Gentlemen:

One of the conditions of approval of your water Permit No. 65-7179 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1972. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sir:

Regarding our application for permit #65 7179 for property owned by Clarence Beckman - this land has been irrigated for a number of years by previous owners and has a history of irrigation. Prior to this time water was pumped from a drain ditch to provide irrigation water. Mr. Beckman wishes to pump from our ditch as it is more centrally located through his property and would simplify his farming considerably. A requirement on this permit was that a measuring device be installed at the point of diversion by our company. We feel that, at the present time, it would be a great hindrance to our company to have to expend this large amount of money for this measuring device. However, we do understand that at the time the decree is made on the Payette River a measuring device at the point of diversion may be required. Therefore, we ask that this requirement be removed from said permit.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for our review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates, please contact us immediately.

An affidavit of publication must be submitted to the Department along with the publication bill. In order to receive payment, the following certification must appear on the bill:

"I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of the same has been paid."

(signature of claimant)
