Re: Permit Nos. 65-7244 and 65-7440

Enclosed is your check #1821 (92-134) in the amount of \$10.00 and the pink copy of the Claim to a Water Right for No. 65-7244.

Also enclosed are the proof of beneficial use forms which are partially completed for your convenience. Please review them, sign them before a notary public and return them to this office as soon as possible since the permits lapsed on January 1, 1979 and you will loose a day of priority for each day the proofs are late.

If you have any questions concerning the proofs, please contact me.

Sincerely,

I am somewhat confused as to your recent procedure for a continued claim for a water right.

Presently all I wish for my property at Smiths Ferry is for domestic use of drinking water and sprinkling system for yard & shrubs. Enclosed is last years claim for a water right & I wish to continue accordingly. If any additional info is needed feel free to inquire.

Dear Mr. Eisenbarth:

One of the conditions of approval of your water Permit No. 65-7440 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before January 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.
