Re: Permit No. 26848
U. S. Dept. of the Interior
Bureau of Land Management

Mr. Wilfred H. Quinn, Dist. Range Mgr.
U. S. Dept. of the Interior
Bureau of Land Management
P. O. Box 460
Burley, Idaho

Dear Mr. Quinn:

Enclosed is the Approval of State Reclamation Engineer for an Extension of Time for proof of beneficial use under the terms of Permit No. 26848 to June 30, 1961. as same is recorded in the Department of Reclamation in Book 95 of Permits at Page 26848. This extension of time should now be attached to the original permit to which it refers and to which it becomes an extended limitation.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. 26848
U. S. Dept. of the Interior
Bureau of Land Management

Mr. Wilfred H. Quinn, Dist. Range Mgr.
U. S. Dept. of the Interior
Bureau of Land Management
P. O. Box 460
Burley, Idaho

Dear Mr. Quinn:

Our field engineer reports on his inspection of the beneficial use of the water under the terms of Permit No. 26848 that all land is planted to crested wheat grass, grazing 300 head of cattle twice each year, but that there was no evidence of irrigation, although all could be flooded during freshet flow of Warm Creek. Also, that it was requested that the proofs of beneficial use under said permit be withdrawn until later date and that an extension of time be given for later proof of beneficial use. We enclose an Application for Extension of Time, which you may complete and submit for approval and to be recorded.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

26848

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 26848

This proof is for Beneficial Use

In Water District No. P.O. Box 460

1. Name of applicant U.S. Dept. of the Interior, Bureau of Land Management, Burley, Idaho

2. Source of water supply: Warm Creek

3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18

T. 12 S. R. 28 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: Reservoir on Warm Cr. formed by earthen embankment approximately 400' x 5' - Reservoir capacity $\approx \frac{1}{2}$ Acre Foot - Gate controlled discharge into small ditch about 4 miles long - intended primarily for distributing water for stock watering, though some may spill over adjacent land area to effect irrigation by wild flooding - Well + Windmill + 3600 metal storage tank + trough for emergency stock watering

5. Water is used for: Livestock watering and irrigating crested wheatgrass

6. State whether or not water has been turned into works of diversion: Yes.

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

-- Township 12 South, Range 28 East

Section 18 - NW $\frac{1}{4}$ SW $\frac{1}{4}$ (40) SW $\frac{1}{4}$ SW $\frac{1}{4}$ (20) SE $\frac{1}{4}$ SW $\frac{1}{4}$ (10), total 70 acres

-- Township 12 South, Range 27 East

Section 13 - SW $\frac{1}{4}$ NE $\frac{1}{4}$ (40), SE $\frac{1}{4}$ NW $\frac{1}{4}$ (40), NE $\frac{1}{4}$ SE $\frac{1}{4}$ (40), NW $\frac{1}{4}$ SE $\frac{1}{4}$ (40), SW $\frac{1}{4}$ SE $\frac{1}{4}$ (20), SE $\frac{1}{4}$ SE $\frac{1}{4}$ (20), total 200

Total acres to be irrigated - 270. ER

app. 3.0 cfs
gw - 3.0 cfs

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Normally none except in times of large spring runoff some may reach. Ratt + Snake Rivers.

Remarks: The 8-18-58 inspection was made with Mr. Clarence Barney of B. L. M. This permit is in connection - (a unit) with a much larger (12 square mile +) area which has been planted to crested wheatgrass + otherwise developed for cattle grazing.

Low-water-intake of soil is favorable for ponding + storing water in unlined reservoirs + ditches for stock watering purposes.

The stand of crested wheatgrass was good throughout the development + no difference was noted in places where some water might have been

This examination was made on the 18

day of

Sept.

1958

(Signed)

James. Mark.

Examiner.

Filed Feb. 20, 1957

Due April 11, 1958

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

**NOTICE FOR PUBLICATION
NOTICE OF PROOF
APPLICATION OF WATER
TO BENEFICIAL USE**

Notice is hereby given that at 3:00 p.m. on the 12th day of March, 1958, at Malta, County of Cassia, State of Idaho, before J. H. Thompson, a Notary Public, proof will be submitted of the application to beneficial use of 3 - 15 cubic feet per second of the waters of Warm Creek in accordance with the terms and conditions of Permit No. 26848 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are U. S. Dept. of the Interior, Bureau of Land Management, Box 460, Burley, Idaho.

