Permit Map No. 19283

As Approved

MAY 7 1942

E. V. BERG

Commissioner of Reclamation

State of Idaho
License and Certificate of Water Right

Water License No. 19283
Water District No. _____

Amount 1.44 second feet
Priority May 31, 1942

THIS IS TO CERTIFY that **CHESTER BULLERS**
of **Oakley, Idaho**, made application for a permit to appropriate the
public waters of the State of Idaho, dated **April 10**, 19 **42**; that Permit No. **19283**
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2 second feet, was issued thereunder on **May 15**, 19 **45**, showing that said works
were completed on the **12th** day of **May**, 19 **45**; and that on the **28th**
day of **June**, 19 **44**,

CHESTER BULLERS

of **Oakley**, State of **Idaho**, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of **Granite Creek**
a tributary of **Cottonwood Creek**, for the purpose of irrigation
under Use Permit No. **19283** of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is
hereby confirmed by the **State Reclamation Engineer** Commissioner of Reclamation of Idaho and entered of record in Volume **7**
of Licenses, at page **4263** on the **28th** day of **February**, 19 **45**;

The right hereby confirmed dates from **May 31**, 19 **42**;

The Point of Diversion is located **1000 ft.** from Southwest corner **Sec. 36, T. 16 S., R. 22 E., B.M.**
in the **NE 1/4 SE 1/4 Sec. 36, Tp. 16 S., R. 22 E., B.M. Cassia County**

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid,
is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed **1.44**
cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

45-2193

Application No. 26761
Permit No. 19283
District No.

1. Name of Applicant: CHESTER BULLERS
Postoffice address: OAKLEY County: CASSIA State: IDAHO

- I. If applicant is a corporation, give:
- (a) Date and place of incorporation:
 - (b) Amount of capital stock:
 - (c) Amount paid in:
 - (d) Names and addresses of directors:

- II. The financial resources of the applicant are:
- (a) Cash on hand:
 - (b) Treasury stock:
 - (c) Bonds to be issued:
 - (d) Other resources:

2. Quantity of water claimed: 2. cubic feet per second.

3. Source of water supply: Granite Creek which is a tributary of Cottonwood Creek

4. Location of point of diversion: about 1000 feet distant from the SW corner of Section 36, T. 16 S, R. 22 E, B. M., and is the NE $\frac{1}{4}$ SW $\frac{1}{2}$ of Section 36, T. 16 S, R. 22 E, B. M., County of Cassia

5. Water is to be used for: Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.
- (b) Amount of power generated: H. P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 100.00

8. Kind of works: Ditch

9. Height of dam 3 feet; length of dam at top 9 feet; length of dam at bottom 8 feet; material used in dam: dirt

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 2 feet; width at water line 3 1/2 feet; depth of water 1 feet; dimensions of flume:

Diameter of pipe inches; length of conduit 4/5 miles.

Average grade per mile 50 feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is one additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

CHESTER BULLERS /s/
Applicant.

By _____ *Agent.*

Date of first receipt at Department of Reclamation: April 10, 1942, 9:00 A. M.

Returned to applicant for correction: April 14, 1942

Corrected application received: April 24, 1942

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is 19283
Recorded in Book 70 Page 19283 Approved May 7, 1942

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before July 6, 1942 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before Nov.7, 1942

The whole of said work to be completed on or before May 7, 1943

Beneficial use of water appropriated in accordance herewith, to be made on or before May 7, 1944

Witness my hand this 7th day of May, 1942

E. V. BERG

Re: Permit No. 19283

Mr. Chester Bullara
Oakley, Idaho

Dear Mr. Bullara :

We now have on file the report of our
Field Engineer on examination for bene-
ficial use under the above numbered permit.

This report shows that you are irrigating
72 acres of land in the S¹/₂SE¹/₄ Section 30
and the N¹/₂NE¹/₄ Section 31, Township 16 South,
Range 23 East, B.M.

