Re: Permit No. R-658

Mr. William Adams, President,
Sublett Irrigation Company,
Sublett, Idaho.

Dear Mr. Adams:

We are writing you at this time in regard to completion of works proof under the above numbered permit.

This was originally due on or before February 18, 1941, but an extension was granted until February 18, 1944.

It will, therefore, not be necessary for you to make this proof until the later date, but inasmuch as the works are completed, we thought you might wish to make the proofs at this time, and get that part of it disposed of- and then make your beneficial use or final proof after the water has been used on the lands next season.

Please let us know your wishes in this regard, and if you are prepared to make the completion of works proof at this time, we shall send you the necessary form of notice, which must be published for four weeks prior to the date set for proof.

Very truly yours,

JAMES SPOTFORD
Commissioner of Reclamation
By

Deputy Commissioner

A

R-658

Municipal Building
225 East Center Street
Pocatello, Idaho
November 30, 1940

Mr. William Adams, President
Sublett Irrigation Company
Sublett, Idaho

Dear Mr. Adams:

This is to advise you that the final inspection of all work required by your contract with Dan J. Cavanagh, Contractor for the repair and construction of the Sublett Dam, has been made and all work described in the contract is satisfactory, complete and acceptable in accordance with the specifications, plans, lines and grades set forth by the contract or as set forth by the Representative. In view of this, I hereby recommend that you, acting as the President of the Sublett Irrigation Company, release the Contractor from further performance of work on the dam, in order that the Contractor may remove his equipment and discharge any men on his payroll. It should be understood that the contract will remain in force, however, until final estimates have been allowed and paid and a release has been furnished to the Sublett Irrigation Company by the Contractor from all claims against the Company arising under or by virtue of the contract.

This is to further advise you that I do hereby authorize storage to begin as of this date and to further advise you that I have been verbally authorized by Mr. James A. Spofford, State Engineer, to authorize you, on the part of the State of Idaho, to begin storage.

Upon the completion of the final estimates, I will certify to the Farm Security Administration the amount due and payable to Mr. Cavanagh and will advise you at the time the certification is made, at which time I would suggest you issue a check in that amount and turn it over to Mr. Allen for his signature. Mr. Allen, on being advised of the final amount to be paid Mr. Cavanagh, will make arrangements with the loan officer of the Farm Security Administration for such additional money as will be necessary to complete the final payment.

Very truly yours,

A. W. McCulloch, Project Engineer,
In Charge, Southeastern Idaho Water
Facilities Office.

R-658

State of Idaho

License and Certificate of Water Right

Water License No. R-658Amount 2,300 acre feet

Water District No. _____

Priority February 15, 1939.

THIS IS TO CERTIFY that SUBLETT IRRIGATION COMPANY
of Sublett, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated February 15, 1939; that Permit No. R-658
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
2,390 ^{acre} ~~second~~ feet, was issued thereunder on March 3, 1944, showing that said works
were completed on the 5th day of February, 1944; and that on the 5th
day of February, 1944,

SUBLETT IRRIGATION COMPANY

of Sublett, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of Sublett Creek
~~tributary of~~, for the purpose of irrigation
, under Use Permit No. R-658 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4714, on the 13th day of February, 1951;
The right hereby confirmed dates from February 15, 1939;
The Point of ^{outlet} ~~Diversion~~ is located

in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 3, Twp. 13 S., R. 29 E., B.M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 2,300 ~~sub feet per second~~ ^{acre feet} per annum.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
Approximately 1,420 acres of land located in the subdivisions described below:					
SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ Section 33, Twp. <u>12 South</u> , Range <u>28 East</u> , B.M.					
SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 2;					
N $\frac{1}{2}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Section 3;

State Reclamation Engineer

(SEAL)

State of Idaho
License and Certificate of Water Right

Water License No. 20692 Amount 1.76 second feet
Water District No. Priority September 30, 1948

THIS IS TO CERTIFY that J. DEWARD HALL
of Malta, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated September 30, 19 48 ; that Permit No. 20692
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.2 second feet, was issued thereunder on January 24, 19 49 , showing that said works
were completed on the 29th day of December 19 48 ; and that on the 31st
day of January 19 49 ,
J. DEWARD HALL
of Malta, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of two wells
contributing (subterranean flow) for the purpose of irrigation and culinary
uses, under Use Permit No. 20692 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
8 of Licenses at page 4713, on the 13th day of February 19 51 ;
The right hereby confirmed dates from September 30 1948 ;
The Point of Diversion are located in the NE 1/4 SW 1/4 and
in the SE 1/4 SW 1/4, Sec. 14, Tp. 13 S., R. 26 E., B. M. Cassia County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.76 cubic feet per second.

