Dear Mr. Roberts:

A representative of this Department has made an examination of the works covered by your Permit No. 26482/43-2449 and has found the following:

Quantity of water diverted: 11.99 cfs

Amount of water that can be recognized as beneficially used under Idaho law: * 6.40 cfs

The maximum quantity diverted shall not exceed 1,280.6 acre feet per year.

Beneficial use: Irrigation of 320 acres within the $W\frac{1}{2}$ Sec. 22 and stockwatering purposes in the $NE\frac{1}{4}NE\frac{1}{4}$ and $NE\frac{1}{4}SW\frac{1}{4}$, Sec. 22; all in Twp. 13S, Rge. 27E, B.M.

Point of diversion: $NE\frac{1}{4}NE\frac{1}{4}$ & $NE\frac{1}{4}SW\frac{1}{4}$, Sec. 22, Twp. 13S, Rge. 27E, B.M.

The priority date established: July 26, 1956

* Subject to the condition that the maximum rate of diversion shall not exceed 11.99 cfs when combined with License No. 26485/43-2451.

When this permit was amended in September, 1972, the Department inadvertently listed domestic instead of stockwater as a nature of use. Enclosed you will find an application for amendment which will not require a filing fee.

If you concur with the above findings, please sign the amendment application and return it to this office within 10 days of the date of this letter in order that we may issue a water license for this permit. If you have any questions, please contact us within the 10-day period.

ORDER MODIFYING REQUIREMENTS

Re: Permit No. G-26482/43-2449

Evertt T. Johnson
Grandview Additiona
Burley, Idaho

Dear Mr. Johnson:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.