The use to which said water has been applied is livestock watering and irrigation of crested wheatgrass.

The amount applied to beneficial use is 3 - 15 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, and SE $\frac{1}{4}$, Section 13, T. 12 S., R. 27 E., and W $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 13, T. 12 S., R. 28 E., B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Warm Creek Water Spreader.

The right to take water from such works is based upon Permit No. 26848.

The source of supply from which such water is diverted is Warm Creek.

The date of priority which said user is prepared to establish is February 20, 1957.

LICENSE OF WATER RIGHT

License of Water Right No. 26848/43-2458 Priority Nov. 8, 1966 Amount 0.22 cfs
(late proof)

THIS IS TO CERTIFY, that the Bureau of Land Management
of Burley, Idaho, has complied with the terms and conditions of Permit
No. 26848/43-2458 issued pursuant to Application for Permit dated February 20, 1957,
and has submitted proof to the Department of Water Administration on March 18, 1971,
that he has applied water to a beneficial use; an examination by the Department indicates that the
works have a capacity of 0.22 cfs, and that the water has in fact been applied to a
beneficial use; a right to the use of water from Warm Creek
tributary of Raft River is hereby confirmed in the following amounts:

Amount 0.22 cfs for Livestock from May 1 to Feb. 28 (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Amount _____ for _____ from _____ to _____ (both dates inclusive)

Subject, however, to the condition that no more than 0.22 cfs of water be diverted at
any one time, said waters to be diverted within the _____

SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 18, Twp. 12 S, Rge. 28 E, B. M.

in the county of Cassia, and that the amount of water so diverted and to which such
right is entitled and confirmed is for the purposes aforesaid and is limited to the amount which can
actually be beneficially used and shall not exceed 12 acre feet per year ~~or~~ _____

~~irrigated~~

Department of Water Administration
Boise, Idaho 83707

Attention: Mr. Steve Alred

Gentlemen:

In answer to your request for proof of beneficial use of water under conditions of Permit 26848/43-2458, we submit the following information:

1. Capacity of reservoir - 3.8 acre feet.
2. Date of prior use - March, 1957.
3. Diversion from reservoir made through 21 inch culvert-gate which will permit a flow of as much as 3.5 C.F.S. This flow is generally the same each year.
4. The ditch distributes water throughout grass seedings in:
 - T. 12 S., R. 28 E., B.M.
Sec. 18
 - T. 12 S., R. 27 E., B.M.
Sec. 13
5. Use of the water is made by 900 - 1000 cattle during the month of May 1 through February of each year.

The area serviced by this water includes approximately 4100 acres. This area is part of a grazing management system which is fenced into pastures for rotation grazing. The success of this system is dependent upon this water.

6. The point of diversion is T. 12 S., R. 28 E., B.M.;
Sec. 18: SE $\frac{1}{4}$ SW $\frac{1}{4}$

February 1971
RECEIVED
FEB 15 1971
Department of Water Administration

43 2458

7. Use is also made by the Bureau of Land Management in the following reservoirs located in the general area:

Reservoir - Permit #921	Capacity - 3 acre feet
Reservoir - Permit #227	Capacity - 1 acre feet
Reservoir - Permit #913	Capacity - 3 acre feet
Reservoir #4 - No permit	Capacity - 2 acre feet

