Re: Permit No. G-28353

Don Schwaegler, Manager
 Raft River Cattle Company
 Star Route
 Declo, Idaho

Dear Mr. Schwaegler:

Our field engineer's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-28353 shows the well is (acres) capable of conveying 320 miner's inches, or 6.4 c.f.s. of water for the irrigation of 367 acres.

Upon receipt of the statutory fees, totaling \$ 29.00 , we will issue the Certificate of Completion of Works (fee \$5.00) and the License and Certificate of Water Right (fee \$ 24.00 , based at the rate of \$2.00 for each 40-acre subdivision) confirming the right, with priority of December 23, 1959 to the use of 6.4 second feet of subterranean water with the point of diversion in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 7, T. 12 S., R. 27 E., B.M. for irrigation of 367 acres in the W $\frac{1}{2}$, Sec. 7, T. 12 S., R. 27 E., B.M.; E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 12, T. 12 S., R. 26 E., B.M.

Since your permit shows the point of diversion to be in the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 7 it will be necessary to amend the point of diversion. Your permit does not include the E $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 12, therefore it will be necessary to amend the land list if you want the extra land included in the license. Complete the enclosed forms, submit them with the above mentioned fees, plus an additional fee of \$2.00 for recording the amendments, to this office and the Certificate of Completion of Works and License and Certificate of Water Right will be issued as shown above. If you do not want the extra land included, the statutory fees will total \$21.00, plus \$1.00 for recording the amendment to the point of diversion, and the land list will be restricted to the lands shown on the permit which are actually irrigated.
