IN THE MATTER OF PERMIT NO. 65-7209)
IN THE NAME OF SIMPCO) ORDER OF REINSTATEMENT
_____)

WHEREAS, on June 16, 1971, Elmer C. Brown filed with the Department of Water Resources an application for permit to appropriate 100 acre feet per annum of water from Laffinwell Creek tributary of Gold Fork River, to be diverted within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 17, Twp. 16N, Rge. 4E B.M., Valley County, to be used for storage for irrigation and irrigation purposes; and,

WHEREAS, on August 18, 1971, the Department approved said application and issued Permit No. 65-7209 with the condition that proof of construction of works and and application of water to beneficial use be submitted to the Department on or before August 1, 1976; and,

WHEREAS, on July 1, 1976, the permit holder submitted a request and was granted an extension of time to August 1, 1979; and,

WHEREAS, on May 31, 1979, the Department notified the permit holder by certified mail that proof of beneficial use was due and instructed the permit holder as to the steps to be taken to make said proof; and,

WHEREAS, on August 16, 1979, the Department notified the permit holder that Permit No. 65-7209 had lapsed for failure to submit proof of beneficial use of water; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit maybe reinstated upon a showing of reasonable cause within sixty days from the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing as to why said permit should be reinstated by submitting proof of beneficial use on September 28, 1979;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 65-7209 be REINSTATED and the priority date advanced to August 13, 1971.

Re: Permits 65-7209, 12256, 12257; 78-7173, 7177, 7238, 7262

Dear Mr. Simonson:

After meeting with you in early October, gathering field data, and reviewing the above water right files, I realize that additional steps are needed. The storage rights for Brown Reservoir on Laffinwell Creek east of Donnelly are 65-7209 and 12257. The maximum reservoir size is 99 acre-feet as measured by the recent dam safety field inspection. A license may be issued for this amount under permit 65-7209, which holds a priority date of 6/16/71. The other permit provides 70 acre-feet and has a priority of 7/16/79. Because we cannot license something without an additional beneficial use occurring, permit 65-12257 serves no purpose and is recommended for relinquishment. This leaves you with one water right for the maximum reservoir volume with an earlier priority date. The storage uses would remain fully protected.

Another storage permit is 65-12256 for 170 acre-feet downstream in section 20. No development occurred under this right and, under water right statutes, the permit has reached a dead end and is no longer valid. 65-12256 and 12257 will be cancelled. Under such circumstances, permit owners are asked to relinquish the rights to provide more efficient action. Please complete and return the enclosed Relinquishment form.

The remaining business concerns four permits for Kimberland Meadows (78-7173, 7177, 7238, 7262). I conducted licensing field exams on the first three permits and learned that Simpco Lands sold its Kimberland Meadows interests to BA Properties I, Inc.. Permits are personal property to be transferred to new property owners before water right licenses may be issued. Please complete the attached Assignment of Permit form and note that it must be notarized. Return this and the above discussed Relinquishment form to this office.

Please respond within 30 days to insure prompt action and to minimize any problems associated with the seven permits. I will be glad to help in any way.

Sincerely,

Steve Lester

CERTIFIED MAIL

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the department, but you must within sixty (60) days of the date of this letter return to the department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the department to conduct the field examination, but you can change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing

MAILED
MAR 19 1986

of certified water right examiners will be available from this department when examiners have been certified.

If your permitted use, in fact, has already been examined by the department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD, THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION, WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following department offices.

Gentlemen:

Re: Permit No. 65-7809

This office acknowledges receipt of the assignment conveying the above-referenced permit to you. The assignment has been recorded in the Department's records.

Please be advised that this office has received the statement of beneficial use submitted by Elmer Brown. It has been accepted, however, there is a reduction in the priority date since the proof was late (see reinstatement order).

Before a license can be issued, a field examination must be made by a representative of this Department. Our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our regional office in Boise, Idaho (384-2190).

Dear Mr. and Mrs. Brown:

One of the conditions of approval of your water Permit No. 65-7209 was that evidence of the extent of development must be submitted to this office on or before August 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

Dear Mr. and Mrs. Brown:

One of the conditions of approval of your water Permit No. 65-7209 was that evidence of the extent of development must be submitted to this office on or before August 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Sincerely,

RITA FLECK
Sr. Secretary

Dear Mr. & Mrs. Brown:

One of the conditions of approval of your water Permit No. 65-7209 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before AUGUST 1, 1976. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. & Mrs. Brown:

Enclosed is a copy of your approved Application for Permit No. 65-7209. We direct your attention to the conditions of approval as listed on the fourth page.

Be sure to note that a special condition requiring you to install and maintain a measuring device at your point of diversion has been placed upon your permit. We are enclosing a letter describing different types of measuring devices accepted by this office.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)

Very truly yours,

Donald W. McEldowney
Appropriation Supervisor