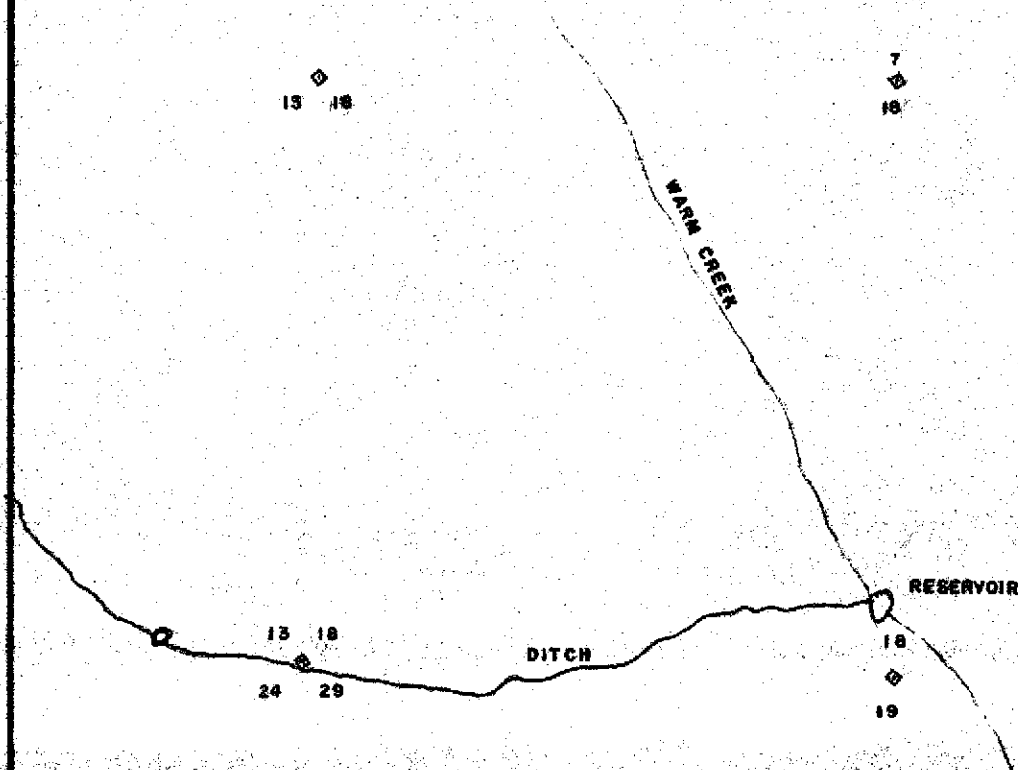

Sincerely yours,

John Bruce

PROOF OF APPLICATION OF WATER TO BENEFICIAL USE

Department of Water Administration

U.S. Government, Department of the Interior,
Bureau of Land Management

1. a) Name of Permit Holder Bureau of Land Management
b) Post Office Address Box 489, Burley, Idaho 83318

2. Permit Number 26848

3. Date of Priority that you are prepared to establish March 1957

4. a) Source from which water was appropriated Warm Creek, a tributary to Raft River

b) Location of the point of diversion: SE 1/4 SW 1/4, Section 18

Township 12 South, Range 28 East Boise Meridian, Other points of diversion: _____

5. a) The amount of water and use to which the water has been applied:

amount 3 cfs for livestock purposes from 5/1 to 2/28 incl.
(cfs and/or acre feet per annum) (Month-Day) (Month-Day)

amount _____ for _____ purposes from _____ to _____ incl.
(cfs and/or acre feet per annum) (Month-Day) (Month-Day)

amount _____ for _____ purposes from _____ to _____ incl.
(cfs and/or acre feet per annum) (Month-Day) (Month-Day)

b) Total amount appropriated 3 cfs and/or acre feet per annum

c) Describe how and by whom measurement of rate of flow or amount of storage was made and the qualifications of the person making the measurement: 21" culvert which will permit a flow of 3.5 cfs with a head of 1 foot. Clarence Barney, Assistant Area Manager

6. If the means of diversion and conveyance are owned by someone other than the Permit Holder:

a) Give the name or description of the canal, ditch or other works by which the water is conducted to the place of use: _____

b) Describe the agreement or understanding by which you take water from the works: _____

7. a) Briefly describe the works for diverting and conveying the water to the place of use, (If from a subterranean source, give the pump size, motor size, size of well casing, depth of well; if from surface water, give brief description of diversion structure and/or canal or ditch) A ditch 3 feet wide by 1 1/2 feet deep carries the water some 3,000 feet westerly.

b) Describe the type and size of measuring device which you have installed at your point of diversion: No measuring device. Use is made of a 21" culvert with gate.

c) Give well drillers name and address and date the well was completed _____

Exam typed 4-1-71 (CR)

43 655

258

8. If for other than irrigation, describe the beneficial use to which you have applied the water and the place of use Use is made by 900-1,000 head of cattle 5/1 to 2/28 of each year. Use is also made by antelope and the reservoirs by ducks and geese.