Description and location of use:

State Reclamation Engineer

APPLICATION FOR PERMIT

To Construct a Reservoir and Store and Appropriate
The Public Waters of the State of Idaho

A. A. Zollinger, Pres.
Sublett Irrigation Co.
Sublett, Idaho

Application No. R 26098
Permit No. R 658

1. Name of Applicant: SUBLETT IRRIGATION COMPANY

Postoffice address: Sublett County Cassia State Idaho

I. If applicant is a corporation, give: Mar. 6, 1931, Burley, Idaho; office, Sublett, Idaho

(a) Date and place of incorporation: / (b) Amount of Capital Stock: \$ 9600.00 (192 shares @ \$50.00)

(c) Amount paid in: \$ 9600 (all stock subscribed to) (d) Names and addresses of directors: A. A. Zollinger,
E. M. Nelson, W. S. Adams, John Mortensen, Harrison Powers and Wilmer Rigby- James Kossman,
Sec-Treasurer, Sublett, Idaho

II. The financial resources of the corporation are:

(a) Cash on hand: \$ (b) Treasury Stock: \$

(c) Bonds to be issued: \$ (d) Other resources:

2. Quantity of water to be stored: 2390 acre feet per annum.

3. Source of water supply is Sublett Creek (Creek) (River) (Spring), a tributary of Raft River.
Note: Sublett Creek is in the Raft River watershed but never reaches Raft River.

4. The outlet of the proposed reservoir is located S. 48° 26' E feet, distant from the $\frac{1}{4}$ corner of Sections 34, Township 12 S.,
(bearing) 1550 and 3 13 S.
Range 29 E., B. M. and is in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 3, Township 13 S., Range 29 E., B. M. County of Cassia

5. Fill out either (a) or (b).

(a) The reservoir is located in the channel of Sublett (Creek) (River).

(b) The reservoir is to be filled through a feeder canal, the point of diversion for which is located (bearing) feet distant from

the corner of Section, Township, Range, B. M., and is in the $\frac{1}{4}$ of $\frac{1}{4}$ of

Section, Township, Range, B. M.; width at bottom feet, width at top

feet, depth of water feet; average grade per mile feet; Capacity cubic feet per second.

6. (a) The area of the high water line of the reservoir is 98 acres.

(b) The reservoir capacity is 2390 acre feet.

7. Height of reservoir dam 47 feet, length at top 630 feet, length at bottom 90 feet, size of outlet 2 feet

by diameter feet. The dam is to be constructed of materials as follows: Impervious earth fill with two foot pervious blanket
and 12 " of rip rap on upstream face

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

8. (a) Will water stored in reservoir be diverted to canal or aqueduct, thence to land to be irrigated without commingling with natural flow of

(Creek) (River) ? See No. 8 b

(b) Water stored in reservoir will be carried in the channel of Sublett (Creek) (River), a distance

of 1 miles to point of diversion located S. 45° W. 1900, feet, distant from the Sec. corner of Section 9
(bearing) 3, 4, 9 & 10 Township 13 S., Range 29 E., B. M., and in the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 9, Township 13 S., Range
29 E., B. M. B. M.

9. Amount of water claimed from (Creek) (River) (Spring) in addition to that
stored in reservoir cubic feet per second.

10. Water is to be used for Irrigation of land in Sublett Valley purposes.

11. If for mining, milling, power or manufacturing purposes give:

(a) Point of use of water (bearing) feet, distant from Corner of Section, Township, Range,
B. M. and is in the $\frac{1}{4}$ of $\frac{1}{4}$ of Section, Township, Range, B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to (Creek) (River) (Spring) at a point (bearing) feet

distant from the corner of Section, Township, Range, B. M., in

the $\frac{1}{4}$ of $\frac{1}{4}$ of Section, Township, Range, B. M.

12. Water stored in accordance with this Permit will be carried to place of use through a canal heretofore constructed under the terms of Permit No.

, which is hereby referred to and made a part hereof.

13. Kind of diversion works: Water diverted into 3 canals by means of concrete dam and divider box
(Dam, canal, flume, pipe, etc.)

14. Height of diversion dam: $3\frac{1}{2}$ feet, length at top $9\frac{1}{2}$ feet, length at bottom $9\frac{1}{2}$ feet. The dam is to be constructed of materials as follows: Reinforced concrete

(If height will exceed 10 feet, plans must be approved by Department of Reclamation, before beginning construction.)

15. Size of headgate: Width $2\frac{1}{2}$ feet, Height 2 feet. (3 divider gates this size)

16. Diversion Canal: Width at bottom feet, width at water line feet, depth of water feet, Dimensions of Flume
Each canal will be designed to carry 8 cu. ft. per sec.
Diameter of Pipe inches; Length of Conduit miles. Average grade per mile feet.

