Boise, Idaho.--
Dear Sir :--

Mrs. Janie I. Wake who is advertized to make Beneficial Use Proof under Permit No. 15633 -covering a portion of the Grape Creek waters in this county has mislaid the permit and has asked me to get a copy .--- It may be that this would delay the taking of the proof for a few days and so I have written them not to come this week.-- The proper affidavit showing cause for delay will accompany the proof - They come quite a distance and I was afraid we would not make connection.--- -----
My present commission expires on Sept. 3rd. and I was a little afraid the new appointment would not come but after writing them the appointment came taking effect on Saturday.-- However to make sure I think I will let it go over until next week some time. -- Please send me certified copies of the Permit and Certificate of Completion of Works-- Sincerely Your's,

What will be the charge for an extra certified copy of the License when it is signed

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mrs. Janie I. Wake
Cassia County
Elba, Idaho
Dear Sir:—

Boise, Idaho, July 1, 1925

Under the terms of your permit No...15633....you are required to complete your diversion works on or before. Oct..19..... I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion-under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN
Commissoner of Reclamation.
