WATER RIGHT LICENSE

WATER RIGHT NO. 41-07074

Priority: September 12, 1984 Minimum Instream Flow: 11.00 CFS

This is to certify, that STATE OF IDAHO
IDAHO WATER RESOURCE BOARD
STATEHOUSE

BOISE ID 83720 has complied with the terms and conditions
of the permit, issued pursuant to Application for Permit dated September 12, 1984;
and has submitted Proof of Beneficial Use on April 28, 1992. A minimum stream
flow in

ROCK CREEK, EAST FORK tributary to ROCK CREEK

has been established as follows:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE</u>
MINIMUM INSTREAM FLOW	01/01 to 12/31	11.00 CFS

LOCATION OF MINIMUM STREAM FLOW REACH:

Beginning of Stream Flow Reach Lot 1(NWNW), Sec. 18, Township 10S, Range 32E
End of Stream Flow Reach SWSW, Sec. 12, Township 10S, Range 31E
POWER County

CONDITIONS OF APPROVAL AND REMARKS

1. The use of water under this right is subject to all prior water rights.
2. Use of water under this right shall be non-consumptive.
3. Pending a general adjudication of the Rock Creek stream system, the use of water under this right shall recognize and allow the continued beneficial diversion, both within and upstream from the minimum flow reach, of water for irrigation and other purposes under any prior existing water right established by diversion and application to a beneficial use or by an application, permit or license on file or issued by the Director under the provisions of Chapter 2, Title 42, Idaho Code, with a priority of water right date earlier than 9/12/1984.
4. Upon the future finding and order of the Director that gauging stations are required to maintain the approved minimum flow on Rock Creek, East Fork, such devices shall be installed and maintained as specified by the Department.

MICROFILMED

OCT 04 1995

State of Idaho
Department of Water Resources**WATER RIGHT LICENSE**

WATER RIGHT NO. 41-07074

CONDITIONS OF APPROVAL AND REMARKS

5. The Director retains jurisdiction to review and amend any and all parameters of the water right. The Director shall identify the reasons for exercising retained jurisdiction under this condition and give notice thereof to the public generally and to specific persons or parties known by the Director to be interested. The Director shall thereafter conduct a hearing for the purpose of determining whether the minimum stream flow should be amended in the public interest. The burden of proof at the hearing shall be upon the person or party seeking to establish that a particular parameter of the water right should be modified or amended to satisfy the public interest. Review of the water right under this condition may not occur prior to 15 years after issuance of the license.
6. This minimum stream flow begins in Lot 1 (NWNW), S18, T10S, R32E, and ends at the USGS measuring station in the SWSW, S12, T10S, R31E, which is the location of the beginning of minimum stream flow Right No. 41-07046.
7. The purpose of this minimum stream flow is to maintain trout habitat.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. Witness the seal and signature of the Director, affixed at Boise, this 15TH day of SEPTEMBER, 1995.

PROOF OF BENEFICIAL USE

The Idaho Department of Water Resources will consider this form as a statement that the permit holder(s) has/have completed all development that will occur under this permit and that water has been applied according to the provisions of the permit for the beneficial use(s) described below. This form must be accompanied by a license examination fee or a completed field examination report prepared by a certified water right examiner who has been appointed by the department.

1. Permit No. 41-7074 Telephone No. 327-7900
2. Name(s) of Permit Holder(s): Idaho Water Resource Board
3. Post Office Address: Statehouse, Boise, ID 83720
4. Source of Water: Rock Creek, East Fork
 - a. If ground water, well driller's name: _____ Date drilled: _____
 - b. Pump horsepower: _____ Pressure (psi): _____ Dynamic pumping level (ft.): _____
5. Extent of Use:

Domestic _____ (No. of households)	Irrigation _____ (No. of acres)
Stockwater _____ (No. and type of stock)	Other <u>minimum streamflow</u>
6. Total rate and/or volume for which proof is submitted 11 cfs _____ acre/feet
7. Refer to the approval conditions on your permit and respond accordingly: Discharge data attached

Measuring device: Required? <u>Yes</u> <u>No</u>	Installed? <u>Yes</u> <u>No</u>
OR	
Flow Measurement Port: Required? <u>Yes</u> <u>No</u>	Installed? <u>Yes</u> <u>No</u>
8. Fee Enclosed: \$ _____ (See License Examination Fee Schedule)

MEMORANDUM DECISION AND
ORDER

A. Kenneth Dunn, Director of the Department of Water Resources, issued a Proposed Memorandum Decision and Order approving Application No. 41-7074 on April 20, 1987, and served copies on the parties pursuant to Idaho Code § 67-5211.

More than fifteen days have passed since the service of the Proposed Memorandum Decision and Order.

No exceptions to the Proposed Memorandum Decision and Order having been filed with the Department of Water Resources;

IT IS HEREBY ORDERED that the Proposed Memorandum Decision and Order be adopted as the Final Decision and Order of the Director, and that the terms and conditions imposed therein be incorporated into approved Application No. 41-7074.

IT IS FURTHER ORDERED that proof of completion of works and beneficial use shall be submitted on or before February 1, 1993.

Dated this 24 day of June, 1987.

ORDER ISSUING
PROPOSED MEMORANDUM
DECISION

A. Kenneth Dunn, Director of the Department of Water Resources, having reviewed the attached proposed decision prepared by his appointee, NORMAN C. YOUNG, who conducted the hearing or who has read the record in the this case, hereby approves the same as a proposed decision pursuant to Idaho Code, §67-5211.