9. Irrigation uses: Describe the lands irrigated by giving the acreages irrigated within each 40 acre subdivision: _____

TWP.	RANGE	SEC.	NE 1/4				NW 1/4				SW 1/4				SE 1/4				TOTALS
			NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	NE 1/4	NW 1/4	SW 1/4	SE 1/4	

Total number of acres irrigated _____

10. Remarks: Use is made of this water in 4 other reservoirs:

Reservoir, NW 1/4 SE 1/4, Sec. 2, T. 12S., R. 27E., Permit D-913 - 3 acre feet

Reservoir, SE 1/4 NE 1/4, Sec. 19, T. 12S., R. 28E., Permit D-921 - 3 acre feet

Reservoir, NE 1/4 SE 1/4, Sec. 12, T. 12S., R. 27E., Permit D-227 - 1 acre foot

Reservoir, SW 1/4 SE 1/4, Sec. 20, T. 12S., R. 28E., (Permit applied for) - 2 acre feet

The above information is a true statement of the extent to which the above numbered permit has been developed.

NOTE: This table is based on the formula $Q = 3.10 D^{2.31} H^{0.50}$ for corrugated pipe in which Q = discharge in cubic feet per sec.
D = diameter of pipe in feet and H = head on pipe in feet.

*No experiments made on these sizes - Quantity computed by formula.

This capacity table is compiled from figures obtained through a series of tests made by the Bureau of Public Roads at the Hydraulic Testing Plant of the University of Iowa. Note that capacities are for 30.6 ft. lengths of pipe.

BEFORE THE DEPARTMENT OF WATER ADMINISTRATION
OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT NO. 26848/43-2458)
)
in the name of U. S. DEPT. OF THE INTERIOR,) ORDER
)
BUREAU OF LAND MANAGEMENT)
)

WHEREAS, on February 20, 1957, the U. S. Dept. of the Interior, Bureau of Land Management applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 3.0 cubic feet per second of water from Warm Creek, tributary to the Raft River, from a point within the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 18, T. 12S, R. 28E, B.M., Cassia County, to be used for livestock watering and irrigation purposes; and,

WHEREAS, on April 11, 1957, the Department approved the application and issued Permit No. 26848 with the condition that one-fifth of the work be completed on or before October 11, 1957; and that the whole of said work be completed on or before April 11, 1958; and that the water be appropriated to a beneficial use on or before April 11, 1958; and,

WHEREAS, proof of completion of works was made on February 6, 1958; and,

WHEREAS, on November 7, 1958, the Department extended the time within which to submit proof of beneficial use of water to June 30, 1961; and,

WHEREAS, on February 16, 1971, the Department notified the permit holder that Permit No. 26848/43-2458 was subject to cancellation for failure to submit proof of beneficial use of water due on June 30, 1961; and,

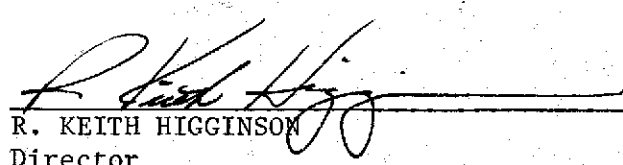

WHEREAS, proof of beneficial use of water was received by the Department on March 18, 1971; and,

WHEREAS, Section 42-218a of the Idaho Code provides that in the event that proof of beneficial use is submitted after the deadline set forth in the conditions of approval, the priority date of such permit shall be advanced the same number of days that said proof is late;

THEREFORE, IT IS HEREBY ORDERED that the priority under Permit No. 26848/43-2458 be advanced to November 8, 1966.

Dated this 29th day of March, 1971.

ORDER MODIFYING REQUIREMENTS
FOR COMPLETION OF PERMIT TO
APPROPRIATE WATER

WHEREAS, the 39th Idaho Legislature made certain amendments to the Idaho Water Law; and,

WHEREAS, these changes raised questions as to the procedures to be followed by holders of permits issued prior to the effective date of the amendments, May 31, 1967; and,

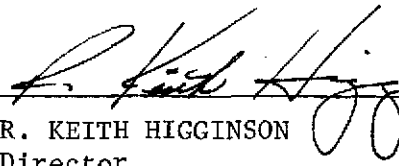

WHEREAS, on August 1, 1968, the Department of Water Administration adopted Rules of Practice and Procedure for the processing of such permits issued prior to May 31, 1967; and,

WHEREAS, Permit No. 26848 was issued previous to that date;

NOW THEREFORE, the requirements for completion of the above numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedure as follows:

1. The above numbered permit will be completed under the terms of Title 42, Chapter 2, Idaho Code, as amended by the 39th Idaho Legislature.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

APPLICATION No. 34758
PERMIT No. 26848
DISTRICT No.

