CONDITIONS OF APPROVAL AND REMARKS

1. After specific notification by the department, the right holder shall install a suitable measuring device or shall enter into an agreement with the department to determine the amount of water diverted from power records and shall annually report the information to the department.
2. Approval of this transfer in no way grants any right-of-way or easement for use of a delivery system owned by person(s) other than the right owner.
3. The change authorized by this transfer shall be accomplished within one (1) year of the date of this approval.
4. Failure to comply with the conditions of this transfer is cause for the director to issue an order to show cause why the approval of the transfer should not be rescinded.
5. Approval of this transfer does not preclude the opportunity for review of the validity of the water right(s) in the ongoing Snake River Basin Adjudication.
6. Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.
- ** 7. The total instantaneous diversion of water from all points of diversion under Transfer No. 4784 shall not exceed 0.56 cfs, nor total combined annual volume of 77.4 af.
- * 8. Right Nos. 65-02594 and 65-02683 when combined shall not exceed a total combined annual volume of 63.5 af, and when combined with Right No. 65-00545 shall not exceed a total combined annual volume of 77.4 af.
9. Place of use is within Pilgrim Cove Subdivision.
10. Two points of diversion are located within Lot 4 (SENE), S03, T18N, R03E.

MEMORANDUM

TO: FILE NOS. 65-00545, 65-02594 & 65-02683

FROM: PAM SKAGGS²⁸/STATE OFFICE

SUBJECT: TRANSFER NO. 4784

DATE: May 28, 1996

=====

Transfer No. 4784 was filed to more accurately describe the current, existing system used to provide domestic water to Pilgrim Cove Subdivision. The transfer reflects the change and addition of new wells that has occurred and more accurately describes the location of all homes under the system. No new development or change will result from this transfer.

This subdivision is mostly developed on leased land owned by the State of Idaho who over time releases portions to private ownership. The transfer reflects this combined ownership by including both the Association and the Dept. of Lands as current owners.

Right Nos. 65-02594 and 65-02683 have a total combined diversion volume limit of 63.5 afa, which in turn limits the maximum combined diversion volume under this transfer to 77.4 afa. Recommended conditions include combined right limits, multiple points of diversion/measuring devices, future annual reporting, right-of-way and standard transfer conditions.

MEMORANDUM

February 27, 1996

TO: Transfer 4784
FROM: Cindy Hodges *cjh*
RE: Land Ownership and Applicant Name

The Pilgrim Cove water system was developed on lands owned by the State of Idaho and leased to residents of vacation cottages within Pilgrim Cove Sub. The physical system equipment (wells, pumps, lines) are owned by the Pilgrim Cove Association members. The system is operated collaboratively by IDL Payette Lakes office and the Association. On two occasions over the years, IDL has sold and deeded small groups of lots to individuals within the subdivision, resulting in a place of use under the system which is now a collage of state and privately owned land.

Over an unspecified period of time, IDL plans to sell the remaining lots within Pilgrim Cove into private ownership. Ownership of the well lot(s) will remain with the State until the last residential lot is sold, at which time the well lot(s) will be deeded to the Association and operation of the system will be turned over to the users.

IDL presently requires any individually acquired water right¹ on state-owned land to show State of Idaho as owner or part-owner of the right. Because of the shared interest in the Pilgrim Cove community system and to remain consistent with this policy, the applicant name on transfer 4784 has been modified accordingly. When ownership and operation becomes the sole responsibility of Pilgrim Cove Association, a name and address change notification will have to be filed.

At this time, contact for both IDL and Pilgrim Cove with respect to this transfer is Tim Duffner, IDL Payette Lakes Area Office, 555 Deinhard Ln, McCall, 83638, 634-7125.

¹ For example, a private well for domestic and/or irrigation use. 65-07634 and 65-09853 represent such uses within Pilgrim Cove and each shows both State of Idaho and Lessee as current owner.

RE: Application for Transfer, Claims to Water Rights

Dear Tim:

As we discussed, enclosed is the amended application for transfer for the community water system at Pilgrim Cove. I have added a third right, 65-00545, which also appears to be used in the community system. The amended transfer application now proposes to modify all three rights by changing the authorized points of diversion to the two currently active wells, and by correcting the legal description of the place(s) of use. **Please initial the amended areas and return the original application form with the \$100.00 transfer fee.**

Also enclosed are prepared SRBA claims for decreed right nos. 65-00545 and 65-02683. These are non-deferrable rights which are required to be claimed in the SRBA. IDWR has no claims of record which reference either of these numbers. You might want to check your records to verify that a claim was not filed. Claims must be submitted before the above application for transfer may be processed.

If claims for 65-00545 and 65-02683 have not been filed, **a late fee of \$50.00 will now apply to each claim.** Late fees must be received with the claims in order for them to be accepted. You may, however, complete and return the enclosed "Request for Extension of Time to File" along with the claims and fees. If approved, your late fees will be returned.

Please return the above materials to my attention at the above address. If you have additional questions, please don't hesitate to call.

Sincerely,

Cindy Hodges

Dear Cindy:

Enclosed is a completed Application For Transfer Of Water Right form. This was provided to us by Cindy Zimmerman with your name and address as contact.

Our situation is that apparently no water rights have been filed on well #1 (new well). However Cindy indicated that we could transfer the right established on the abandoned dry well over to this well. The system is a small public system, providing domestic water for approximately 74 hookups through 68 physical connections in a state owned subdivision.

Although a transfer fee was mentioned no amount was given to us. If one is required please provide us with the amount. If you have any questions about the system or this application please contact Tim Duffner of this office.

Thank you for your assistance on this matter.

Sincerely,

WILLIAM J. PETZAK
