Re: Application for Permit

Mr. Edward C. Freeburg
Route 1
McCall, Idaho 83638

Dear Mr. Freeburg:

We are in receipt of your application to appropriate the public waters of the State of Idaho and check in the amount of \$10.00.

Before the Department can continue to process your application, we need to know your intended rate of diversion for irrigation. The maximum allowable under Idaho Statutes is one inch per irrigatable acre. This would enable you to apply for a maximum of .80 cubic foot per second.

The Department is therefore, returning to you the application and check. Please be advised that the correct filing fee for 75 acre feet per annum or .80 cubic foot per second is \$20.00. Please resubmit the application with the correct filing fee after you have indicated the rate of diversion.

Contact us if we may be of further assistance.

Very truly yours,

Dorian T. Clay
Appropriation Examiner