1. Name of Applicant: U.S. Dept. of the Interior, Bureau of Land Management

Postoffice address: Box 460, Burley

County: Cassia

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:

(a) Cash on hand:

(c) Bonds to be issued:

2. Quantity of water claimed:

3.0

cubic feet per second.

3. Source of water supply: Warm Creek

which is a tributary of Raft River

4. Location of point of diversion: N. 77° 10' E. 2715 feet distant from the SW

corner of Section 18, T. 12 S., R. 28 E., B.M., and is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$

of Section 18, T. 12 S., R. 28 E., B.M., County of Cassia

5. Water is to be used for Livestock watering and irrigating crested wheatgrass

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section

T. , R. , B.M., in the of Section , T. , R. , B.M.

(b) Amount of power generated: H.P., under feet head.

(c) Water is to be returned to at a point feet

distant from the corner of Section , T. , R. , B.M., in the
of Section , T. , R. , B.M.

7. Estimated cost of works: \$ 500.00

8. Kind of works: Small reservoir, diversion dam, culvert and 3400 feet of ditch and water spreader

9. Height of dam 5 feet; length of dam at top 300 feet; length of dam at bottom 300

feet; material used in dam: earth

10. Size of headgate: Width 21 inch culvert feet; height culvert 21 feet.

11. Ditch: Width at bottom 1 feet; width at water line 4 feet; depth of water 1-2 feet;

dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is 1 years.

13. The time required for the complete application of the water to the proposed use is none additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None as far as known

16. (a) Is reservoir to be used? **Yes** If so, fill in (b) and (c) below:
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public water of the State of Idaho as herein set forth.

By ROBERT E. SMYLIE

Governor,

By.....JAS. H. YOUNG

Secretary of State.

REMARKS: Observation by BLM personnel indicates that water runs to waste in Warm Creek from about October 15 to /April 14 each year, normal amount being 3 sec. ft. increasing to 15 sec. ft. at flood time. It is our desire to appropriate the water and put it to beneficial use for stock watering and irrigation of crested wheatgrass. The project is on Federal land and is already constructed.

Attention: Bobby D. Fleenor

Gentlemen:

Please disregard our letter of August 13, 1973, regarding permit No. 43-2458. We made a mathematical mistake in our previous computations. The 12 acre feet total use should provide adequate water for the number of cattle using this area and for the period of time involved.

Please process the license as indicated in your statement of August 3, 1973.

I am sorry for the misunderstanding.

Sincerely yours,

W. R. Papworth

Re: Permit No. 43-2458

Bureau of Land Management
Box 489
Burley, Idaho 83318

Attention: Mr. Nick James Cozacos

Gentlemen:

Your August 7 letter, concerning the licensing of Permit No. 43-2458, raises a question concerning the number of acre feet per year allowed.

The number of acre feet proposed, is based upon the amount of water used by the livestock during the year, and not necessarily on a continuous rate of diversion during the season of use.

If there are unusual conditions that would require a greater quantity of water during the year, please let us know, so that we can consider a license for the greater amount.

Further action will be withheld on the license, until we hear from you.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Boise, ID 83707

Attention: Bobby D. Fleenor

Gentlemen:

In response to your notice of August 3, 1973, pertaining to our permit no. 26848/43-2458, you have indicated that our permit can be recognized for 0.22 cfs but not to exceed 12 acre feet per year. We believe the permit should read for a total of 120 acre feet per year since this would allow approximately 270 days of use.

The 12 acre feet per year would limit us to 27 days of use for the livestock; whereas, 270 days of use is approximately the amount of time the cattle use this area and need this water.

Sincerely yours,

Nick James Cozakos
Nick James Cozakos

43 2458

August 3, 1973

Bureau of Land Management
Box 489
Burley, Idaho 83318

Gentlemen:

A representative of this Department has made an examination of the works covered by your Permit No. 26848/43-2458 and has found the following:

Quantity of water diverted: 0.22 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 0.22 cfs

The maximum quantity diverted shall not exceed 12 acre feet per year.

