McCall, ID 83638

Dear Mr. Peterson:

This is in reference to your letter dated September 28, 1977.

The forms which were mailed to you on June 30, 1977, were for making proof of beneficial use for the above referenced permits. This was a condition of approval of your permits when they were approved on September 18 and 19, 1972. Enclosed are copies of these permits. (See last page of Permit No. 65-7290 Item #1b and Memorandum Decision and Order for Permit No. 65-7257 for these conditions). In order for the field exam to be made and a license issued, based on the findings of the field examiner, these proof affidavits must be submitted. We are again enclosing these forms with instructions. Please complete and return these by November 8, 1977, in order to avoid the lapsing of the permits.

If you have any questions, or need any assistance, please contact us.

Sincerely,

Jan Grover
Water Rights Supervisor

Gentlemen:

I sent you a letter dated September 6, 1977 stating that the two permits No. # 65-7257 and 65-7290 has already been filed and notarized in 1976.

I therefore don't think it necessary to fill out those forms again. Please reply concerning this matter and getting this matter worked out. Thank you.

Dear Mr. Peterson:

One of the conditions of approval of your water Permit No. 65-7257,
65-7290 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before September 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
