INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

NAME OF APPLICANT

State of Idaho
License and Certificate of Water Right

Water License No. G-23864

Amount 1.06 c.f.s.

Water District No. _____

Priority March 3, 1953

THIS IS TO CERTIFY that CHARLES H. WARR
of Malta, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated March 3, 1953; that Permit No. G-23864
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
1.06 second feet, was issued thereunder on August 4, 1964, showing that said works
were completed on the 8th day of June, 1954; and that on the 8th
day of June, 1954,

CHARLES H. WARR

of Malta, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-23864 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume
13 of Licenses at page 7915, on the 4th day of August, 1964;

The right hereby confirmed dates from March 3, 1953;

The Point of Diversion is located

in the NE 1/4 NW 1/4, Sec. 20, Twp. 14 S., R. 27 E., B. M. Cassia County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 1.06 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
<u>14 S.</u>	<u>27 E.</u>	<u>17</u>	<u>S 1/2 S 1/2 NE 1/4</u>	<u>20</u>	<u>20</u>
			<u>SE 1/4 SW 1/4</u>	<u>40</u>	<u>20</u>

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 31644
 Permit No. G- 23864
 District No.

1. Name of Applicant: CHARLES H. WARR
 Postoffice address: Malta County: Cassia State: Idaho
2. Quantity of water claimed: 2.16 cubic feet per second
 (a) Rate of withdrawal in cubic feet per second. 2.16 or Idaho
 Miners' inches 108 or gallons per minute.
 (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Subterranean from well
4. Location of point of diversion or well is in the S.W. corner of
 NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 20
 Twp. 14 S. , Rge. 27 E. , B.M., County of Cassia
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
 Rge. , B.M.
 (b) Waste water or sewage effluent is to be returned to
 at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Cased well, drilled
8. Estimated cost of works: \$ 3,000
9. (a) Is reservoir to be used?
 (b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is 2 years.
11. If applicant is a corporation, give:
 I. (a) Date and place of incorporation:
 (b) Amount of capital stock: \$ (c) Amount paid in: \$
 (d) Names and addresses of directors:
 II. The financial resources of the applicant are (a) Cash on hand: \$
 (b) Treasury stock: (c) Bonds to be issued:
 (d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 1 in. to acre from Raft River of 81-82-1909 water rights.
 (a) 108 ~~(cubic feet per second, inches or gallons per minute)~~ gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 (b) (cubic feet per second, inches or gallons per minute) is for new lands.

This well will supplement these water rights and make this land more dependable as to producing a beneficial crop

Re: Permit No. G- 23864

To Charles H. Warr
Malta, Idaho

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G- 23864 to appropriate the Public Waters of the State of Idaho, have not been complied with as to Payment of fees totaling \$17.00 plus interest at 6% per annum beginning January 1, 1958 as per letter dated December 30, 1957.

YOU ARE HEREBY notified in compliance with Sec. 42-234, Idaho Code that said Permit No. G- 23864 is hereby held for cancellation.

YOU ARE HEREBY required to show cause before the State Reclamation Engineer on or before sixty days from date of this notice why said Permit should not be cancelled.

SAID PERMIT NO. G- 23864 claims the use of ^(measured) 1.06 cubic feet per second of the Subterranean Waters a well with point of diversion located: NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 20., Twp. 14S., Rge. 27 E.B.M. and was approved March 7, 1953.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of my office, at Boise, Idaho, the 11th day of June, 19 64.

Carl E. Tappan

State Reclamation Engineer

23864

December 30, 1957

Re: Permit No. G-23864

Mr. Charles H. Warr
Malta
Idaho

Dear Mr. Warr:

Proofs of completion of works and application to beneficial use were made on Permit No. G-23864 on June 8, 1954.

Examination by an engineer of the department showed that your well in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 20, Township 14 South, Range 27 East, B.M. delivered 1.06 cubic feet per second (53 miner's inches) of water which has been used to irrigated 115 acres of land in the S $\frac{1}{2}$ S $\frac{1}{2}$ NE $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 17; N $\frac{1}{2}$ SW $\frac{1}{4}$ of Section 20, Township 14 South, Range 27 East, B.M.