Beneficial use: Livestock within the S1/2SW1/4, Sec. 18, Twp. 12S, Rge. 28 E.B.M.

Point of diversion: SE1/4SW1/4 Sec. 18, Twp. 12 S, Rge. 28 E.B.M.

Priority date established: November 8, 1966 (late proof)

If you do not concur with these findings, please advise us within 10 days; otherwise, a license will be issued as set forth in this letter.

Sincerely,

BOBBY D. FLEENOR
Assistant Director

Re: Permit No. 26848/43-2458

Bureau of Land Management
H. M. Bruce, Dist. Mgr.
Box 489
Burley, Idaho 83318

Dear Mr. Bruce:

We acknowledge receipt of the affidavit submitted as proof of beneficial use in connection with the above referenced permit. Enclosed you will find an Order which advances the priority under this permit to November 8, 1966.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof of beneficial use. The enclosed order modifies the above referenced permit to comply with these rules and regulations.

Before a license can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than you should be contacted by the examiner, please advise.

Very truly yours,

BOBBY D. FLEENOR
Assistant Director

Re: Permit No. 26848 (New No. 43-2458)

U. S. Dept. of the Interior
Bureau of Land Management
Box 460
Burley, Idaho 83318

Gentlemen:

It appearing to the Department of Water Administration that the terms and conditions of Permit 26848/43-2458 to appropriate the public waters of the State of Idaho have not been complied with as to failure to submit proof of beneficial use of water due on June 30, 1961, you are hereby notified that under the provisions of Section 42-311, Idaho Code, as amended, said permit is hereby held for cancellation, and you are required to show cause before the Director of the Department of Water Administration on or before March 28, 1971, why said permit should not be cancelled.

Permit 26848/43-2458 claims the use of 3.0 cubic feet per second of water, the point of diversion was to be located within the SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18, T. 12S, R. 28E, B.M. and the permit was approved April 11, 1957.

R. KEITH HIGGINSON
Director

43 2458

STATE OF IDAHO
DEPARTMENT OF RECLAMATION

RE: Permit No. 26848

Date March 31, 1961

U. S. Bureau of Land Management
P. O. Box 460
Burley, Idaho

Dear Sir:

The date for proof of application of water to beneficial use, as set out under the terms of Permit No. 26848 is due not later than June 30, 1961. If by this date you are not prepared to make this proof, you may make it at a later date, however, your priority will be advanced the same length of time for which the proof is late.

Before this proof can be made, the statutory requirement is that a Notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated--by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Permit No. 26848

Application for Extension of Time for Beneficial Use Proof

STATE OF IDAHO

County of Cassia

SS

Jack F. Wilson acting in behalf of U.S. Department of the Interior, Bureau of Land Management

State of Idaho, being first duly sworn, upon his oath deposes and says:

That ~~XX~~ Bureau of Land Management is the owner and holder of Permit to Appropriate the Public Waters of the State of

Idaho, No. 26848

That, under the terms and conditions of said permit, proof of beneficial use thereunder was required to be made by April 11, 1958

Bureau of Land Management

That ~~XX~~ has heretofore put to beneficial use three second feet of water and has irrigated 40-270 acres.

That, for the following reasons, ~~XX~~ Bureau of Land Management is unable to put to beneficial use within the required time

the remainder of the water appropriated under his permit, to-wit: 1. The first 9 months of 1958 were deficient in precipitation and there has been below normal waste water in Sublett and Warm Creek to utilize. However, beneficial use has been made of the water available that has escaped from the ranches above. The construction is complete and beneficial use can be made if, and when, precipitation is normal. 2. It is suggested that inspection of the project be made between October 15 and April 14 to see the project in operation.

WHEREFORE, He asks that the Commissioner of Reclamation/Engineer extend the time for the making of proof of beneficial use under said permit to June 30, 1961.

