Malta, Idaho 83342

Dear Mr. Barlow:

This acknowledges receipt of the notice of intent to make proof of ~~completion~~
~~of works and~~ application of water to beneficial use for permit 18209.

We have mailed the notice to the Burley Herald-Bulletin
to be published once a week for four consecutive weeks prior to August 18,
1967, which is the hearing date when the permit holder

S. H. Barlow, Malta, Idaho
and two disinterested witnesses must appear before Gene Baxter, Malta, Idaho
, notary public, to complete the enclosed
depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be sub-
mitted to this office. The affidavit may be obtained from the newspaper when the
advertising bill is paid by S. H. Barlow

. Be sure all the forms have the
notary's seal and are signed.

Please feel free to contact us if we may be of any assistance.

Re: Permit 18209
J. Henry Thompson

Malta Idaho
Feb. 13, 1964

Mr. Carl Tappan
State Reclamation Engineer
Room 107, Boise Idaho.

Dear Mr. Tappan—

Mr. S.H. Barlow of Malta has talked to me
several times relative to the above noted Permit.
Here are the facts as I find them:

Mr. J. Henry Thompson, no longer lives at Malta
his address is, 781, N. 10th E, Provo Utah. He
at one time owned the Sw 4, Section 1, T13S-R26E.
The E² of this Sw 4 lies east of US 30 and has
been disposed of to other parties and I understand
that Mr. Dean Rogers owns the W² of this Sw 4
excepting 5 acres in the SE Corner of the NW Sw.
A clam shell well was dug in the NW Sw to
irrigate the N² of the Sw 4. It appears that about
15 acres were irrigated from the well all in the
NW Sw. An irrigation ditch also brings water
from Cassia Creek to irrigated a ^{small} portion of the
NW Sw.

18209 A well was drilled in the extreme Sw Corner
of the Sw Sw of Section 1-13-26, and apparently
was intended to irrigate the W² Sw 4, which Mr.
Dean Rogers now owns. This well has never been
put to beneficial use and it is no doubt Mr.
Rogers plan to sell the W² Sw 4, and the intended

buyer's intention¹⁵ to use the drilled well to irrigate the W² Sw⁴, excepting the 5 acres which has been sold out of the NW Sw. This well was drilled for Mr. Thompson by Dean Rogers, 7-8 years ago. It was first drilled to 100 feet and later deepened to 250 feet.

Mr. Barlow as of this date plans to remit the \$5.00 fee and request that you send the Certificate of Completion of Works to Mr. Thompson in care of himself (Mr. Barlow). I doubt that this would be wise, since Mr. Rogers ~~is~~^{is} the present owner of the property, and the C/W certificate should go to Mr. Thompson.

We discussed the possibility of amending both the point of use and the point of diversion in order to make use of the well and to irrigate the W² Sw² instead of the N² Sw⁴. The above amendments would have to be requested by Mr. Thompson or his assignee.

No Commitments were made to Mr. Barlow since this is a complicated affair and he understands that only the State Engineer can make the decisions necessary to allow Ground water to be used to irrigated this property.

Sincerely

Horton G. Haynes

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

J. Henry Thompson
Malta, Idaho

Boise, Idaho, **October 7, 1940**

Dear Sir:—

Under the terms of your permit No. 18209 you are required to complete your diversion works on or before December 19, 1940. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

JAMES SPOTFORD

Commissioner of Reclamation.

Dear Sir:

We are in receipt of your letter of December 11th,
enclosing affidavit in connection with completion
of works proof under the above numbered permit.

Upon receipt of the statutory fee of \$5.00 a Certifi-
cate of Completion of Works will be issued.

We are enclosing the form of notice in connection with
beneficial use proof, which should be made out in dupli-
cate, setting the date for proof sufficiently far ahead
to allow for four weeks publication prior to the date set;
Both copies of the notice, and the form of authorization
to publish in a newspaper published in Cassia County, should
be returned to this office, and we shall send the notice to
the newspaper with instructions in regard to publishing.

In filling out the notice, be sure to state the hour, date,
and the name of the Notary Public before whom the proof is
to be made, as well as the other necessary data in regard to the
proof itself.