Therefore, upon receipt of the statutory
fee of \$8.00- which is at the rate of \$2.00
for each 40-acre subdivision in which the
land is located, a license will be issued
for 1.44 second feet of water from Granite
Creek.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. 19283

This proof is for Beneficial use In Water District No. _____

1. Name of applicant Chester Bullars, Oakley, Idaho (or Moulton, Idaho)
2. Source of water supply: Granite Creek
3. Location of point of diversion: Is in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 36
T. 16 S. R. 22 E. County of Cassia
4. Describe works as they exist, giving dimensions and capacities of same: Diversion works
consist of a ditch two feet wide, and one foot deep; no head works attached, or necessary.

5. Water is used for: Irrigation
6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 30;
NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 32;
N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 31;
All in Twp. 16 South, Range 23 East, B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Snake River, via Raft River

Remarks: _____

This examination was made on the 26th day of October, 1944

Permit No. 19283

Examination for Beneficial Use

County Cassia

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

Re: Permits Nos. 19283-19285
Chester Bullars

Mr. C. G. Larson
Notary Public
Box 203
Oakley, Idaho

Dear Mr. Larson:

We acknowledge receipt of your letter of August 5rd, enclosing corrected depositions of A. L. Critchfield and Betty Critchfield, two witnesses in connection with beneficial use proof under the above numbered permits in the name of Chester Bullars.

We have placed these on file, together with the depositions of the holder and the affidavit of publication from the Oakley Herald, previously received from you.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this Department. We cannot say just when this examination will be made, since this Department has but one field engineer, who makes examinations all over the State. However, Mr. Tolman, Field Engineer for this Department, will try and contact Mr. Bullars at the time he makes the examination, so that he may arrange to show him over the grounds.

In reply to your request that we send you a statement for the fees, will say that this expense is to be paid by Mr. Bullars, to whom you should render a statement for the amount due.

Thanking you for your cooperation in getting this straightened out, we are,

Very truly yours,

W. L. RULP
State Reclamation Engineer

Oakley Ida. Aug 3. 1944

Mr. Mark R Kulp,

Boise Idaho

Dear Sir: -

Enclose you will find all
the papers you returned to me for correction,
I hope you will find them OK this time,
for it seems that it was almost impossible
to get the dictaphone correct.

The delay has not been on my part, but
being that Mr. Buell lives about 20 miles
out of Oakley, and mail only 3 times a week
it has been hard to do any better.

I am sorry about the delay, and hope all
will be cleared up now,

Yours Truly

C. G. Larson

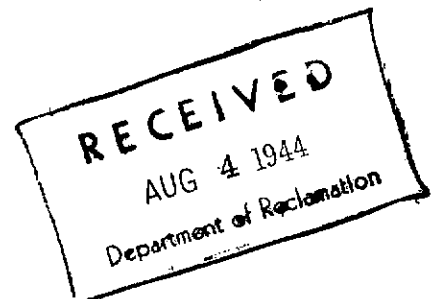

PS

When everything is

OK, you can send me

a statement of my fee.

Thanks,

Re: Permits Nos. 19283-19285

Mr. C. G. Larson
Notary Public
Oakley, Idaho
Box 203

Dear Mr. Larson:

We acknowledge receipt of your letter of July 24th, re turning the depositions in connection with beneficial use proofs under the above numbered permits, in the name of Chester Bullara.

The depositions of the holder seem to be acceptable, as corrected. However, the depositions of the witnesses are still not acceptable, and we are returning them herewith.

In office letter addressed you on July 1st, returning these depositions, it was stated that "Under question 6 the witnesses are required to name the subdivisions and the acreage of the land". You will note that these answers are still incomplete; while there seems to have been an attempt to correct this, the section, township and range have not been stated. It would appear that this has been copied from the last part of this question in the owner's deposition, but failed to include the first part, which gives the land description.

Since it is evidently impossible to correct this on the original depositions (on account of lack of room) we are enclosing other forms. These should be executed at once and returned to this Department. This may be done on the typewriter if that is more convenient- just so the signatures are written with pen. The original depositions should also be returned to this Department, in order to have the record show that they were originally taken on the date set as advertised.

Please see that Mr. Bullara attends to this immediately- as this is important if the proofs are to be accepted by this Department.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 19283

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and post office address.

