10/24/61 This Report was not in file at time examination was made on the Cottrell & Yale farms, but the measurement of this well was included in measuring the other wells (1 to 8) coming to license. After returning to the office Mr. Lundberg called and wanted to include this permit for license. The pump discharge was 267" but there is only an estimated 30 acres put to beneficial use.

None of Section 9 was cultivated and only a portion of the $S\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 9 was in production estimated from memory as 30 Ac. Mr. Lundberg is having this pump pulled and the bowls replaced or repaired this winter.

Dear Mr. Nelson:

Your letter of January 3 with applications for amendment to the land list on Permits No. G-28456 and G-29099, relinquishment of Permit No. G-29100, and a check for \$7.00 fees for Permit No. G-29584 has been received.

The check No. 526 we received for fees for Permit No. G-28456 was for \$21.00, and check No. 527 for Permit No. G-29099 was for \$25.00, neither of which covered the additional fee of \$1.00 for each amendment.

The check for \$7.00 you enclosed will be adequate for fees for Permit No. G-29584. The certificates will be prepared next week.

Kindly send us the \$2.00 fee for the two amendments and the amendments will be recorded and the certificates will be prepared.

Dear Mr. Lundberg:

This permit with the well in the SE¹/₄ Sec. 4, T. 11 S.,
R. 27 E. is for 6.0 cubic feet per second to irrigate S¹/₂SE¹/₄ Sec. 4;
N¹/₂ Sec. 9.

The well was producing 267 miners inches of water when
measured October 24th. The field engineer did not have the report form
with him, however, he reports that as he remembers, there was only about
30 acres of land cultivated and irrigated of the described lands.

The water license can be issued for an inch per acre for
the land irrigated upon payment of statutory fees of \$2.00 for each 40-acre
subdivision irrigated, plus a \$5.00 fee, and you can later make proof of
beneficial use of the balance of the water or you can withdraw the proofs
made October 18, 1961 and make proofs at a later date, prior to March 24,
1966, of completion of works and beneficial use of the water.

Kindly advise.

Dear Mr. Lundberg:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Herlad-Bulletin, all submitted in proof of completion of works and beneficial use on Permit No. G-29584.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Dear Mr. Smith:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-29584, in the name of Yale Farms Company. Final Proof is to be made before you, as Notary on the 18th day of October, 1961, ~~1960~~ at 2:00 o'clock P.M., at Overland Shopping Center, Burley, Idaho.

As of this date we have mailed the Notice to the Herald Bulletin with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,