17. Estimated cost of Works: Storage Works: \$ 27,600.00 Diversion Works: \$ 827 (Materials for Dam, Divider box Farm Turnouts)

18. Time required for completion of work 2 years.

19. Time required for complete application of water to proposed beneficial use is 2 years.

20. The land to be irrigated is described in the following tabulation:

(Give Irrigable acreage in each 40-acre subdivision.)

Twp.	Range	Sec.	NE $\frac{1}{4}$				NW $\frac{1}{4}$				SW $\frac{1}{4}$				SE $\frac{1}{4}$				Totals
			NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$

		17					1.5	5											6.5
		18	2																2.0
Total number of acres to be irrigated																			1512.0
Note: The above figures are based on full 40 acre sub-divisions. Making allowances for roads, ditches, fence lines, etc., may reduce the total figure approximately 50 acres.																			

Total Number of Acres to be Irrigated 1512.0

Remarks: The Sublett Irrigation Company has a filing on 35.2 sec. ft. of the Sublett Creek water filed May 21, 1909, instrument No. 4953. A certificate for completion of works was issued July 25, 1914. The present Sublett reservoir stores 1490 acre ft. and the plan is to increase the height of the present dam 11 feet, which will raise the high water line 10 ft. and increase the storage capacity 900 acre feet, making a total of 2390 acre feet. A new conduit will be constructed. A spillway will be constructed 360' from the south abutment of the present dam. The spillway will have 0% grade its entire length of 350' and an average of 5.66 % for the 700 feet into the old creek channel. This 700 ft. is well vegetated and not very susceptible to erosion. The spillway will have a capacity of 210 cu. ft. per sec. running 0.9 feet deep with non erosive velocity. This discharge exceeds the maximum discharge experienced in the 25 years the present dam has been in existence. The ultimate maximum (Continued on next page,

BE IT KNOWN That the undersigned hereby makes application for permit to construct a reservoir and store and appropriate the public waters of Idaho as herein set forth, and that the enclosed map is hereby made a part of this application.

SUBLETT IRRIGATION CO.

Applicant.

By Aaron A. Zollinger

Agent.

Date of first receipt at office of Commissioner of Reclamation 11:30 A.M., February 15, 1939

Returned to applicant for correction

Corrected application received

APPROVAL OF COMMISSIONER OF RECLAMATION

The number of this permit is R 658

Recorded in book R 2, page 658

Approved February 18, 1939

This is to certify that I have examined the within application for a permit to construct a reservoir and store and appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$, to be filed on or before

Work to begin on or before April 19, 1939

and to continue diligently and

uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One fifth of the work above specified to be completed on or before February 18, 1940

The whole of said work to be completed on or before February 18, 1941

Beneficial use of water stored in accordance herewith, to be made on or before February 18, 1943

Witness my hand this 18th day of February

, 19 39

JAMES SPOFFORD

Commissioner of Reclamation.

REMARKS (Continued) before overtopping is 3900 c.f.s. Plans and specifications will be made by the Soil Conservation Service. The project will be financed by a Federal Water Facilities loan. Construction will be under the supervision of an engineer of the Soil Conservation Service.

The probable starting date for construction will be August 15, and the probable finishing date December 1, 1939. The present distribution system will be enlarged and revised to make possible more equitable and beneficial use of the water.

In testimony whereof, we, C. A. BOTTOLFSEN, Governor of the State of Idaho, and GEO. H. CURTIS, Secretary of State of the State of Idaho, have hereunto caused this instrument to be executed in the name of the State of Idaho, and have caused the Great Seal of the State of Idaho to be hereunto affixed, this 18th day of February, 1939.

Governor

APPROVAL OF COMMISSIONER OF RECLAMATION

I, James Spofford, Commissioner of Reclamation of the State of Idaho, hereby extend the time for the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. R-658 to February 18, 1944.

Witness my hand this 25th day of November, 1939.

JAMES SPOFFORD
Commissioner of Reclamation.

PERMIT NO. R-658

CERTIFICATE OF COMPLETION OF RESERVOIR AND RIGHT TO STORE WATER

Amount 2390 acre feet

Priority February 15, 1939

This is to certify that SUBLETT IRRIGATION COMPANY, of Sublett, County of Cassia, and State of Idaho, the holder of Permit No. R-658, issued upon Application No. R-26098, bearing date of priority of February 15, 1939, authorizing the construction of a reservoir and the right to store the waters of Sublett Creek, a tributary of Raft River, County of Cassia, State of Idaho, for irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works as set out and described in said Permit; that said works are adequate for the storage of 2390 acre feet of water annually; that the location of the outlet of said reservoir is in the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 3, Township 13 South, Range 29 East, Boise Meridian; that a right to store the said waters has been perfected in accordance with the laws of Idaho and is hereby confirmed by the State Reclamation Engineer and entered of record in Volume R-2, of Permits, at page 658, records of the Department of Reclamation, on the 3rd day of March, 1944; that the right hereby confirmed dates from February 15, 1939; and that the amount of water to which right is, by this certificate, entitled to store annually shall not exceed 2390 acre feet.