Ans. J. L. Britchfield ^{Oakley Idaho} 34 years old. Cream Buyer
Oakley, Idaho

Ques. 2. Are you acquainted with Chester Bullers, the holder of Permit No. 19283? How long have you known him and where does he reside?

Ans. yes - 10 years Monttow Idaho

Ques. 3. Have you read or heard read said Permit No. 19283, and are you familiar with its provisions and conditions?

Ans. yes -

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Granite Creek - Approximately 1000 feet
from farm south west of it. Dirt dam, and
Ditches - leading into fields

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. approximately 2 ft (seems) about 2 ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. for Irrigations for from 10 to 40 acres
for Cultivated & meadow land Dams Ditches
and Improved Crops So Range 23 East B.M.
The N.W. 1/4 of NE 1/4 of 31 about 22 acres grain &
3 acres of meadow land NE 1/4 of NE 1/4 of 31 about
28 acres of grain 2 acres meadow irrigated 1944
Water is alternated in above but - Devuon Part

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Used for Irrigation

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans.

Large land Improved to Irrigated land approximately full amt

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans.

None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans.

This year have seen water applied on both the Cultivated and Meadow land

(Signed)

A. L. Britchfield

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in *Oakley*, County of *Cassia*, State of Idaho, on this *28* day of *June*, A. D. 19*44*.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 11:30 A. M. on the 28th day of June, 1944, at Oakley, County of Cassia, State of Idaho, before Charles Larson, Notary Public, proof will be submitted of the application to beneficial use of Two (2) cubic feet per second of the waters of Granite Creek in accordance with the terms and conditions of Permit No. 19283 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Chester Bullars, Oakley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is Two (2) second feet.

The place where said water is used S $\frac{1}{2}$ SE $\frac{1}{4}$ Section 30; NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 32; N $\frac{1}{2}$ NE $\frac{1}{4}$ Section 31, Township 16 South, Range 23 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Unnamed.

The right to take water from such works is based upon Permit No. 19283.

The source of supply from which such water is diverted is Granite Creek.

The date of priority which said user is prepared to establish is April 10, 1942.

MARK R. KULP,
State Reclamation Engineer.

Re: Permits Nos. 19283-19285

Mr. C. G. Larson,
Notary Public,
Box 203,
Oakley, Idaho

Dear Mr. Larson:

On July 2nd we returned the depositions of the holder and two witnesses made in proof of beneficial use under the above numbered permits in the name of Chester Bullars, in order that certain necessary corrections might be made.

We have had no reply to this letter, and as the date for making the proof, as set out in the permits, and as advertised, was June 28, 1944, it is important that these depositions be returned promptly, with the necessary corrections, if they are to be considered as filed within the required time.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permits Nos. 19283-19285
Chester Bullars

Mr. C. C. Larson,
Notary Public,
Box 203
Oakley, Idaho

Dear Mr. Larson:

We acknowledge receipt of your letter of June 28, 1944, enclosing depositions of the holder and two witnesses in proof of beneficial use under the above numbered permits in the name of Chester Bullars.

However, these depositions seem to be incomplete in several particulars, and we are returning them for correction, as follows:

1st- In Mr. Bullar's deposition under Permit No. 19283, he describes land in the S¹ SW¹ Section 30, whereas the permit describes it as the S¹ SE¹ of this section. Which is correct?

Under Section 6, the witnesses are required to name the subdivisions and the acreage of the land, and this is omitted in every case.

Please have these corrections made, and return the depositions to this Department at your early convenience.

Very truly yours,

MARK E. KULP
State Reclamation Engineer

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, June 19, 1944

Re: Permits Nos. 19283 & 19285
Chester Bullars

Mr. Chas. Larson
Notary Public
Oakley, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. s. 19283 and 19285

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On June 23, 1944, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Oakley, Idaho before Chas. Larson, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

Re: Permit Nos. 19283 and 19285

Mr. Chester Bullars
Oakley, Idaho

Dear Mr. Bullars:

We acknowledge receipt of notices in duplicate, and also your authorization to publish same in the Oakley Herald, all in connection with beneficial use proof under the above numbered permits.

