CERTIFIED MAIL

Re: Permit No.: 65-7152 & 65-7153

Dear Mr. Higginson:

In answer to your letter of August 1, 1975, in which you stated that if the projects that we obtained the water permits for, were not completed, we would have to receive an extension of time. You also stated, if we have been prevented from proceeding by a government agency, more time may be granted. Such has been the case, as on March 4, 1971, we were zoned "nonconforming" by the Valley County Commissioners. On April 6, 1972, those orders from our county were printed in the Idaho Statesman, page 1, sec. D, when our County Prosecuting Attorney stated he would "move for a restraining order against any major new nonconforming use in this county while the appeal is pending". This of course singled us out. We were informed we could not proceed until such time the decision was made in the Supreme Court as to the validity of the law passed. So until April 4, 1973, we were not allowed to complete our projects. Therefore we request an extension of time to complete this project, due to the delay of two years. Also due to the recent landscaping, we will need the necessary time to put back in the irrigation into this new area.

We have also been informed by an official within your office, that water being used for domestic and irrigation, back to the time when such land was obtained from the U.S. government, that this land is exempt from such permits and the owner entitled to permanent rights. Please notify me as to what necessary information you need concerning this.

Awaiting your reply.

Sincerely,

Re: Permit No. 65-7152 and 65-7153

Dear Mr. & Mrs. Coash:

One of the conditions of approval of your water Permit No. 65-7152 & 65-7153 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1975. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.
