RE: Robert Ward Claim to Water Right No. 43-4241

Dear Mr. Holmes:

Pursuant to our conversation at the scheduled hearing on the application of water right of R. O. Jones & Sons, Inc., I am writing to inform you that my client is withdrawing his protest. This withdrawal is based upon the information received that withdrawal of the protest will not affect Robert Ward's right to petition the court at a later date to declare all or a portion of the water right of the Jones' forfeited.

We sincerely appreciate your assistance and cooperation in this matter, and I look forward to working with you again in the future.

Very truly yours,

BARRUS, BYWATER & SMYSER

NOTICE OF CONFERENCE
AND/OR HEARING

On September 17, 1985, R. O. Jones & Sons, Inc., of Almo, Idaho filed with the Department of Water Resources an application to transfer the public waters of the State of Idaho. On October 28, 1985, the Department received a protest against approval of said application from Clark Ward, Jr., and Vaudis Ward and Robert W. Ward. On November 21, 1985 Clark Ward, Jr., and Vaudis Ward withdrew their protest.

The Department has set the matter of protest for hearing for Tuesday, January 7, 1986, at 1:30 p.m., in the conference room of the Burley City Hall, Burley, Idaho. The hearing will be held in accordance with provision of Chapters 2 and 17, Title 42 and Chapter 52, Title 67, of the Idaho Code and adopted Rules of Practice and Procedure of the Department of Water Resources. Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved. A pre-hearing conference may be held beginning at the above set time and prior to the hearing.

DATED This 19th day of December, 1985.

CONFERENCE AND HEARING INFORMATION

IN THE MATTER OF APPROVAL OF A WATER RIGHT TRANSFER APPLICATION

In accordance with IDAHO CODE, Section 42-222, the following issues are involved in the consideration of the application and protest(s):

- 1) Are other water rights injured by the transfer?
- 2) Does the change constitute an enlargement in the use of the original right?
- 3) Is the change in the local public interest?

Any party may request in writing five (5) days before any hearing that the oral proceedings thereof be taken in the form of stenographic notes at the expense of the requesting party. Any party may have such stenographic notes of the oral proceedings, or part thereof, transcribed at his own expense. A taped record of the proceedings will be maintained for the appeal period.

If the hearing is conducted by a hearing officer appointed by the Director, rather than the Director himself, a proposed decision will be submitted to the parties and the parties may be afforded an opportunity to file exceptions to the proposed decision and present briefs and oral arguments to the Director prior to the issuance of a final decision by the Director. This procedure is required by IDAHO CODE, Section 42-1701A.

The parties by written stipulation may waive their right to a proposed decision, however, the failure of either party to waive a proposed decision will not prejudice the Director's review of party's evidence and arguments. However, such a waiver will shorten the decision-making process and may expedite substantially the issuance of a final decision. Whether compliance with Section 42-1701A is waived will not affect a party's right to petition for a rehearing of the final decision pursuant to Rule 11 of the Department's Rules of Practice and Procedure or affect a party's right to appeal the final decision to the district court.

Under the provisions of IDAHO CODE, Sections 42-1701A and 67-5215, any court review of the department's decision on appeal shall be confined to the record created before the department.

Failure to appear at the time and place set for hearing by the applicant or protestant(s) may allow the Department to dismiss without prejudice the protest(s) or the application. Any and all cost incurred by reason of such non-appearance may be assessed against such non-appearing parties.

Dear Mr. Jones:

Enclosed are copies of protests filed against the approval of a transfer pursuant to your above referenced application. The Department suggests you contact the protestants directly in an effort to determine the nature of the protests and to attempt to resolve the protests.

If you do not advise us within twenty (20) days that the protests have been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for transfer (Section 42-222, IDAHO CODE):

- 1) Are other water rights injured by the transfer?
- 2) Does the change constitute enlargement in the use of the original water right?
- 3) Does the change conflict with the local public interest?
