Dear Sir:

Am enclosing affidavits for change of point of diversion, also maps, properly filled out I hope.

I did not wish to transfer any water so am return those blanks.

The Raft River channel was obstructed under the new farm set up of Malta Land and Water Co. and they suggested I build the ditch ~~how~~ shown on the map as the Geo. Neddo ditch. I have built this ditch at my own expense and used it in 1942 & 1943. It helps the boys to have the old channel leveled in and I like the new ditch too. I wish to abandon the Tracy ditch.

Am enclosing \$1⁰⁰ as per your letter 5/1.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

TO THE COMMISSIONER OF RECLAMATION:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Burley ~~Herald~~ of Burley, published in
the county in which the works are situated.

Geo H Reddo

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

May 10, 1943

Mr. Geo. W. Neddo
Malta, Idaho

Dear Mr. Neddo:

We wish to acknowledge receipt of your letter of May 2nd, requesting correct point of diversion given in decree for water decreed to the following described land:

$\frac{1}{2}$ SW $\frac{1}{4}$ Section 5; NW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 8; W $\frac{1}{2}$ NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$ Section 17; and W $\frac{1}{2}$ NW $\frac{1}{4}$ Section 20; Twp. 14 South, Range 27 East, B.M.

We wish to advise that the decree does not give the points of diversion for any water rights on Raft River; therefore it will be necessary for you to name the diversion points in question, and locate them as near as possible from your own knowledge of location, for use in the publication notice and affidavit required necessary to change in diversion.

The decree only states the amount and priority of the water, and describes the land where the water is to be used.

Under an amendment by the last Legislature of Section 41-108, I. C. A., it now becomes necessary to publish notice of such change in the county newspaper, once a week for two issues.

We are enclosing affidavit for you to fill out and sign before a Notary Public, and it is also necessary that you prepare a sketch map showing location of the land, creeks, and changed point of diversion, to accompany the affidavit; also blanks to be filled out specifying notice, in duplicate, and place of publication, which this Department will forward to the newspaper for publication.

The applicant agrees to pay the advertising costs, and an extra \$1.00 to this Department for recording.
