RE: Recommendation Adjustment(s)

=====

The final licensing recommendations for Right 43-07290 are based on the information below:

G. VOLUME CALCULATIONS

- 1) The stockwater volume recommendation has been adjusted based on the following:
 - a) The permit limit for cattle is 230;
 - b) The permitted stockwater seasons of use. Extending the seasons constitutes an expansion of the water right;
 - c) The addition of 1000 sheep would also be an expansion of the water right.

Annual volume: 230 cattle x .0134 = 3.1 af

1st Season of Use: 78/365 days x 3.1 af = .7 af

2nd Season of Use: 46/365 days x 3.1 af = .4 af

- 2) The storage capacity of the pond is .05 or .1 af, not .50 af.

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use	Rate of Div	Annual Vol
Stockwater	03-27 to 06-12	.01	.7
Stockwater	10-15 to 11-30	.01	.4
Wildlife	01-01 to 12-31	.01	.9
Stock Storage	01-01 to 12-31		.1
Wildlife Stor	01-01 to 12-31		.1

Stockwater from storage and wildlife from storage uses are not being recommended. They are not only ~~diminuous~~ amounts, but also redundant.

RE: PERMIT NO. 43-07290

Dear Permit Holder:

You are hereby notified that under the provisions of Section 42-218A, Idaho Code, the above referenced permit has lapsed and is of no further force nor effect. The department provided the proper forms to you in our proof due notice dated November 30, 1993. No further construction or additional development is authorized under this permit unless it is reinstated.

The permit can only be reinstated if you submit an acceptable proof of beneficial use or an acceptable request for extension of time to the department within sixty (60) days of the mailing of this lapse notice. An acceptable proof of beneficial use submittal must include the examination fee or a completed field examination report. A request for extension of time must be accompanied by a fifteen dollar (\$15) fee.

Enclosed again for your use are a proof of beneficial use form and a request for extension of time form. Please note that only one extension of time can be granted unless the project has not been completed because of lack of a necessary approval by a government agency or by litigation which may bring title to the water in question.

RE: PERMIT NO. 43-07290

Dear Permit Holder:

One of the conditions of approval of the above referenced water permit was that proof of the extent of your beneficial use must be submitted to this office on or before February 1, 1994. (See last page of your approved permit or your last approved extension request.) Enclosed is a form which when accompanied by the license examination fee or a complete field examination report prepared by a certified water right examiner may be used to submit the required proof.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been prevented from proceeding by a governmental agency or by litigation which might bring title to the water in question, more than one extension of time can be granted. An extension of time request form is enclosed for your convenience.

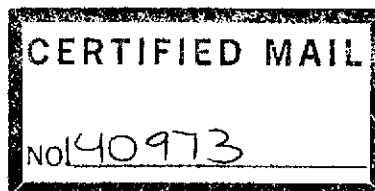

Either an acceptable proof of beneficial use submittal or an acceptable request for an extension of time must be received by this department on or before the above described proof due date. If neither is received, the department will send you a lapse notice. Within sixty (60) days of the mailing of the lapse notice, the permit will no longer be of any force nor effect.
