RECEIVED

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

JUN 13 1983

CLAIM TO A WATER RIGHT

Department of Water Resources
Southern District Office

Under the provisions of Section 42-243, Idaho Code, any person using or claiming rights to the public waters of Idaho established by diversion and application to a beneficial use must file a claim with the Department of Water Resources on or before June 30, 1983. Exempted from this filing are single family domestic uses as defined in Section 42-230(d), Idaho Code. Also exempted are rights represented by a permit, license, decree, adjudicated right, or a previously filed claim.

The filing of this claim does not confirm the water right claimed but failure to file may result in forfeiture of a water right.

Notice is hereby given that Ruel Barker (Name of Claimant)
1621 W. 950 N. Provo, Utah 84604 (Mailing Address) Telephone No. 801-375-7237
(Zip Code)

claims a right to the diversion and beneficial use of the surface or ground water. The extent and nature of said claim is as follows:

- (1) Date of priority: (When was the water first applied to a beneficial use) 1954

A claim is not acceptable on a ground water source with a priority later than March 25, 1963 or on a surface water source with a priority later than May 20, 1971. An exception is that a claim may be filed on single family domestic use from a ground water source.

- (2) Describe the source of water: (Name of stream, lake, spring, etc., or ground water)

Groundwater tributary to _____

- (3) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:

Quantity	(cfs, gpd, AFA)	Use	(Domestic, Irrigation, Stock, Etc.)	(Both dates inclusive)	
				(Mo., Day)	(Mo., Day)
Quantity <u>1.5 cfs</u>	Use <u>Irrigation</u>	Period of Use From <u>Apr. 1</u>	To <u>Oct. 31</u>		
Quantity _____	Use _____	Period of Use From _____	To _____		
Quantity _____	Use _____	Period of Use From _____	To _____		
Quantity _____	Use _____	Period of Use From _____	To _____		
Quantity _____	Use _____	Period of Use From _____	To _____		

- (4) 1.5 cfs TOTAL QUANTITY USED.
(cfs, gpd, AFA)

- (5) A) Point of diversion: (Location of point where water is diverted from its source)

SE 1/4 SW 1/4, Sec. 32 Twp. 13 S Rge. 2 SE B.M., County of Cassia

Additional points of diversion: _____

B) Describe means of diversion of water: (Pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.). Give sizes and capacities: be as specific as possible. Describe any changes in the system and give the date of the change. The well is 300ft. deep with casing graduating up from 16in to 8in and is pumped with a 30hp electric motor

* See diversion explanation below & on back of this sheet.

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

T	R	SEC.	NE%				NW%				SW%				SE%				TOTAL
			NE%	NW%	SW%	SE%	NE%	NW%	SW%	SE%	NE%	NW%	SW%	SE%	NE%	NW%	SW%	SE%	
135	25E	31				36									36			40	76
135	25E	32			38			40			38	40	40	35			35		153
																			229

No. of acres 229

- B) If water is used for other than irrigation, fully describe that use, being as specific as possible: _____

NOTE: Include here the type and number of stock watered: _____

- (7) If you are claiming water as a member of an organization, list name of organization: _____

* Water is diverted at the well site either easterly through an open ditch or westerly through an 8" underground pipeline. Some of the acreage listed in #6 is not directly accessible from the well. In such cases the water is measured either by the water master through a weir or by a mechanical (over)

device on the pipeline and is spilled into the Rice-Lessee Ditch from the pipeline approximately 500 ft. west of the well. through exchange the water is measured through other diversion point from appropriated water supplies on to the acreage to be irrigated.

Note: It is apparent that 1.5 cfs can not adequately irrigate 229 acres. the well was never intended as a total irrigation source but rather a source to supplement existing right when the water is short especially during the latter part of the irrigation season and during dry years.

(8) Remarks

This well was drilled to provide a supplemental water supply to the appropriated water assigned to the land and has been so used over the years.

Scale: 2 inches equal 1 mile.

Diversion points for Appropriated water

Re: Application for Permit No. 43-4167

Dear Mr. Barker:

We received a Claim to a Water Right from you on June 13, 1983 and a check for \$20.00.

Claims at that time were \$30.00 (since June 30, 1983 they are \$100.00). Due to an over-site we neglected to inform you of this matter.

If you will send a check for \$10.00 we will continue processing you claim as it is in form now to send to our Boise State Office.

If you have questions regarding this matter, please feel free to contact our office.

Very truly yours,

Mary A. Newby
Sec/Office Coord.

RE: Claim No. 43-4167

Dear Claimant:

The Department of Water Resources has completed the advertising of your claim to a water right, and no further action is authorized under Section 42-243 and 42-244, IDAHO CODE. Your claim will be retained in our files and will be available at any time for use by you or the court.

The filing and advertising of the claim does not confirm the water right claimed, but will serve to record and preserve the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included with the claim, you may have that information or evidence added at any time. Please refer to the claim identification number when corresponding with this office.

We are enclosing a copy of your claim for your records. If you have questions, or if this office may be of further assistance, please feel free to contact us.

Yours truly,

ALLEN D. MERRITT
Senior Water Resource Analyst
