TO: File 65-02894
FROM: Sharla
DATE: October 19, 1992
RE: Transfer Review (No. 4008)

The above referenced transfer application proposes to add a point of diversion (well) under this right.

Advertising was completed correctly. Because this transfer is a point of diversion additional only, the standard condition regarding one year completion will not be imposed. No indication is made as to whether or not the well has been drilled, therefore, the standard condition regarding drilling permit requirements will be added.

The transfer can be approved with the following conditions:

- T09 Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
- 046 Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code.
- T08 Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
- R32 This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre for the lands above.

Re: Permit No. G-33562

Gentlemen:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
