Dear Sir:

Attached you will find original and one copy of your form No. 36 and the original form No. 11 on Mr. Neil R. Durfee of Almo, Idaho, who holds permit No. G-27063, for application for final proof.

However your notification to Mr. Durfee, dated October 1, 1958, covers "Permit No. G-25326". Please double-check your records and files as this is in error.

Mr. Durfee's permit gives a final date of September 16, 1962, but the work has been done and the water established so he is preparing to file his Final Proof papers on Permit No. G-27063.

Your prompt attention to the correction is requested.

Sincerely yours,

Fred L. Johnson

Dear Mr. Church:

We enclose Permit No. G-27063 in the name of Neil R. Durfee, in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

You will note under Question 10 that we have changed the required time for completion of works and complete application of the water to the proposed use to five years. However Mr. Durfee may make the required proofs at any time he is prepared to do so within that time.

The correct filing fee for Permit No. G-27063 is \$5.75. We are also enclosing departmental receipt No. G-2872 which was issued covering that amount. As your check was in the amount of \$6.00, we are refunding the over-payment of twenty-five cents.