On August 2, 1954, you were informed that on payment of the statutory fees amounting to \$17.00, a Certificate of Completion of Works and a License and Certificate of Water Right would be issued.

A review of the file on Permit No. G-23864 does not show receipt of the fees or the issuance of the certificates. On payment of the fees, the certificates can still be issued--but the fee will be increased by interest at the legal rate of 6% per annum, beginning on January 1, 1958.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Attn: Mr. Norman H. Nielson

A 23864

August 2, 1954

RE: Permit No. G-23864

Mr. Charles H. Warr
Malta
Idaho

Dear Mr. Warr:

The report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-23864 shows that your well in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 20, Township 14 South, Range 27 East B.M. will deliver 53 inches of water which has been used to irrigate 115 acres in the S $\frac{1}{2}$ S $\frac{1}{2}$ NE $\frac{1}{4}$ and S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 17; N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 20, Township 14 South, Range 27 East B.M.

A Certificate of Completion of Works and License can, therefore, be issued for that amount upon receipt of the statutory fees which amount to \$5.00 for Certificate of Completion of Works and \$12.00 License fee, the latter being at the rate of \$2.00 for each 40 acre subdivision in which the land is located.

Very truly yours,

REPORT OF ENGINEER

Permit No. G-23864

This proof is for Completion of Works & Beneficial Use In Water District No.

1. Name of applicant Charles H. Warr, Malta, Idaho

2. Source of water supply: Subterranean from a well

3. Location of point of diversion: Is in the Southwest corner of NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 20

T. 14 S. R. 27 E. County of Cassia

4. Describe works as they exist, giving dimensions and capacities of same: Well is 16" diameter by 80' deep, cased to bottom. H=8 $\frac{1}{2}$ ', draw down 50'. 8" by 70' column. U. S. Motor 10 HP, 220 V., 27 A., 1800 RPM, No. 897176. U. S. Pump No. 17563. 8" by 8' delivery pipe to the South into a ditch. Concrete curb 3' by 3', no protection.

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

S $\frac{1}{2}$ SW $\frac{1}{4}$ Section 17;

S $\frac{1}{2}$ S $\frac{1}{2}$ NE $\frac{1}{4}$ Section 17;

N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 20;

Twp. 14 South, Range 27 East, B. M.

See the map

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

This examination was made on the 21 day of July, 19 54

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We have your letter of July 1st returning corrected deposition of Charles H. Warr in proof of Completion of Works and Beneficial Use on Permit No. G-23864.

This completes the proof, but before final action is taken the law requires that a field examination be made by an engineer from this Department.

We cannot say just when this examination will be made, but our field engineer will contact Mr. Warr at the time he makes the examination in order that arrangements may be made to show him over the ground.

BOISE, IDAHO

Permit No. G 23864

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Charles H. Warr, Malta, Idaho, farmer.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. ---

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G 23864, date of priority May 7, 1953.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Subterranean well. Southwest corner of the Northeast Quarter of the Northwest Quarter, Section Twenty, Township Fourteen South, Range Twenty-seven, East Boise Meridian.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined.

Ans. The diversion works are ditches that are capable of carrying four second feet of water from point of diversion to place of use. The well is 80 feet deep. There is a sixteen-inch casing. The water is 8 feet from the top of the well. The amount of water the pump will discharge is 1.6 second feet. This was measured and determined by the pump's capacity and by comparison with other wells in the area.

Pump installed is a 10 H. P. U. S. Pump.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation and is used to irrigate the $S\frac{1}{2}SW\frac{1}{4}$ of Sec. 17, $N\frac{1}{2}NW\frac{1}{4}$ of Sec. 20, $S\frac{1}{2}S\frac{1}{2}NE\frac{1}{4}$ of Sec. 17, all in Twp. 14 South, Range 27 E., Boise Meridian. A little more than 60 acres has been irrigated in the $S\frac{1}{2}SW\frac{1}{4}$ of Sec. 17. A little more than 60 acres has been irrigated in the $N\frac{1}{2}NW\frac{1}{4}$ of Sec. 20, and approximately 20 acres in the $S\frac{1}{2}S\frac{1}{2}NE\frac{1}{4}$ of Sec. 17. The land was cultivated land and the land has been improved by the placing of a well and pump on the said property at a cost of \$3300.00.

