RE: Change of Ownership for Water Right 65-3905

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records to reflect the change in ownership and has enclosed a computer-generated report for your records

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jeff Peppersack, Manager
Water Right Permits Section

RE: Change of Ownership of Water Rights

Gentlemen:

Enclosed please find two Notices of Change in Water Right Ownership forms with attached copies of deeds and a map prepared to illustrate the ownership of these water rights.

Water right 65-13267 is split in ownership between Robertson Kennels, Inc. and ~~Robert~~ *Richard* A. and Johnnie L. Robertson. The Bureau of Land Management is the owner of Lot 1 (NWNW), Section 7, T9N, R2W, where 8 acres of water right 65-13267 are used for irrigation purposes. Mr. Robertson is in the process of acquiring this parcel of land but no change in ownership for 8 acres of 65-13267 will be proposed until the change in ownership of the underlying parcel has been completed. The remaining 52 acres of the water right are split with 13 acres going to Robertson Kennels, Inc. and 39 acres going to Richard A. and Johnnie L. Robertson. The split takes place on 40 acre boundaries and is illustrated on the attached map showing both the water right number and the number of irrigated acres in each tract. The map also shows for each tract the recording number of the deed which transferred ownership of that tract to either Robertson Kennels, Inc., recording number 271966, or Richard A. and Johnnie L. Robertson, recording number 271968.

The only parcel of land being conveyed that did not include an entire 40 acre tract or government lot is within the NE1/4 SW1/4, Section 12, T9N, R3W, B.M. The deed conveys land east of the county road that is visible on the attached map. Water right 65-8991 shows 4 acres of irrigation in that tract with a source of Indian Creek. I have verified, using adjudication imagery from your website, all of the irrigation in that tract, and in section 12, is east of the county road. Repeated attempts to print a map to include with this change of ownership, however, failed. Viewing the photography left no doubt the 4 acres of irrigation under 65-8991 in the NE1/4 SW1/4, Section 12, T9N,

AUG 15 2002

Consultants in
Natural Resources
and the Environment

R3W, B.M. is east of the county road on land conveyed to Richard A. and Johnnie L. Robertson in the attached deed.

Water right number 65-13267 is being treated for change of ownership purposes as a license since proof of beneficial use was submitted prior to the transaction of the property. Enclosed is a check in the amount of \$225 to cover two splits of water right 65-13267 and \$25 for the change in ownership of water right 65-3905. The remaining rights have been claimed in the SRBA.

If you have any questions or need additional information please contact me at the number above.

Yours truly,

David B. Shaw
