IN THE NAME OF ANNA GASS CANADAY

ORDER

WHEREAS, on September 3, 1969, Anna Gass Canaday applied to the Department of Water Resources for a permit to appropriate 3.90 cubic feet per second of water from the South Fork of the Payette River to be diverted within Lots 1, 2, 3 and 4, Sec. 35, Twp. 9N, Rge. 4E B.M., Boise County to be used for irrigation purposes; and,

WHEREAS, on October 20, 1969, the Department approved said application and issued Permit No. 65-7097 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before October 1, 1974; and,

WHEREAS, on September 30, 1974, the date for proof of construction of works and application of water to beneficial use to be submitted to the Department was extended to October 1, 1979; and,

WHEREAS, on August 8, 1979, the Department received a request to remove the measuring device requirement from said permit; and,

WHEREAS, the Department has determined that a measuring device is not required for a determination of the quantity of water appropriated under said permit; and,

WHEREAS, there is not sufficient flow during certain periods of some years to satisfy all prior rights in the Payette River; and,

WHEREAS, the watermaster will need to regulate the diversion from the South Fork of the Payette River under said permit;

IT IS, THEREFORE, HEREBY ORDERED that the condition of approval that a measuring device of a type approved by the department be permanently installed and maintained as part of the diverting works, be and is modified to a requirement that a lockable power control box be installed whereby the watermaster can control the power supply to the pump used to divert water for Permit No. 65-7097.

WHEREAS, the above numbered permit was approved with the condition that a measuring device of a type approved by the Department be permanently installed and maintained as part of the diverting works; and,

WHEREAS, on July 1, 1978, the Department adopted a new water measurement condition which states: "An access port or other device as specified by the Department shall be installed by the permit holder to provide for the installation of measuring equipment and the determination of the rate of diversion by the Department"; and,

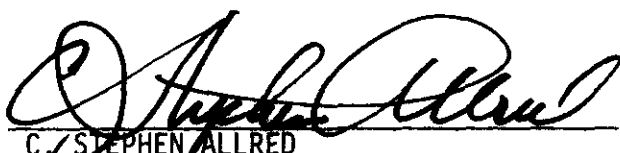

WHEREAS, the former condition required the permit holder to purchase and install a measuring device or hire a professional engineer to certify the rate of diversion; and,

WHEREAS, the measuring device condition effective July 1, 1978, requires less capital expenditure by the permit holder; and,

WHEREAS, to be equitable to holders of permits issued prior to July 1, 1978, the new condition should be retroactive;

NOW THEREFORE, it is hereby ordered that the condition of approval of this permit related to water measurement is hereby changed as follows: "The permit holder shall either install a measuring device or provide a certified measurement by a professional engineer or install an access port or other device as specified by the Department".

This office acknowledges receipt of the postcard submitted as a statement of beneficial use and also your request to modify the measuring device requirement on the above referenced permit.

Enclosed is an order which modifies your measuring device requirement to a requirement that a lockable power control box be installed whereby the watermaster can regulate your diversion in times of water storages. Please insure that this modification is made to your system by September 30, 1979, to enable our field examiner to inspect your system soon.

Thank you for your nice explanatory letter.

Dear Sirs: -

Under permit # 65-7097, I applied for ~~an~~ irrigation on 195 acres. I have had one extension of time which is due to expire Oct 1, 1979. Due to ill health and financial reasons I cannot complete the entire system. However, I do have a pump and lines to irrigate my lawn and small garden.

I called your office concerning this and was told to include a letter of explanation along with the card attesting to the completion of this part of the permit.

In as much as this is just for my yard lawn and garden and not for the irrigation of 195 acres, I am asking that I be exempt from the installing of a permanent measuring device. I was told that you might be agreeable to this request.

Also I explained that I would not be here the week of 12th to 18th of August but after that I will be available should you want to contact me or send a man to inspect the system.

Dear Ms. Canaday:

One of the conditions of approval of your water Permit No. 65-7097 was that evidence of the extent of development must be submitted to this office on or before October 1, 1979. (See last page of your approved permit). Enclosed is a post card which may be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use post card or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect within 60 days.

Re: Permit No. 65-7097

Anna Gass Canaday
Star Route
Garden Valley, ID 83622

Dear Ms. Canaday:

One of the conditions of approval of your water Permit No. 65-7097 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before October 1, 1974. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Gentlemen:

Would you please submit an affidavit of publication and a certified bill in connection with the above referenced. The legal notice was to be published in your paper on **September 18 and 25, 1969.**

As the above permit application cannot be approved until we are in receipt of the affidavit, it is important that we receive it as soon as possible.

Your prompt attention to this matter is appreciated.

Very truly yours,

Donald W. McEldowney
Appropriation Examiner

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted assuming the notice is correct. If we have any corrections, we will notify you before the first publication date. If you cannot publish the notice on the proposed dates please contact us immediately.

An affidavit of publication must be submitted to the Department of Reclamation, along with the publication bill. In order to receive payment, the following certification must appear on the bill:

I hereby certify that the foregoing account is just and correct, that the amount claimed is legally due, after allowing all just credits, and that no part of same has been paid.
