Dear Mr. Eklund:

We have received from Mr. J. Henry Thompson, Notary Public, the depositions of yourself and two witnesses, also Affidavit of Publication in the Oakley Herald, all submitted in Proof of Beneficial Use under Permit No. 20097.

Before final action is taken in the matter, the law requires that a field examination be made by an Engineer from this Department.

We cannot say just when this examination will be made as this Department has but one Field Engineer who makes examinations all over the State.

However, he will try to contact you at the time the examination is made so that arrangements may be made to show him over the grounds.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 20097

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 3, 1951, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Malta, Idaho before J. Henry Thompson, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Dear Mr. Eklund:

We are in receipt of your letter of June 7, 1951, returning Certificate of Completion of Works issued under Permit No. 20097, and stating that you wish to make proof on only 80 inches of water instead of three second feet.

Your Proof of Completion of Works stated that your works were capable of conducting to the place of use, three second feet of water, and for that reason, the Certificate of Completion of Works was issued in that amount.

However, your Notice for Proof of Beneficial Use only describes 1.6 second feet or 80 inches to be used on the W $\frac{1}{2}$ NE $\frac{1}{4}$ of Section 32, Township 14 South, Range 27 East, B.M.

Re: Permit No. 20097

Mr. John Edger Eklund
Bridge, Idaho

Dear Mr. Eklund:

We enclose the Approval of the State Reclamation Engineer of your Application for Extension of Time for Completion of Works on Permit No. 20097 to June 28, 1952.

This should be attached to the original Permit of which it now forms a part.

We note that your application and also the original Permit states that your address is Bridge, Idaho, but the envelope enclosing your Extension Application has the word "Bridge" marked out and "Malta, Idaho" inserted.

Please advise which is your correct address.

Very truly yours,

MARK R. KULP

Permit No. 20097

Application for Extension of Time FOR COMPLETION OF WORKS

John Edgar Eklund

Bridge

State of Idaho

, being first duly sworn, upon his oath deposes and says:

He is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho
No. 20097

Under the terms and conditions of said permit, construction work thereunder was required to be
completed by June- 28-1950, 19

That he has heretofore performed the following work described under said permit:

Dug open well 20 feet deep and cemented the sides.

costing \$750.00

THAT he is unable to complete the remainder of the work within the required time, for the following reasons, to-wit:

The well needs deepening about six more feet, and cost of the work
is more than I can finance at the present time.

with additional time I can finish the well.

WHEREFORE, He asks that the Commissioner of Reclamation extend the time for the completion of construction work under said permit, to June 28-1952, 19

Re: Permit No. 20097

Mr. J. Edgar Eklund
Malta, Idaho

Dear Mr. Eklund:

In office letter addressed you on April 26, 1950, we did not mean that you had to apply for two years' extension, but only that you might be entitled to that much time, if necessary.

If the work cannot be completed by the date set in the Permit, that is by June 28, 1950, it will be necessary to obtain an extension, and the form may be filled out for any length of time you wish.

We suggest that you allow yourself plenty of time, as even if the extension is allowed for a year or more, the proof can be made at any earlier date, whenever you are prepared to make it.

Very truly yours,

Gentlemen:

Just received your letter stating
I could have two more years
before making proof on the water.

But unless some-thing unseen
turns up I will only need not
to exceed sixty days, if it
becomes necessary will I be
able to have the time extended
sixty days, I would like to
make proof as soon as possible.

yours Truly

Re: Permit No. 20097

Mr. J. Edger Eklund
Malta, Idaho

Dear Mr. Eklund:

In reply to your letter of April 25, 1950, requesting extension of time for completion of works under Permit No. 20097:

Since you only requested three years for making this proof, and the Statutes allow up to a maximum of five years to make Completion of Works Proof, you may execute the enclosed application for extension of time for the additional two years, or until June 28, 1952.

This application should be executed before a Notary Public and returned to this Department for approval by the State Reclamation Engineer.

Very truly yours,

April 1, 1950

Dear Sir:

Under the terms of your permit No. 20097 you are required to complete your diversion works and make proof of beneficial use on or before June 28, 1950.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public of Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is June 28, 1950, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,
