Subject: RE Water Right transfer

Good Morning, Alex

I've gotten back into the file for the original ownership change on WR 65-3194B which was split into 2 new WR #'s (65-22856 and 65-22857) The 2-20-03 letter you referred to is in the file and I noted that 2 other WR #'s are referenced They are 65-3201B and 65-3184G

Both of these water rights have been decreed by the SRBA court on March 7, 2003

Water right ~~65-3184G~~ was decreed in the name of Kasey J Lindsay and is for the following land description T 17N, R 3E, S 10, NESE (2 acres) and SESE (20 acres)

Water right 65-3201B was decreed in the name of Richard A Paulson and is for the following land description T 17N, R 3E, S 15, NESE (20 acres) and NWSE (20 acres)

The letter of 2-20-03 from our Western Region office states "The property description on the warranty deed submitted does not match the property descriptions for these particular water rights "

At this time, we do not have any proof of ownership in our files indicating your ownership of the lands described above. If such documentation is available, please provide copies to our office and we will be more than happy to process additional ownership changes on these water rights

I hope this information will be useful to you in determining whether or not a successful conclusion to your request has been reached Please call or e-mail me if you have any questions regarding this information

Subject: Water Right transfer

Importance: High

Hi Kari,

I just received our change of ownership paperwork for Water Right 65-22857 (split from 65-3194B). This was the second of two ownership changes that had been under review, and although I am very happy to have this one resolved, I must remind your office that I am still waiting for the final decree for the one that was approved back in February, 2003

In a letter dated 2/20/03, from the adjudication section, Western region, a change for 12 42 acres was given approval by the State of Idaho The letter asked for a signature on the enclosed form 42-248/42-1409 (Notice of Change in Water Right Ownership), which I then promptly returned to your office. This change was completed and approved long ago, but we have not received the transfer claim report Because of the delays in processing the second water right change referenced above, I was under the impression that both claims would be sent together

Now, I am in the position of asking again for the DWR to complete a task begun and approved a year ago, and resubmitted in July, 2003. All necessary information was submitted (twice) and there should be no further delay in completing the transfer of 65-3194B, 12 42 acres @ 252 cts as submitted and approved in February, 2003 Please let me know that this is being mailed immediately. While I realize that your office is swamped, we both agree that this has taken far too long to resolve

RE: Notice of Change of Water Right Ownership Claim No. 65-3201B, 65-3194B &
65-3184G

Dear Property Owner(s):

A
This office has reviewed the Notice of Change of Water Right Ownership you have submitted (copy enclosed), however, we are unable to complete this ownership change for 65-3201B and 65-3184G at this time. The property description on the warranty deed submitted does not match the property descriptions for these particular water rights.

If you have additional information for the property transfer for these particular water rights, such as a warranty deed or tax notice in your name(s), which includes the description of the property by 1/4 1/4, Section, Township and Range covered on these rights, please submit it to us and we may be able to complete the ownership change.

Also, in order to complete the process, please sign the ownership change form and return it to us at your earliest convenience. Upon receipt of the signed form, we will make the necessary changes on water right 65-3194B, as the information submitted is sufficient to make this change.

Thank you for your patience and cooperation, as we have had several water right changes to process. Please feel free to contact this office if you have any questions concerning this letter.

Sincerely,

Adjudication Section
Western Region