Subscribed and sworn to before me this 5th day of November, 1958

Notary Public Residing at Burley, Idaho

Mr. Wilfred H. Quinn, Dist. Range Mgr.
U. S. Dept. of the Interior
Bureau of Land Management
P. O. Box 460
Burley, Idaho

Dear Mr. Quinn:

Enclosed is the Approval of State Reclamation Engineer for an Extension of Time for proof of beneficial use under the terms of Permit No. 26848 to June 30, 1961, as same is recorded in the Department of Reclamation in Book 95 of Permits at Page 26848. This extension of time should now be attached to the original permit to which it refers and to which it becomes an extended limitation.

Mr. Wilfred H. Quinn, Dist. Range Mgr.
U. S. Dept. of the Interior
Bureau of Land Management
P. O. Box 460
Burley, Idaho

Dear Mr. Quinn:

Our field engineer reports on his inspection of the beneficial use of the water under the terms of Permit No. 26848 that all land is planted to crested wheat grass, grazing 300 head of cattle twice each year, but that there was no evidence of irrigation, although all could be flooded during freshet flow of Warm Creek. Also, that it was requested that the proofs of beneficial use under said permit be withdrawn until later date and that an extension of time be given for later proof of beneficial use. We enclose an Application for Extension of Time, which you may complete and submit for approval and to be recorded.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 26848This proof is for Beneficial UseIn Water District No. P.O. Box 4601. Name of applicant U.S. Dept. of the Interior, Bureau of Land Management, Burley, Idaho2. Source of water supply: Warm Creek3. Location of point of diversion: Is in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 18T. 12 S. R. 28 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: Reservoir on Warm Cr. formed by earthen embankment approximately 400' x 5' - Reservoir capacity $\frac{1}{2}$ Acre foot - Gate controlled discharge into small ditch about 4 miles long - intended primarily for distributing water for stock watering, though some may spill over adjacent land area to effect irrigation by wild flooding - Well + Windmill + 3600 metal storage tank + trough for emergency stock watering

5. Water is used for: Livestock watering and irrigating crested wheatgrass6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

-- Township 12 South, Range 28 EastSection 18 - NW $\frac{1}{4}$ SW $\frac{1}{4}$ (40) SW $\frac{1}{4}$ SW $\frac{1}{4}$ (20) SE $\frac{1}{4}$ SW $\frac{1}{4}$ (10), total 70 acres-- Township 12 South, Range 27 EastSection 13 - SW $\frac{1}{4}$ NE $\frac{1}{4}$ (40), SE $\frac{1}{4}$ NW $\frac{1}{4}$ (40), NE $\frac{1}{4}$ SE $\frac{1}{4}$ (40), NW $\frac{1}{4}$ SE $\frac{1}{4}$ (40), SW $\frac{1}{4}$ SE $\frac{1}{4}$ (20), SE $\frac{1}{4}$ SE $\frac{1}{4}$ (20), total 200Total acres to be irrigated - 270. ER

app. 3.0 cfs
Q_W - 3.0 cfs

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Normally none except in times of large spring runoff some may reach. East + Snake Rivers.

Remarks: The 8-18-58 inspection was made with Mr. Clarence Barney of B. L. M. This permit is in connection - (a unit) with a much larger (12 square mile $\pm$) area which has been planted to crested wheatgrass + otherwise developed for cattle grazing.

Low-water-intake of soil is favorable for ponding + storing water in unlined reservoirs + ditches for stock watering purposes.

The stand of crested wheatgrass was good throughout the development + no difference was noted in places where some water might have been

This examination was made on the 18 day of Sept., 1958(Signed) James H. Hare

Examiner.

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Dear Mr. Quinn:

This acknowledges receipt of the depositions of Holder and two witnesses, also the affidavit of publication in The Burley Bulletin, in proof of Beneficial Use under Permit No. 26848.

Before final action is taken the law requires that a field examination be made by an engineer from this department. We cannot say just when this will be made but our field engineer will contact you prior to the time he is to make the examination so that you can arrange to show him over the ground.

Permit No. 26848

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. U. S. Dept. of the Interior, Bureau of Land Management

P. O. Box 460, Burley, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 26848 dated April 11, 1957 Date of priority Feb. 20, 1957

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water is diverted from Warm Creek at a point N. 77°10' E 2715 feet from SW corner of Sec. 18, T. 12 S., R. 28 E.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. A diversion dam, small reservoir and a 21-inch culvert equipped with adjustable headgate which diverts the water into a spreader system 3400 feet long and discharges it through weeps on to the land. Capacity, normally 3 sec. ft.; at flood time, 15.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water will be used by range livestock and to irrigate crested wheat and other grasses. The land to be irrigated is described as follows:

SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 13, T. 12 S., R. 27 E. Also W $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18, T. 12 S., R. 28 E. During the winter the water will irrigate 40-60 acres.