Witness the seal and signature of the State Reclamation Engineer affixed at Boise, Idaho, this 3rd day of March, A. D. 1944.

Mr. Kales E. Lowe
Box 107
Burley, Idaho

Dear Mr. Lowe:

We are sorry to have been so long in replying to your request for certified copies of the Sublett Irrigation Company Permits. Our only excuse is that we have been unusually busy and have been short of help.

We are enclosing copies of two licenses issued to the Sublett Irrigation Company rather than the original permits as we assume you would prefer the final instruments. Attached to these copies is a certificate of the State Reclamation Engineer certifying to the copies and stating that they are the only Permits or Licenses of record in this department of the Sublett Irrigation Company.

We hope that this will comply with your requirements and if that is so, you may send us your check for \$2.50.

However, if you would prefer copies of the original permits or if you would wish the copies of each license to be certified to separately, if you will return these instruments, we will do our best to comply with your wishes.

Very truly yours,

MARK R. K P

Mr. Aaron A. Zollinger, President
Sublett Irrigation Company
Sublett, Idaho

Dear Mr. Zollinger:

On March 7, 1948, you were notified that upon receipt of the statutory fee of \$50.00, a License would be issued on your Permit No. R-658 for the storage of 2,300 acre feet of water from Sublett Creek.

To date, we have received no reply to this letter and your water filing is incomplete until the fee is paid and License issued.

We think you must have overlooked this, so we are writing this to remind you of the importance of completing the matter.

Very truly yours,

R-658

March 8, 1950

Mr. William H. Foster
Room 1, Rich Building
Burley, Idaho

Dear Mr. Foster:

In reply to your letter of March 1, in regard to water priorities on Warm Creek, a tributary of Sublet Creek and also on Sublet Creek:

We have no record on file in this Department of any filing on Warm Creek, but there are two valid Permits on Sublet Creek, as follows:

License No. 2953 to the Sublet Creek Irrigation Company for 17.2 second feet of water with priority of May 2, 1930 for irrigation, domestic and stock purposes.

Permit No. R-658 of the Sublet Irrigation Company for 2390 acre feet filed February 15, 1939. The statutory proofs have been made but as yet, no License has been issued.

Although these are the only priorities of record in this Department, it is possible that there may be use rights on either of these streams which could be confirmed by the District Court by proving beneficial use over a period of years.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Boise, Idaho

Dear Sir:

I am particularly interested in the water priorities on WARM CREEK, a tributary of Sublet Creek located in the areas of Sections 35 & 36, Township 12 South, Range 28 East of the Boise Meridian.

By observation, there is some waste and seepage water from Warm Creek which my client would like very much to file upon. It seems that this waste has continued through many years. Would you write me as to the priorities on Sublet creek, Warm Creek, and the waste waters of the later, if any.

Very truly yours,

William H. Foster

Re: Permit No. R-658

Mr. Aaron A. Zollinger, President,
Sublett Irrigation Company
Sublett, Idaho

Dear Mr. Zollinger:

We now have on file the report of our Field Engineer on examination for beneficial use under your Permit No. R-658, and accordingly can issue a license for the storage of 2,300 acre feet upon payment of the statutory fee.

Section 41-215, Idaho Code Annotated, provides for the payment of \$2.00 for each legal subdivision of 40 acres or fraction thereof on which the water has been applied; but it further provides that where the right sought is additional to an existing water right, no fee is required.

The land list in connection with Permit No. R-658 describes land in sixty-one 40-acre tracts, but License No. 4953 includes land in thirty-six of these. There will, therefore, be no fee required on these 36 subdivisions, but only on the 25 subdivisions not included in License No. 4953.

The fee, therefore, will amount to \$50.00, upon receipt of which license will be issued.

Very truly yours,

MARK R. KULP

REPORT OF ENGINEER

Permit No. R-658

This proof is for Beneficial use

In Water District No.

1. Name of applicant Sublett Irrigation Company, Sublett, Idaho- Aaron A. Zollinger, Pres.

2. Source of water supply: Sublett Creek

3. Location of point of diversion: - Is in the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 3

T. 13 S. R. 29 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: An Earth Fill Dam 50 feet high, 12 feet top width, Slopes 3:I and 2:I. Outlet tunnel of reinforced concrete 3ft X 3ft. in section. Standard Gate control, with gate stem on the face of the dam. The Spillway is an open cut of 80 feet bottom width.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irriga-

tion): SW $\frac{1}{4}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 33, Twp. 12 South, Range 28 East, B.M.

SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 2;

N $\frac{1}{2}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Section 3; NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 11;

S $\frac{1}{2}$, NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Section 12; Twp. 13 S., Range 28 E., BM

S $\frac{1}{2}$ Section 7; S $\frac{1}{2}$ Section 8; E $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 9;

N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 17; NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 18; Township 13 South, Range 29 East, B. M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Raft River (rarely)

Remarks The original dam was raised 10 feet, and an adequate Spillway provided during the year 1940, the work being done by the United States Soil Conservation Service. The Reservoir capacity is rated at 2300 acre Feet, and approximately 1420 acres are benefitted thereby.

This examination was made on the 23rd, day of May, 1944

Examination for Beneficial use

County Cassia

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make a plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.

February 22, 1944

Re: Permit No. R-658

Mr. A. B. Lowe
Attorney at law
Burley, Idaho

Dear Mr. Lowe:

We acknowledge receipt of your letter of February 19, 1944, enclosing depositions in proof of completion of works and beneficial use, also affidavit of publication, all in connection with Permit No. R-658, in the name of the Sublett Irrigation Company.

Upon receipt of the statutory fee of \$5.00 a Certificate of Completion of works will be issued for 2690 acre feet of water from Sublett Creek.

However, before final action can be taken in the matter of a license, the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, as this Department has but one field engineer, who makes examinations all over the State. But Mr. Tolman, our field engineer, will try and contact Mr. Hollinger at the time he makes the examination, so that he may show him over the project.

Your letter stated that you were enclosing your personal check for \$1.00 to pay for the copy of Permit No. R-658 sent you on February 9th, but you evidently forgot to enclose it, as there was no check in the letter. Please give this your early attention.

Very truly yours,

JAMES W. FORD
State Reclamation Engineer

Re: Permit No. R-658

The Burley Herald
Burley, Idaho

Gentlemen:-

Enclosed you will find notice for publication once a week for four consecutive weeks prior to **February 5, 1944** the date set for proof, the expense of the publication to be paid by the applicant, **Sublett Irrigation Company, Aaron A. Zollinger, President, Sublett, Idaho** to whom you should furnish proof of publication on or prior to date for proof.

Please acknowledge receipt of this notice, and furnish this office with a copy of the first publication.

Very truly yours,

JAMES SPOFFORD
~~Commissioner of Reclamation~~
State Reclamation Engineer

R-658

NOTICE OF A JOINT
OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO
BENEFICIAL USE

Notice is hereby given that at 10:00 o'clock A.M. on the 5th day of February, 1944, at Burley, County of Cassia, State of Idaho, before J. Gaskill, Notary Public, proof will be submitted of the completion of

works for the storage and diversion of 2390 acre feet per annum of the waters of Sublett Creek and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. R-658 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Sublett Irrigation Company, Sublett, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is 2390 acre feet.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is 2390 acre feet.

4. The place where said water is used is SW $\frac{1}{4}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 33, Twp. 12 S. Range 28 E. R. 1; SW $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2, N $\frac{1}{2}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 3, NE $\frac{1}{4}$ N $\frac{1}{2}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 11, S $\frac{1}{2}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ N $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 12, Twp. 13 S. Range 28 E. R. 1; S $\frac{1}{4}$ Sec. 7, S $\frac{1}{2}$ Sec. 8, E $\frac{1}{2}$ NE $\frac{1}{4}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ N $\frac{1}{2}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 9, N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 17, NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 18, Twp. 13 S. Range 29 E. R. 1.

5. The date of priority which said user is prepared to establish is February 15, 1939.

JAMES SPORFORD,

State Reclamation Engineer

First publication Jan. 6, 1944.

Final publication Jan. 27, 1944.

Affidavit of Publication.

THE BURLEY HERALD

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO }
COUNTY OF CASSIA } ss.

W. A. Shear

....., first being duly sworn, deposes and says: That he is the publisher of the Burley Herald, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to;

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourth inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for four consecutive weeks, commencing with the issue dated Jan. 6, 1944 and ending with the issue dated Jan. 27, 1944.

Subscribed and sworn to before me this 29 day of Jan. 1944.

James E. Lowe
Notary Public in and for the State of Idaho,
residing at Burley, Idaho.

R-658

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. R-658

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Aaron A. Zollinger Sublett, Idaho Farmer
Sublett, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Sublet Irrigation Company, Sublett, Idaho, President

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. R 6-658, Date February 15th., 1939; February 15th., 1939.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Sublett Creek

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. S. 48°26' E. 1500 distant from $\frac{1}{4}$ corner of Section 34 Township 12 S. Range 29 E. B.M., and is in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 3, Township 12 S. Range 29 E. B.M.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. (SW $\frac{1}{4}$ NE $\frac{1}{4}$) SE $\frac{1}{4}$ SEC. 33, Twp. 12 S. Range 28 E. B.M.; SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2, N $\frac{1}{2}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 3, NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 11, S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 12, Twp 13, S, R. 28 E. B. M.; S $\frac{1}{2}$ Sec. 7, S $\frac{1}{2}$ Sec. 8, E $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 9, N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 17, NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 18, Twp 13 S, R. 29 E. B. M.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans.

