RE: License No. G-24810

Joseph W. Barrett
Box 2517 County Road 117
West Sacramento, California

Dear Mr. Barrett:

Your water license noted above is for 2.88 cubic feet per second, priority March 19, 1954.

To transfer your water to only the S¹/₄ NW¹/₄, Sec. 20, T. 14 S., R. 27 E., B.M., you must request the transfer on a form which will be furnished by this department.

The transfer would reduce the amount of water to 1.6 c.f.s. or 80 miner's inches as only one inch is allowable per acre of land. The form for application to transfer the water right is not enclosed as I do not believe you would wish to lose the right to the extra water.

The cost for a transfer is \$1.00 fee in this office plus cost of publication of a legal notice which is generally less than \$10.00.

Very truly yours,

RALPH W. THOMAS
Deputy State Reclamation Engineer

Joseph W. Barrett
Box 2517 County Road 117

Dear Mr. Barrett:

Your water license noted above is for 2.88 cubic feet per second, priority March 19, 1954.

To transfer your water to only the S.W. 1/4, Sec. 20, T. 14 S., R. 27 E., B.M., you must request the transfer on a form which will be furnished by this department.

The transfer would reduce the amount of water to 1.6 c.f.s. or 80 miner's inches as only one inch is allowable per acre of land. The form for application to transfer the water right is not enclosed as I do not believe you would wish to lose the right to the extra water.

The cost for a transfer is \$1.00 fee in this office plus cost of publication of a legal notice which is generally less than \$10.00.

Very truly yours,

RALPH W. THOMAS

Dear Mr. Barrett:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-24810, which shows that your well located in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 20, Township 14 South, Range 27 East, B.M. will deliver 144 inches or 2.88 second feet of water which has been used to irrigate 155 acres of land in the S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 20; and NE $\frac{1}{4}$ NW $\frac{1}{4}$, and the North $\frac{3}{4}$ of the S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 8, same Township and Range.

A Certificate of Completion of Works and License can, therefore, be issued for 2.88 second feet of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$10.00 license fee, or a total of \$15.00.

Gentlemen:

We have checked the notice on Permit No. G-24810 of Joseph W. Barrett appearing in your issue of February 16, 1956, and find same to be correct with one slight typographical error as follows:

In the paragraph numbered four, the third line of same should read "NW¹, N 3/4 SW¹ NW¹, Section 8" and not NW¹, N¹SW¹NW¹.

Please make this correction in your subsequent issues.

Dear Mr. Barrett:

We are in receipt of your Publication Notice of Proof of Completion of Works and Application of Water to Beneficial Use on the above stated Permit.

We observe that you have cut down the amount of water from 4 cubic feet per second as filed on to 2.5 cubic feet per second. We assume that the 2.5 cubic feet per second is probably the maximum amount of water that you are pumping from said well, however, we observe that you have cut down the Place of Use from the S $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Section 20, W $\frac{1}{2}$ NE $\frac{1}{4}$, NE $\frac{1}{2}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, Section 8, Township 14 South, Range 27 East, to only the amount of the S $\frac{1}{2}$ of the NW $\frac{1}{4}$ of Section 20 and the NE $\frac{1}{2}$ NW $\frac{1}{4}$ Section 8.

If this is all the land that you are going to water from this well it will be necessary to cut the amount of water that you are proving up on to 2.5 cubic feet per second to 2.4 cubic feet per second which allows one inch per acre for the land filed on which being the maximum amount of water that we could allow you.

Providing you have overlooked including part of your land in the enclosed notice please include same on the said Notice of Publication and when we received same we will recopy said Notice for the paper.

Dear Sir,

I received your letter and application for Correction
The well produced slightly more than 2.6 cu. ft

I included units of land as near the amount of
water that I could pump. However, I would like
to prove up on all the water the well will produce -
I have included a piece of land N $\frac{3}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$
Sec 8 - 30 acres. This piece should have
been in the land application. If for any
reason this land can not be used to prove
up on, we will have to use the first
application I sent in and change the water
applied for to 2.4 cu ft. Since I have
disposed of the other land listed -

If this letter is too late for publication
the date can be set ahead however
I have change the date to March 15 To
allow more time.

Certificate of Water Right
Transferred Right No. 1012

THIS IS TO CERTIFY, That Joseph W. Barrett of Box 2517 County Road 117, West Sacramento, California, is the owner of and using a certain water right of 2.88 cubic feet per second of the waters of a subterranean well, said water being obtained by virtue of License No. G-24810, issued by the State of Idaho, Department of Reclamation, dated October 5, 1962, bearing date of March 19, 1954, for the purpose of irrigating the following described lands situate, lying, and being in the County of Cassia, State of Idaho, to-wit:

NE $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, Section 8, S $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 20,
Township 14 South, Range 27 E. B. M.,

That said license has been entered in the records of the Department of Reclamation of the State of Idaho, in Volume 12, at Page 7476, thereof;

And that Joseph W. Barrett has become the owner of said right by appropriation;

And that now, upon the application of Joseph W. Barrett for the transfer of 2.88 cubic feet per second, made before the State Reclamation Engineer of the State of Idaho, and said application having been granted, the right to the use of 2.88 cubic feet per second of the waters of subterranean source by well upon the above described lands is hereby abandoned, and the place of use of said water under such right is HEREBY CONFIRMED, shall by this Certificate become appurtenant for irrigation and domestic purposes, is described as follows, to-wit:

S $\frac{1}{2}$ SW $\frac{1}{4}$, Section 17; S $\frac{1}{2}$ NW $\frac{1}{4}$, Section 20,
Township 14 South, Range 27 E. B. M.,

That said water is to be limited at any given time to an amount actually needed and beneficially used for such purposes and shall not exceed the following amount, to-wit:

2.88 cubic feet per second of the waters
of subterranean source with priority of
March 19, 1954;

And that the water right hereby transferred has heretofore been conducted from subterranean source with point of diversion in the SW $\frac{1}{4}$ NW $\frac{1}{4}$, Section 20, Township 14 South, Range 27 E. B. M., through private ditch;

That the water right hereby transferred will hereafter be conducted to the last above described lands from subterranean source by well, with no change in point of diversion;

That the right to the use of the water aforesaid, hereby confirmed, is restricted to the lands or place of use last above described, as provided by the laws of the State of Idaho.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the Department of Reclamation of the State of Idaho to be hereunto affixed at Boise, Idaho, this 9th day of July, 1963.
