No. 17413

Permit No. 12070

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

District No. 10-B

1. Name of applicant: Lorin A. Hendricks.
Postoffice address: Moulton, County: Cassia, State: Idaho.
- I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) The amount of capital stock:
(c) The amount paid in:
(d) Names and addresses of directors:
- II. The financial resources of the applicant are: (a) Cash on hand:
(b) Treasury stock: (c) Bonds to be Issued:
(d) Other resources:
2. The quantity of water claimed is four cubic feet per second.
3. Source of water supply: Cottonwood Creek, which is a tributary of Raft River.
4. Location of Point of diversion: Is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ of Section 20, T. 16 S., R. 23 E., B. M. County of Cassia.
5. To be used for: Irrigation and domestic.
- I. Irrigation and domestic use:
(a) Amount of land to be irrigated: 200.00 acres
(b) In the following legal subdivisions: See Remarks.
- II. Mining, milling, power, manufacturing, transportation or other purposes:
(a) At what point:
(b) Amount of power to be generated: H. P. under feet head.
(c) Is water to be returned to any stream? (d) If so, name stream and locate point of return:
6. Estimated cost of works: \$200.00
7. Description of works for diversion:
- I. Kind of works: Dam and ditch.
- II. Dimensions of works:
(a) Height of dam 3 feet, length of dam at top 10 feet, length of dam at bottom 10 feet. Material used in construction: earth, wood and stone.
(b) Capacity of reservoir acre feet. (c) Size of headgate, width feet, Height feet. (d) Conduit Ditch: width at bottom 3 feet, width at water line 3 $\frac{1}{2}$ feet, depth of water 18 ins. diameter of pipe inches; average grade per mile is 6 feet. Length of conduit is 1 $\frac{1}{2}$ miles, and it crosses the following quarter sections:
8. The time required for the completion of the construction of such work is two years.
9. Time required for the complete application of the water to the proposed use is no additional years.

BE IT KNOWN THAT the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Lorin A. Hendricks, Applicant.

By

Agent.

Date of first receipt at office of State Engineer: 9:00 A. M. April 8, 1916.

Returned to applicant for correction:

Corrected application received:

Approval of State Engineer

The number of this permit is 12070

Recorded in Book 41 Page 12070 Approved April 22, 1916.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before _____

Work to begin on or before June 21, 1916, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before April 22, 1917.

The whole of said work to be completed on or before April 22, 1918.

Beneficial use of water appropriated in accordance herewith, to be made on or before April 22, 1918.

Witness my hand this 22nd day of April, 1916.

J. H. Smith,
State Engineer

Remarks:

The land to be irrigated is described in the following tabulation:

Twp.	Rge.	Sec.	NE $\frac{1}{4}$	NW $\frac{1}{4}$	SW $\frac{1}{4}$	SE $\frac{1}{4}$	Totals
			NE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$	NE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$	NE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$	NE $\frac{1}{4}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$

Certificate issued: March 22, 1918

Permit No. 12070

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that Lorin A. Hendricks of Moulton, County of Cassia, and State of Idaho, the holder of Permit No. 12070, issued upon Application No. 17413, bearing date of priority of April 8, 1916, authorizing the diversion of four (4) second feet of the waters of Cottonwood Creek, County of Cassia, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho, relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use four (4) second feet of the waters of Cottonwood Creek; that the point of diversion of said waters is in the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20, T. 16 S., R. 23 E., B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 20; W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 21, T. 16 S., R. 23 E., B. M.

Witness my hand this 22nd day of March, A. D. 1918.

Fred A. Wilkie,
State Engineer of the
State of Idaho.

STATE OF IDAHO)
) ss.
 County of Cassia,)

Lorin A. Hendricks, being first duly sworn, upon his oath deposes and says:

That he is the owner of a permit water right appurtenant to the following described land to-wit: NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 20; W $\frac{1}{2}$ SW $\frac{1}{4}$, Sec. 21, T. 16 S., R. 23 E., B. M.

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 12070.

That he intends to make another point of diversion, as described in said permit, to the following described point: SW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 20, T. 16 S., R. 23 E., B. M.

That such addition will be made for the following reasons, to-wit: In order to get water on to land more easily.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

Lorin A. Hendricks.

Subscribed and sworn to before me this 20th day of October, 1919.

Edward H. Hale,
 Notary Public, residing at
 Oakley, Idaho.

In re: Permit: #12070

Mr. Lorin A. Hendricks,
Moulton, Idaho.

Dear Sir:-

The report of our Examining Engineer made under your proof of beneficial use of water under the above numbered permit shows that you have two points of diversion, one in the NE $\frac{1}{4}$ SE $\frac{1}{4}$; Sec. 20; Twp. 16 S.; Range 23 E. B. M., and the other one in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ of said Twp. and Range, while our records indicate only one point of diversion, the first one described in this letter. It will be necessary for you, in order to correct our records, to submit to us on the enclosed form an application for change of point of diversion describing to us therein location of your diversion points.

Before license can be issued it will be necessary for you to submit to us not only the above application called for, but the statutory fee of \$2.00 for each 40 or fraction thereof served by the permit. The Examining Engineer's report shows five 40's so served, therefore the fees amount to \$10.00.

Our files shows that you were issued a certificate of completion of works but for some reason the same was not recorded; may I ask that you return the certificate sent to you in order that the same may be spread upon our records and immediately after recording, your certificate will be returned.