*OK. for Eng. Repns.
HMT.*

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 3 acre ft per

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am president of corporation

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. During the irrigation seasons of 1942-43, for irrigation, in amount
of 2390 acre ft.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The natural flow of Sublett Creek, when not being stored in the
reservoir, has been used for the irrigation of the above land
each year. But all of the flow of Sublett Creek passes through
the reservoir.

(Sign) Aaron A. Zollinger

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia,

State of Idaho, on this 5th day of February, A. D. 19 44.

My commission expires June 5th 1946

BOISE, IDAHO

PERMIT NO. R-658

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John Mortinson, 81, Burley, Idaho, Truck Driver, Burley, Idaho.

Ques. 2. Are you acquainted with Sublett Irrigation Company, the holder of Permit No. R-658? How long have you known him and where does he reside?

Ans. Yes, ever since it was organized, Sublett, Idaho.

Ques. 3. Have you read or heard read said Permit No. R-658, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Sublett Creek, at outlet of the Reservoir; outlet of reservoir is 2 feet in diameter, ditches diverted from main channel of Sublett Creek, one ditch on each side of the channel.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Capacity of Reservoir 2390 acre feet, capacity of ditches approximately 30 s.f.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. (SW $\frac{1}{4}$, NE $\frac{1}{4}$) SE $\frac{1}{4}$, Sec. 33, T. 12S. R. 28, E. B. M.; SW $\frac{1}{4}$, NW $\frac{1}{4}$, NW $\frac{1}{4}$, S $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 2; N $\frac{1}{2}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ Sec. 3; NE $\frac{1}{4}$, N $\frac{1}{2}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 11; S $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 12, T. 13S., R. 28 E. B. M.; S $\frac{1}{2}$ Sec. 7; S $\frac{1}{2}$ Sec. 8; E $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 9; N $\frac{1}{2}$ NW $\frac{1}{4}$ Sec. 17; NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 18, T. 13S. R. 29 E. B. M. That the total number of acres irrigated, is approximately 1200, but I can not specify the number of acres irrigated on each sub-division.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Arid, sage brush land 3 acre feet per acre.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Yes. I am the owner of 36 shares of the stock of the Sublett Irrigation Company. I own 320 acres of land, 200 being irrigated

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Have seen the water diverted to beneficial use each year, since the completion of the reservoir for irrigation, all water stored in the Reservoir has been used.

(Signed)

John J. J. J. J.

INSTRUCTIONS
PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, Jan. 26, 1944

Mr. J. Gaskell
Notary Public
Burley, Idaho

DEAR SIR:

completion of works and

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. R-658, Sublett Irrigation Co.

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

for each proof

1. On February 5, 1944, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Burley, Idaho before J. Gaskell, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

JAMES SPOFFORD

Commissioner of Reclamation.
State Reclamation Engineer

Re: Permit No. R-658

Mr. Aaron A. Zollinger, President,
Sublett Irrigation Company,
Sublett, Idaho

Dear Mr. Zollinger:

In accordance with your letter of December 23rd, we have made out the notice of completion of works and beneficial use proof, and sent same for publication to the Burley Herald, at Burley, Idaho.

The time for making these proofs has been set for 10:00 o'clock A. M., February 5, 1944- since you did not indicate the date which you wished. If this date is not satisfactory, will you please notify the newspaper direct to change to a satisfactory date, and advise us to that effect.

The proofs to be made at Burley, before Mr. J. Gaskell, Notary Public, as instructed by you. And about ten days prior to the date set for proof we shall send to Mr. Gaskell the proper forms of deposition to be used in making the proofs.

On that date you should appear at Mr. Gaskell's office, with two disinterested witnesses, who are familiar with the terms of the permit, and the works constructed thereunder, for the purpose of executing the depositions.

The Burley Herald has been instructed to send you the statement for the cost of publication, and also the affidavit of publication- which affidavit is required to be sent by you to this Department along with the proofs.

Very truly yours,

JAMES SPOFFORD

Mr James Spofford State Reclamation Engineer

Dear Sir

Boise Id.,

As per request.

The notice of proof on Permit No. R-658 will be published in Burley Herald - at Burley, Cassia Co. Ida.

The Notary Public. name is. Wm J. Gaskin of Burley Ida.

The paper is published on every Thursday so if you can get this back to it; in time so it could be published in the next issue that will be on the 30th if not on Jan 6.