23864

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. An inch to the acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. -----

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. The water from the well has been used for approximately a year and was used during the cropping season of 1953.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. The land described in this deposition has a water right in the amount of 160 inches in Raft River. The water right is a 1909 water right and the water is not available except where there is a lot of water in Raft River. There was very little water available to the land in 1953 and none is available to the land in 1954 because of poor water conditions, and the 1.6 second feet of water is necessary to irrigate the said land.

(Sign) Charles H. Warr

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Burley, County of Cassia, State of Idaho, on this 8 day of June, A. D. 1954.

My commission expires May 12, 1958.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at Ten (10) A. M. on the 24th day of May, 1954, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the completion of works for the diversion of 1.6 cubic feet per second of the waters of Subterranean well in the NE 1/4 NW 1/4, Section 20, Twp. 14 S., Range 27 E., B.M. and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-23864 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Charles H. Warr, Malta, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is four (4) cubic feet per second.

3. The use to which said water has been applied, as for irrigation purposes, and the amount applied to beneficial use is 1.6 cubic feet per second.

4. The place where said water is

used is South Half of the Southwest Quarter of Section Seventeen, Township Fourteen South, Range Twenty-seven, EEM; the north Half of the Northwest Quarter of Section Twenty, Township Fourteen South, Range Twenty-seven, EEM; the South Half of the South Half of Northeast Quarter of Section Seventeen, Township Fourteen South, Range Twenty-seven, EEM.

5. The date of priority which said user is prepared to establish, is March 3, 1953.

The Burley Herald-Bulletin

AFFIDAVIT OF PUBLICATION

STATE OF IDAHO }
COUNTY OF CASSIA } ss.

..... Junior W. Ross, first being duly sworn, deposes and says: That he is the printer of The Burley Herald and/or The Burley Bulletin, a weekly newspaper published at Burley, in the County of Cassia, State of Idaho; that the said newspaper has a general circulation in said county, and that the said newspaper is published weekly and has been continuously and uninterruptedly published in said county, not less frequently than once a week, during a period of seventy-eight consecutive weeks immediately prior to the first publication of the printed notice herein referred to;

That said newspaper at all times herein mentioned, has been a newspaper of general circulation, made up of at least four pages of at least five columns each, printed from typed matter or stereotyped forms of at least seventeen and three-fourths inches depth, and during the whole of said time has had at least two hundred bona-fide subscribers living within said County of Cassia.

Affiant further states that the printed notice attached hereto was duly published according to law, in the regular weekly editions of the said newspaper and not in any supplement thereof, for four consecutive weeks, commencing with the issue dated Apr. 29, 1954, and ending with the issue dated May 20, 1954.

Subscribed and sworn to before me this 10th day of June, 1954.

A 23864

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G 23864

Proof of Application of Water to Beneficial Use
Deposition of Witness ^{and Completion of Works}

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lorenzo D. Tracy, 44 years of age, farmer, Post Office address, Malta, Idaho.

Ques. 2. Are you acquainted with Charles H. Warr, the holder of Permit No. G 23864? How long have you known him and where does he reside?

Ans. Yes. I have known Charles H. Warr for 15 years, and he resides at Malta, Cassia County, Idaho.

Ques. 3. Have you read or heard read said Permit No. G 23864, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water supply is subterranean well; place of diversion, sw corner of the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 20, Twp. 14 S., R. 27 E., B.M. Works for conveying water is by the use of pump and ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 4 second feet. 1.6 second feet of water.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen 1.6 second feet of water delivered from the pump and did estimate the amount by comparison with the other wells located in the same vicinity.

A 23864

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation and is used on the $S\frac{1}{2}SW\frac{1}{4}$ of Sec. 17, the $N\frac{1}{2}NW\frac{1}{4}$ of Sec. 20, the $S\frac{1}{2}S\frac{1}{2}NE\frac{1}{4}$ of Sec. 17, all in Twp. 14 S., R. 27 E., B.M. A little more than 60 acres have been irrigated in the $S\frac{1}{2}SW\frac{1}{4}$ of Sec. 17; a little more than 60 acres have been irrigated in the $N\frac{1}{2}NW\frac{1}{4}$ of Sec. 20, and about 20 acres have been irrigated in the $S\frac{1}{2}S\frac{1}{2}NE\frac{1}{4}$, Sec. 17.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. —

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land was agricultural land without sufficient water. The amount of water required for profitable cultivation would be an inch to the acre.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have visited the area many times and have seen the well in use. I am water-master on Raft River in the area.

