Dear Mr. House:

The proof of beneficial use is due on October 1, 1976. This permit was issued for 0.10 cfs for five families or five domestic dwellings in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 11 T11N-R3E B.M., Valley County and an in-line measuring device is required as a condition of the permit.

If you are now owner of the entire tract and entitled to the whole water right, you should have Mr. Pace assign all his right, title and interest to you; if not, describe what portion would now be yours, or if you choose you may refile.

If the system will not have five families and will not be completed by October 1, 1976, I suggest you request the measuring device requirement be lifted.

If I can be of further assistance, please contact this office.

Dear Mr. House:

One of the conditions of approval of your water Permit No. 65-7231 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. & Mrs. Pace:

One of the conditions of approval of your water Permit No. 65-7231 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