However, it will fluctuate with the storms and at the peak flood stage the maximum could be 270 acres.

26848

Ans

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Other than irrigation purposes the water is used for watering range livestock.

The reservoir spreader system and depressions will impound water for many days' use after the stream ceases to flow.

Ques. 8. What is the minimum amount of water required for the purpose specified above? Large or small amounts of water can be beneficially used any month of the year. It is desired to file
Ans. only on waste water that is not appropriated by prior users higher up Warm Creek and not infringe upon their rights.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. The Dept. of the Interior is the original as well as the present applicant.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The above described diversion works were constructed and began operation in January, 1957. The water was used for livestock and irrigation purposes in varying amounts from one to 5 second feet. The water ceased to flow approximately March 1.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The Dept. of the Interior has a number of livestock water permits in the area.

PERMIT NO. 26848

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Arthur Schorzman 40 Sublett Rt. Malta, Idaho. Rancher

Ques. 2. Are you acquainted with U. S. Dept. of the Interior Bureau of Land Management, the holder of Permit No. 26848? How long have you known him and where does he reside?

Ans. Yes.

Ques. 3. Have you read or heard read said Permit No. 26848, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion and describe works for conveying water from point of diversion to place of use.

Ans. The water is diverted from Warm Creek, flowing through a reservoir, culvert, and used in a water spreading system.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 3 to 15 sec. ft.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used by cattle. Also for irrigation of crested wheatgrass on lands described below: SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$, Sec. 13, T. 12 S., R. 27 E. Also W $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 18, T. 12 S., R. 28 E. Only the lowest elevations, such as the swales, are irrigated. Totaling 40 to 300 acres, depending on the quantity of water.

26848

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used solely for irrigation and livestock watering.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Sagebrush land which was plowed and planted to crested wheatgrass approximately five years ago is being irrigated to increase the production.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have a grazing permit to use the pastures watered by this application.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have observed on a number of occasions that the crested wheatgrass has been irrigated and the water used by livestock.

TO BENEFICIAL USE**

Notice is hereby given that at 3:00 p.m. on the 12th day of March 1958, at Malta, County of Cassia, State of Idaho, before J. H. Thompson, a Notary Public, proof will be submitted of the application to beneficial use of 3 - 15 cubic feet per second of the waters of Warm Creek in accordance with the terms and conditions of Permit No. 26848 heretofore issued by the State Reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are U. S. Dept. of the Interior, Bureau of Land Management, Box 460, Burley, Idaho.

The use to which said water has been applied is livestock watering and irrigation of crested wheatgrass.

The amount applied to beneficial use is 3 - 15 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) SE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, and SE $\frac{1}{4}$, Section 13, T. 12 S., R. 27 E., and W $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 13, T. 12 S., R. 28 E., E. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Warm Creek Water Spreader.

The right to take water from such works is based upon Permit No. 26848.

The source of supply from which such water is diverted is Warm Creek.

The date of priority which said user is prepared to establish is February 20, 1957.

RE: Permit No. 26848

United States
Department of the Interior
Bureau of Land Management
Burley, Idaho

Attention: Boyce B. Coffey
Acting Dist. Manager

Dear Mr. Coffey:

This acknowledges receipt of the Notice of proof application of water to beneficial use under permit No. 26848, to be made at Malta, at 3:00 P.M. on the 12th day of March, before Mr. J.H. Thompson, Notary Public.

As per your request of your letter of February 6th, 1958, we enclose Notice for publication and letter of instructions to the Burley Bulletin. The affidavit of publication and statement of cost to be mailed to you.

In completing the enclosed depositions, it is very important that they be executed by you and two disinterested witnesses, who are familiar with the terms and the work done thereunder, at the time, date, place and before the Notary as advertised in the publication Notice, as well as all other information called for. The signatures and the Notary's seal are essential.

When returning the depositions to this office, please be sure to include the affidavit of publication.

Very truly yours,
