STANDARD FORM 5

AMENDED CLAIM

For Domestic & Stockwater Rights

This form is used to report the stipulated elements of one "domestic and/or stockwater" right acquired under state law and/or one federal reserved water right and to amend the Notice of Claim. Submission of this form will not automatically result in the issuance of a partial decree. The Presiding Judge or Special Master will conduct any hearing necessary to determine whether the facts, data, expert opinions and law support the issuance of a partial decree for the water right.

The parties agree that the Snake River Basin Adjudication Court has jurisdiction of the parties and subject matter to enter a partial decree for this water right; that they have been served with sufficient process, according to the law; and that they have appeared, prosecuted, and defended their positions with regard to this water right dispute.

The parties and IDWR agree and stipulate that the elements of this water right should be described per the attached Amended Claim. This claim is being recommended as right 43-11195 to distinguish it from the original number claimed, which represents a water right permit also held by the United States Forest Service. The parties and IDWR have further indicated their concurrence by initialing each of the attached pages.

Memorandum

To: Files 43-07186, 43-07187 & 43-07188

From: Kay Walker

Date: 12/16/99

Re: Status

.....

I contacted Doug Jones about these files yesterday and he recommended I call Steve Spencer (387-0835) with the USFS SRBA Bat team to find out if the USFS would be willing to relinquish the permits since covered under b/u claims now. I left a message on Steve's phone to call me when he had time to discuss these files.

Steve came into our office this morning and we discussed the permits vs. the adjudication decrees/recommendations. The USFS has claimed use under these permits back to 1880 with a stage of beneficial use.

43-07186 – same project ID number as Decreed Rt. 43-11192

43-07187 – same project ID number as recommended Rt. 43-11195

43-07188 – same project ID number as Decreed Rt. 43-11193

Mr. Spencer stated that the "cowboys" in B43 have filed suit to have the SRBA Court revisit the decreed stockwater rights on their allotments. He is unwilling to relinquish the permits until the court has made a ruling in regard to that lawsuit.