Thanks.

Very Truly Yours -

Aaron A. Zallinger

Pres. Sulett. Irrigation Co.

Re: Permit No. R-658

Mr. Aaron A. Zollinger, President
Sublett Irrigation Co.
Sublett, Idaho

Dear Mr. Zollinger:

In reply to your letter of December 10th:

Completion of works proof should be made on all the works called for under the terms of this permit- namely dam, reservoir and divider box.

The amount called for in this permit is the storage of 2390 acre feet annually; and this seems to be in addition to the 17.2 second feet covered by License No. 4953, with priority date of May 2, 1930.

The land described in the permit consists of approximately 1512 acres in Section 33, Twp. 12 S., Range 28 East; Sections 2, 3, 11 & 12, Twp. 13 S., Range 38 E., B.M.; and Sections 8, 9, 17 & 18, Twp. 13 S., Range 29 E., B.M., which must be described by subdivision, section, township and range in the notice.

These proofs are due on or before February 15, 1944, and if you will designate a time and place, also the name of the Notary Public before whom these proofs are to be made, we shall be glad to fill out the proper form of notice for you, and send to the paper which you should designate on the form enclosed with the notice previously sent you. The time should be set sufficiently far ahead to allow the required four weeks' publication.

Very truly yours,

JAMES SPOFFORD
State Reclamation Engineer

Dear Sir.

2. Does completion of works mean only the Dam, or reservoir?
3. Would the amount applied to beneficial use be 29 second feet?
4. Would ^{places} where said water is used be Section, Township, & Range?

I hope I have made my questions clear.

Yours Truly,
Aaron A. Zelling
Pres.
Sublett Irrigation Co

STATE OF IDAHO

BOISE

Dear Sir:

I enclose herewith blank notice for proof of ~~completion of works and~~ application of water to beneficial use under your Permit No. L-638, which should be filled out and returned to this office at least 40 days before the date upon which you wish to make proof. The proof must be submitted before a notary public or other officer authorized by law to administer oaths. The date for proof, as set out in your permit, is February 18, 1944, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

JAMES SPOFFORD
~~Commissioner of Reclamation~~
State Reclamation Engineer

R-658

December 4, 1940

Re: Permit No. R-658

Mr. William Adams, President,
Sublett Irrigation Company,
Sublett, Idaho.

Dear Mr. Adams:

We are writing you at this time in regard to completion of works proof under the above numbered permit.

This was originally due on or before February 18, 1941, but an extension was granted until February 18, 1944.

It will, therefore, not be necessary for you to make this proof until the later date, but inasmuch as the works are completed, we thought you might wish to make the proofs at this time, and get that part of it disposed of- and then make your beneficial use or final proof after the water has been used on the lands next season.

Please let us know your wishes in this regard, and if you are prepared to make the completion of works proof at this time, we shall send you the necessary form of notice, which must be published for four weeks prior to the date set for proof.

Very truly yours,

JAMES P. GORD
Commissioner of Reclamation

November 30, 1940

Mr. William Adams, President
Sullett Irrigation Company
Sullett, Idaho

Dear Mr. Adams:

This is to advise you that the final inspection of all work required by your contract with Dan J. Cavanagh, Contractor for the repair and construction of the Sullett Dam, has been made and all work done in the contract is satisfactory, complete and acceptable in accordance with the specifications, plans, lines and grades set forth by the contract or as set forth by the Representative. In view of this, I hereby recommend that you, acting as the President of the Sullett Irrigation Company, release the Contractor from further performance of work on the dam, in order that the Contractor may remove his equipment and discharge any lien on his payroll. It should be understood that the contract will remain in force, however, until final estimates have been allowed and paid and a release has been furnished to the Sullett Irrigation Company by the Contractor from all claims against the Company arising under or by virtue of the contract.

This is to further advise you that I do hereby authorize storage to begin as of this date and to further advise you that I have been verbally authorized by Mr. James A. Spofford, State Engineer, to authorize you, on the part of the State of Idaho, to begin storage.

Upon the completion of the final estimates, I will certify to the Farm Security Administration the amount due and payable to Mr. Cavanagh and will advise you at the time the certification is made, at which time I would suggest you issue a check in that amount and turn it over to Mr. Allen for his signature. Mr. Allen, on being advised of the final amount to be paid Mr. Cavanagh, will make arrangements with the loan officer of the Farm Security Administration for such additional money as will be necessary to complete the final payment.

