Assuming from your previous letters that you are prepared to make proofs of completion of works and beneficial use on your Permit No. G-22556, we enclose Forms for making such proofs and the following instructions:

The proofs may be made at any place convenient for you and your two witnesses but the date must be set far enough ahead to allow for four weeks publication.

Will you please mail me an Assignment Form?

In addition a well has been developed on the S.W. corner of the $NE \frac{1}{4} / SE \frac{1}{4}$ Sec 9 which has also been put to beneficial use. Would it be possible to substitute this for one of the other wells which was not completed?

Dear Mr. Neddo:

We enclose Permit No. G-22556, together with departmental receipt No. 24107 for the \$6.75 filing fee.

You will note that we have allowed two years within which to make the statutory proofs required to complete the permit instead of one year as indicated in the application. This is in accordance with the statutes, but the proofs may be made at any earlier date that you are prepared to make same.

Very truly yours,

MARK H. KULP