These notices have been sent to the newspaper, with instructions to publish same for four consecutive weeks prior to June 28, 1944, the date set for proof.

About ten days prior to that date we shall send to Mr. Charles Larson, Notary Public, the necessary forms of deposition, for yourself and your two witnesses, so that he may have them in ample time for the proof.

On the date set you should appear at Mr. Larson's office, together with two disinterested witnesses, who are familiar with the terms of your two permits, and the works constructed thereunder, for the purpose of executing the depositions.

Very truly yours,

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Chester Bullers
Oakley, Idaho

Boise, Idaho, **March 9, 1943**

Dear Sir:—

Under the terms of your permit No. 19283 you are required to complete your diversion works on or before May 7, 1943. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

JAMES SPOFFORD

ROY W. THOMPSON
DEPUTY COMMISSIONER

Mr. Chester Bullers
Oakley, Idaho

Dear Mr. Bullers:

We wish to acknowledge receipt of your application for permit to appropriate water from Granite Creek. Application seems to be in form except the point of diversion from Granite Creek, and the place of use. The sketch map, you sent with your application, does not correspond with the description as shown on the application.

It is very important that the point of diversion, which is the point where your ditch takes the water from Granite Creek and the location of your land or place of use be correct. We are asking you to draw us another map on the enclosed form, indicating the correct location of your land in Sec. 31 and 32, and where your ditch taps Granite Creek. It may be that Granite Creek is not located on the enclosed sketch correctly, if not, please change. You gave the point of diversion in your application as being in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 36, Twp. 16 N., Rge. 22 E., and you show the diversion on your sketch map as being in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 36. On account of the township correction, Sec. 31, is only half as wide as it should be, therefore, it is rather important that we have the right legal subdivision. It would be better if you would copy your land description from your tax receipts as there may be some small lots along the township line.

I notice by your sketch map that you indicate the point of diversion as being only 1000 feet NE of the SW corner of Sec. 36, if this is the case, your point of diversion must be in the SW $\frac{1}{4}$ SW $\frac{1}{4}$. If that is right, you have shown the creek location in the wrong place. Sorry to bother you, but it will be necessary to have more information before we complete your filing.

Thanking you for this information as soon as possible, we are,

Very truly yours,
E. V. BERG
Commissioner of Reclamation.

BY: ROY W. THOMPSON
Deputy Commissioner.

19283

The map is OK. We gave the description wrong. Thanks for your correction.

I have written the description of the land to be irrigated as it is given on the tax statement.

Dear Mr. Bullers :

We are in receipt of your letter of March 23rd in which you advise that you would like to file on a water right and appropriate water from two sources of supply.

This can be done providing the place of use is the same for both sources of supply. In making out your application as well as on your sketch map, the exact point of each diversion, from source of supply, also place of use, must be shown.

We are enclosing application blanks and a pamphlet giving rules and regulations for filling out the same.

Very truly yours,
E. V. BERG.
Commissioner of Reclamation

**NOTICE OF PUBLICATION
NOTICE OF APPLICATION
OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 11:30 A. M. on the 28th day of June, 1944, at Oakley, County of Cassia, State of Idaho, before Charles Larson, Notary Public, proof will be submitted of the application to beneficial use of Two (2) cubic feet per second of the waters of Granite Creek in accordance with the terms and conditions of Permit No. 19283 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Chester Bullars, Oakley, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is Two (2) second feet.

The place where said water is used is $S\frac{1}{2}SE\frac{1}{4}$ Section 30; $NW\frac{1}{4}NE\frac{1}{4}$, $N\frac{1}{2}NW\frac{1}{4}$ Section 32; $N\frac{1}{2}NE\frac{1}{4}$ Section 31, Township 16 South, Range 23 East, B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Unnamed.

The right to take water from such works is based upon Permit No. 19283.

The source of supply from which such water is diverted is Granite Creek.

The date of priority which said user is prepared to establish is April 10, 1942.

MARK R. KULP,
State Reclamation Engineer.