(Signed)

Lorenzo D. Tracy

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Burley,

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at Ten (10) A. M., on the 24th day of May, 1954, at Burley, County of Cassia, State of Idaho, before Norman H. Nielson, Notary Public, proof will be submitted of the completion of works for the diversion of 1.6 cubic feet per second of the waters of Subterranean well in the NE¼ NW¼, Section 20, Twp. 14 S., Range 27 E., 3. M., and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. C-23864, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Charles H. Warr, Malta, Idaho.

2. Said works of diversion will be fully completed on the date set for

such completion, and the amount of water which said works are capable of conveying to the place of use, in accordance with the plans accompanying the application for such permit, is four (4) cubic feet per second.

3. The use to which said water has been applied is for irrigation purposes, and the amount applied to beneficial use is 1.6 cubic feet per second.

4. The place where said water is used is South Half of the Southwest Quarter of Section Seventeen, Township Fourteen South, Range Twenty-seven, EBM; the north Half of the Northwest Quarter of Section Twenty, Township Fourteen South, Range Twenty-seven, EBM; the South Half of the South Half of Northeast Quarter of Section Seventeen, Township Fourteen South, Range Twenty-seven, EBM.

5. The date of priority which said user is prepared to establish is March 3, 1953.

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We return the application of Charles H. Warr for amendment to the land list in Permit No. G-23864 which has been approved by the State Reclamation Engineer and recorded in this department.

We have sent to the Burley Herald-Bulletin, notice for completion of works and beneficial use proof to be made on this Permit May 26, 1954, with instructions to publish it once a week for four weeks prior to that date and to send Mr. Warr the affidavit of publication together with statement of costs.

We enclose the necessary forms of deposition to be used in making this proof, consisting of one for the permit holder and one for each of two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Gentlemen: Re: Permit No. 23864

Enclosed you will find the "Application for Amendment To Permit to Appropriate the Public Waters of the State of Idaho, No. 23864".

Mr. Warr filed this on the 31st day of March, 1954, as as appears on the application. We thought this application had been mailed to your office.

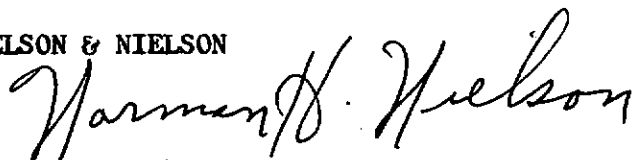

The 1.6 second feet is the correct amount of water that is being applied for. The four second feet we referred to in the application was for the amount of water the ditches would convey.

We could set this hearing for the 24th day of May, if that is satisfactory with your office.

Very truly yours,

NIELSON & NIELSON

Burley, Idaho

ATTENTION: Mr. Norman H. Nielson

Dear Mr. Nielson:

We have your letter of April 19 and also the two copies of notice for completion of works and beneficial use proof on Permit No. 23864 in the name of Charles H. Warr.

In checking the notice we note that in two places you describe the amount on which proof is to be made as 1.6 second feet and in another place as 4 second feet; whereas, the Permit is only for 2.16 second feet.

We also note that you include in the place of use the N $\frac{1}{2}$ NW $\frac{1}{4}$ Section 20, Township 14 South, Range 27 East B.M., which is not included in the Permit. If this additional acreage is to be included, an application for amendment to the land list should be made on the Form enclosed.

We also direct attention to the fact that May 10, 1954, the date set for proof, will not allow time for the statutory four weeks publication, so a later date must be set.

We shall await your further advice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Mr. Warr:

In reply to your letter of February 23, 1953, we enclose 2 forms of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

It is not necessary to file the application in duplicate because when the application is approved, it will be signed by the proper State Officials and returned to you as a use permit under which you may proceed with the construction of the work described in the application. Our office copy of the permit is made on a different form.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.