Very truly yours,

Chief Clerk

R-658

Permit No. R658

Application for Extension of Time
FOR COMPLETION OF WORKS

SUBLETT IRRIGATION COMPANY
by A.A. ZOLLINGER, PRESIDENT, of SUBLETT
State of IDAHO, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho
No. R658

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by February 18, 1941

That he has heretofore performed the following work described under said permit:

150 man days was done on the digging of test holes
and repairing of crack in conduit
50.00 for materials
The Gov expended 600.00 also, inspecting and
the digging of test holes and the filling of the same.
costing \$ 950.00

THAT he is unable to complete the remainder of the work within the required time, for the fol-
lowing reasons, to-wit:

That there has been delay in prosecuting
the work, because of details to be worked
out with The United States of America acting
through the WATER FACILITIES PROGRAM which is
to cooperate in the Construction program.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the com-
pletion of construction work under said permit, to Feb 18, 1944

Subscribed and sworn to before me this 30-Oct-1939 at Sublett, Idaho
Aaron A. Zollinger
Henry Thompson
Notary Public.

My commission expires Jan-25-1941.

Date of receipt at Department of Reclamation. November 25, 1939

APPROVAL OF COMMISSIONER OF RECLAMATION

I, James Spofford, Commissioner of Reclamation of the State of Idaho, hereby extend the time for
the completion of construction work under Permit to Appropriate the Public Waters of the State of Idaho, No. R-658
to February 18, 1944

Witness my hand this 25th day of November, 1939

By James Spofford
Commissioner of Reclamation.

R-658

10/6/39

Mr. Zollinger of Sublet
~~states that~~ the present
stream flow which is
passing thru this gates
is of no practical value
and the District is very
anxious to have permission
to ~~start~~ winter storage.

The dam has had
repairs done to the outlet
conduit and collars placed
around same.

The test pit holes were back
filled last winter, the one
over the axis has settled
4 to 5 ft leaving an unfilled

lines of that depth on top of dam.
The pit immediately front of
gate wall had been previously
re-filled as the amount of
that settlement of material
is unknown.

It would probably be safe
to permit present storage
up to say a two foot freeboard.
Limit and then call for
inspection by the Dept.

H.

October 6, 1939

AARON A. ZOLLINGER, President,
Sublett Irrigation Company,
Sublett, Idaho.

Dear Mr. Zollinger:

In your October 4th letter, you asked for permit to store water in the Sublett Dam for the coming year. We have not inspected the dam since the water was drained out, but if it is in good condition there is no reason why you will not be able to fill the same next year.

Under the provisions of Permit R-550, issued last year, you had until February 18, 1941 to complete this work. Due to the fact that you asked for only two years for the completion of this work, and you are entitled to four years, we are enclosing an application for extension of time for the completion of works to February 18, 1944. Kindly sign this application for extension of time before a notary and return it to this office at your early convenience.

Our Field Engineer is on an inspection trip in your part of the state at the present time, and he will probably check up on the acreage you have irrigated for a beneficial use proof.

Very truly yours,

JAMES SPOFFORD,
Commissioner of Reclamation

Department of Reclamation
James S. Spofford, Commissioner
Boise, Idaho

Dear Mr. Spofford:-

Will you please send the Sublett Irrigation Co. a ~~perm~~ permit to store water from now on as it seems that no work is going to be done on the dam this year.

Please send the men to investigate the beneficial use proof or a reason why this hasn't been done.

Hoping for a early reply,
I remain,

Department of Reclamation
State House
Boise, Idaho

Dear Mr. Spoffard:-

Enclosed find Application for Permit to Construct a reservoir and store and appropriate the public waters of the State of Idaho. Also, necessary maps to accompany this application.

Will you please inform us as soon as possible regarding your action on this application so that we can proceed with our plans as indicated?

If this application is approved, we would appreciate it if you would issue the permit as soon as possible. We would also appreciate it if you would inform the Soil Conservation Service at Pocatello, Idaho regarding this matter as soon as possible so that they may proceed with their plans and specifications and present them to your office for approval.

We wish to thank you very much for your cooperation.

February 14, 1939

Mr. James Spoffard
Commissioner of Reclamation
State House
Boise, Idaho

Dear Mr. Spoffard:-

We are enclosing the completed application blanks for a storage permit on the Sublett dam. Also enclosed is a letter of transmittal from Mr. Zollinger and a tracing and print of the reservoir map and drainage area map.

We are also enclosing a map showing the irrigated, partially irrigated and abandoned land under the Sublett Irrigation District. Since this is the only copy of this particular map that we have, we would like to have it returned when you have no further use for it. We thought that perhaps this map would aid your office in making the necessary field inspection.

I will be in Boise Friday and intend to call at your office at that time. I will have with me all the plans for the Sublett dam, including construction details and also a rough draft of the specifications for the dam. I would like to go over these plans with you again since there are some minor changes in the plans that have been put in since my last visit to your office and I would like to secure your approval on the plans at that time so that we may forward the entire plan to Washington for approval there.

Very truly yours,

A. W. McCulloch