Very truly yours,

W. G. SWENDSEN,

Commissioner of
Reclamation.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

PERMIT NO. 12070**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Lorin A. Hendricks, 23, Moulton, Farmer, Moulton, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 12070, April 22, 1916, same date

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Cottonwood creek, NE4SE4, Sec. 20, T. 16 S., R. 23 E., B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Cement dam, length 5 ft, high 3 ft, 8 ins thick, ditch 2ft wide,
18 ins deep, 1.5 miles,
4 Second foot.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation NE4SE4, 40 acres, NW4SW4, 40 acres, SW4SE4, 40 acres,
SE4SE4, 40 acres, SW4SW4, 40 acres,
All cultivated.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 1 inch per acre.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

12070

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. 1916-17, 18. June, May, thru ditches, ditch half full, to to-thirds over the cultivated land.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

Ques. 5. How many second-feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Four, about 2/3 full.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation, NE4SE4, 40 acres, NW4SW4, 40 ares, SW4SE4, 40 acres, SE4SE4, 40 acres, SW4SW4, 40 acres. All cultivated.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Clay Loam, 2 One inch per acre.

12070

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and

to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to

beneficial use of water diverted under said permit.

Ans. 1916-17-18 May & June thru dittoes, ditch 2/7 full.

over the cultivated lands.

INSTRUCTIONS
PROOF OF BENEFICIAL USE

Mr. Lorin A. Hendricks,
c/o Wm. Cahoon,
Almo, Idaho.
DEAR SIR:

BOISE, IDAHO, April 22, 1918.

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No.

12070.
DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On May 11, 1918, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Almo before Wm. Cahoon.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

FRED A. WILKIE,

State Engineer.

(P. O.) Oakley, Idaho

(Date) March 30. 1918

State Engineer, Boise.

Dear Sir:

I have your letter of March 28th enclosing Notice of Proof
beneficial use of water
of ~~Completion of Works~~ under Permit No. 12070 which will be published
as you request, beginning with our issue of April 5th

Oakley Herald

12070

1915

Idaho Falls, Ida.

Mar. 26. 1915

Fred O. Willkie
State Engineer

Dear Sir:

Your letter
of the 23th came to
day. In regards to
the amount of water.
I did not understand
just how much of a
stream a foot of water
measurement is. I wish
to irrigate about 100
acres with the one ditch
and ten (10) with the
other. I think my
application estimate was
200 inches.

As you will see

by my affidavit that
part of my 200 Acres
is subinfeudated and I
have to take the water
in different places. to
be used on east side
of the stream from which
I get the water. The
Cotton wood creek runs
through my place.

I hope this information will
enlighten you as to what
I am to take. My ditches
carry all the water necessary.

Respectfully yours
Louis A. Hendricks.

For permitt 12070 12070

March 23, 1918.

Re Permit 12070.

Lerin A. Hendricks,
Moulton, Idaho.

Dear Sir:—

In looking over your affidavit for completion of works, I note that you give the capacity of the works as only two second feet. It would be well for you to ascertain whether or not this is correct, as your right would have to be cut down to that amount if the works have a capacity of only two second feet. Certificate will be withheld pending your reply.

Very truly yours,

FRED A. WILKIE,

State Engineer.

By _____

March, 13th, 1918.

Re Permit 12070.

Mr. Lewin A. Hendricks,
Moulton, Idaho.

Dear Sir:--

Am in receipt of satisfactory affidavit, with fee, for proof of completion of works under above permit, also, notices for final proof. The certificate of completion will be issued just as soon as we can get to it.

As to final proof would say that a copy of the notice will be mailed to the ~~Oakley~~ Herald, at Malta, for the required four weeks publication prior to May 11th and deposition blanks will be mailed to Mr. Wm. D. Cahoon, U.S. Commissioner. You should appear at Mr. Cahoon's office on May 11th, with two disinterested witnesses, and fill out the blanks that will be sent to him.

Very truly yours,

FRED A. WILKIE,

State Engineer.

Permit No. 12070

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of

Cassia

SS.

John A. Hendricks

, being first duly sworn upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 12070 and that his postoffice address is Moulton
State of Idaho

Second: That the name of the stream from which said water is to be diverted is

Cottonwood Creek

Third: That the point of diversion of said water is two rods and one-half mile northwest of S.W. 1/4 and N.E. 1/4 of S.E. 1/4 of section 20

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by April 22nd 1918.

Fifth: That the use for which said water is intended is

Irrigating

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: ditch, dam

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam 2 1/2 feet, length of dam at top six feet, length of dam at bottom six feet. Material used in construction Cement and One of Wood.

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit ditch width at bottom one to two feet, width at water

(State whether ditch, flume or pipe)

line feet, depth of water feet; diameter of pipe inches;

average grade per mile is about 10 feet. Length of conduit is 1/2 miles.

Seventh: That said works are capable of conducting to the place of intended use.

Two second feet of water.

What can be applied too

Eighth: That water appropriated under said permit is available for 200 acres of land described as follows:

South half of the south-east quarter and the north-east quarter of the south-east quarter of section 20, the west half of the south-west quarter of section 21

Ninth: Remarks: That

part of described land is sub-irrigated.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Lorin Hendricks,

Boise, Idaho,

Dear Shoulton, Idaho.

Under the terms of your Permit No. _____, you are required to complete your diversion works on or before _____ **12070** I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the **April 22, 1918** above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.
