Joseph E. Taylor
Tost, Utah

Dear Mr. Taylor:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Herald-Bulletin, all submitted in proof of beneficial use of water on Permit No. 26165.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

Permit No. 26165

Proof of Application of Water to Beneficial Use

Deposition of Holder

✓ Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Joseph E. Taylor, reside at Yost, Utah, I am a farmer, and my post office address is Yost, Utah.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. None

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. ✓ 26165, date of permit is January 30, 1956, priority is January 26, 1956.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Water supply is un-named spring sometimes called Jensen's Spring, located 800 ft. North and 32 ft. East of the South Quarter corner of Sec. 31, Twp. 16S, Rge. 25E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Small earthen dam across a creek channel and water is diverted into an open ditch on gravity flow to the place of use, the ditch is capable of conveying 100 inches of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic. Water has been used in the NE 1/4 SW 1/4 and the NE 1/4 SE 1/4 of Sec. 31, Twp. 16S, Rge. 25E. B. M. 26 acres have been irrigated at one time when planted to grain but last season by reason of the drought only 6 acres of hay was irrigated. Brush at one time was removed from 26 acres and ground cultivated.

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans.

26165

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. none

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. ~~One inch per week.~~

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The amount of water available for use is varied dependent upon no winter snow and rains. In 1952, 26 acres of grain was irrigated but in recent years 6 acres of hay is all that was cultivated by reason of water shortage.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Cleo Teeter, 37 years old, reside at Yost, Utah, I am a farmer and my post office address is Yost, Utah.

Ques. 2. Are you acquainted with Joseph E. Taylor, the holder of Permit No. 26165? How long have you known him and where does he reside?

Ans. I am acquainted with Mr. Taylor and have known him 36 years, he resides at Yost, Utah.

Ques. 3. Have you read or heard read said Permit No. 26165, and are you familiar with its provisions and conditions?

Ans. I have read the permit and am familiar with it.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water comes from a spring that is called Jensen's Spring sometimes and is conveyed from about 800 ft. North and 32 ft. East of the South Quarter corner of Sec. 31, Twp. 16 S., Rge. 25 E. B. M. through an open ditch to place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Two second feet can be safely conducted to place of use and I have seen said amount so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic. NE 1/4 SW 1/4 and NE 1/4 SE 1/4 of Sec. 31, Twp. 16 S., Rge. 25 E. B. M. in 1952 I saw 26 acres under cultivation. The brush has been removed and plowed and put under cultivation.

26165

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. none

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land reclaimed was sage brush land. I estimate about one inch of water per acre would be required for profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. In 1952 I saw 26 acres of grain irrigated. In recent years there has been a lack of snow and there has been about six acres under cultivation.

RE: Permit No. 26165Date Nov. 1, 1960Joseph E. Taylor
Tost, Utah

Dear Sir:

Under the terms of your Permit No. 26165 you are required to make proofs of completion of works and application of water to beneficial use on or before January 30, 1961.

We enclose Form 6 to be filled in and sworn to by you before a Notary Public, and returned to this department on or before the above date, for making proof of completion under the permit. Upon receipt of this affidavit, provided same satisfactorily shows the completion of works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We enclose Form 10, in duplicate, which is to be filled in and returned to this department at least forty (40) days before the above mentioned date or before the time you intend to make proof. This form, in duplicate, is to include the time of day, the date (allowing for four weeks publication), the name of the town, the address of the Notary Public before whom you will appear to make the depositions of proof (this may be at any place that is convenient for you and your two witnesses), the quantity of water, for what purpose it is used, the point or points of diversion and the location of use or lands which are irrigated—by 40-acre legal land description. Descriptions should be taken from your Permit, including any amendments thereto, as recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

Also enclosed is Form 11, which is the authorization for us to have the Notice published in the designated county newspaper, at your expense. This is to be returned with Forms 10.

At the time we send the notice to the newspaper will will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set and at the place named, before the Notary Public, as advertised in the publication notice.

Dear Mr. Taylor:

We have located an error on the records of this department on Permit No. 26165. Inadvertently the point of diversion was stated as being in the SW $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 31, Township 16 South, Range 31 East, and so recorded.

We will therefore request that you sign the enclosed amendment and return to this department, which will correct the error on the records in this department and we will send you back a copy of the amendment for your records, changing the range from 31 East to 25 East, B.M.

Very truly yours,

MARK R. KULP

Re: Permit No. 26165

Mr. Joseph E. Taylor
Yost,
Utah

Dear Mr. Taylor:

Permit No. 26165 was approved January 30, 1956, and stipulated the time for which completion of works and beneficial use proofs were to be made as January 30, 1958, or a period of two years; whereas, the time allowed could have been for a period of five years or to January 30, 1961.

Therefore, we have enclosed an application form with which you may request an extension of time for completion of works and beneficial use proofs to January 30, 1961. Please fill out this form in detail and return it at your earliest convenience.

Very truly yours,

RE: Permit No. 26165

FOISE

November 1, 1957

Joseph E. Taylor
Yost, Utah

Dear Sir:

Under the terms of your permit No. 26165 you are required to complete your diversion works and make proof of beneficial use on or before January 30, 1958.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is 26165, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

MARK R. KULP