Each party to these proceedings who appeared at the hearing is given the opportunity, pursuant to Idaho Code, §§42-1701A and 67-5211, to file exceptions to the proposed decision and to present briefs and oral arguments. If no timely and proper exceptions are received, an order by the Director will be entered adopting the proposed decision as his final decision.

I.
EXCEPTIONS

A. To be considered by the Director, exceptions must:

1. be received by the Director on or before the 15th day following the day of service of this Order and the proposed decision,

2. specifically identify the portions of the proposed decision to which exceptions are made and specifically state the grounds for those exceptions, and

3. be sent to each of the parties who appeared or their attorneys.

II.
BRIEFS

A. Any briefs in support of exceptions to the proposed decision shall be filed with the Director at the same time that party's exceptions are filed with the Director.

B. All response briefs to the exceptions must be filed with the Director within 15 days after the exceptions were served upon the responding party.

RECEIVED

JUN 29 1968

III.

A. No oral arguments before the Director on the proposed decision will be held unless specifically requested by a party filing exceptions to the proposed decision and unless that request is filed with the Director concurrently with the filing of that party's exception.

B. If oral arguments have been properly requested by a party filing exceptions, any other party, upon reasonable notice to the Director, shall have the right to present oral argument in response to the exceptions filed.

C. Oral arguments before the Director on exceptions to the proposed decision shall be heard at the discretion of the Director, pursuant to Idaho Code, §42-1701A. If oral arguments are to be heard, the Director will, within a reasonable time, notify each party of the place, date and hour the oral arguments will take place and of the period of time allocated for the arguments of this case. Unless the Director orders otherwise, all oral arguments shall be heard in Boise, Idaho.

IV.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests oral arguments and other matters filed with the Director in connection with the proposed decision shall be served on all other parties to these proceedings in accordance with Rule 7.2.

V.

FINAL DECISION

Following the submission of all exceptions, briefs and oral arguments, if they are heard, the Director shall issue a final decision adopting, modifying or rejecting and replacing the proposed decision. Copies of the decision and order shall be served on all parties.

Dated this 20th day of APRIL, 1987.

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES
OF THE
STATE OF IDAHO

IN THE MATTER OF APPLICATION FOR PERMIT)
NO. 41-7074 TO ESTABLISH A MINIMUM STREAM)
FLOW IN THE EAST FORK ROCK CREEK IN THE)
NAME OF THE IDAHO WATER RESOURCE BOARD)

PROPOSED
MEMORANDUM DECISION
AND ORDER

On January 16, 1980, at the request of the Power County Commissioners, the Idaho Water Resource Board (Board) filed with the Department of Water Resources (Department) an application for permit to appropriate water to establish a minimum stream flow in East Fork Rock Creek, tributary to Rock Creek, Power County, Idaho. The application was filed in accordance with the provisions of Chapter 15, Title 42, Idaho Code.

Notice describing the proposed appropriation and setting the time and place for hearing was published in the Power County Press on May 14 and 21, 1980. A public hearing was held at American Falls, Idaho on June 11, 1980. Norman C. Young of the Department served as hearing officer.

Parties appearing in a formal capacity included the Board, the Idaho Department of Fish and Game, Power County Commissioners, Mr. Melvin R. Munk, Mr. Clifford E. Nelson, and Mr. Melvin Nelson, Chairman of the Power County Field and Stream Committee.

In addition, Mr. Gregory May, appeared to present views and comments as a public witness.

On June 8, 1984, the Board voted to amend Application No. 41-7046 reducing the proposed rate of diversion from 20.0 cubic feet per second (cfs) to 11.0 cfs.

On September 12, 1984, the Board filed with the Department a second

RECEIVED

JUN 29 1988

application for permit to establish a minimum stream flow on an adjacent but different reach of East Fork Rock Creek than identified on Application for Permit No. 41-7046. The second application is identified in Department records as Application for Permit No. 41-7074.

Notice of a combined hearing for Application No. 41-7046 and Application No. 41-7074 was published on October 24 and 31, 1985, in the Times News, Idaho Statesman, Lewiston Morning Tribune, and Post Register and on October 16 and 23, 1985, in the Power County Press. A public hearing was held at American Falls, Idaho on November 14, 1985. Norman C. Young of the Department served as hearing officer. Parties appearing in a formal capacity included the Board, the Idaho Department of Fish and Game, Power County Commissioners, Mr. Merrill E. Walker on behalf of the Bench Ditch, and Mr. Jeff Allen. Mr. Max Newlin appeared as a public witness.

Based upon sworn testimony, documentation and public statements included in the record, and his understanding of the law, the Director of the Idaho Department of Water Resources makes the following Findings of Fact, Analysis, Conclusions of Law, and Order:

FINDINGS OF FACT

1. On January 16, 1980, the Idaho Water Resource Board filed Application for Permit No. 41-7046 to appropriate a minimum stream flow in East Fork Rock Creek (creek) tributary to Rock Creek in Power County, pursuant to provisions of Chapter 15, Title 42, Idaho Code.

2. Application for Permit No. 41-7046 proposes to appropriate a minimum stream flow in a reach of the East Fork of Rock Creek from the U.S.G.S. measuring station in the SW1/4SW1/4, Sec. 12, Twp. 10S, Rge. 31E, B.M., downstream approximately three (3) miles to the county bridge in the SW1/4SW1/4, Sec. 4, Twp. 10S, Rge. 31E, B.M. The proposed rate of flow is 20.0 cfs. This reach will

MICROFILMED

JUN 29 1988

be referred to as the lower reach.

3. On September 12, 1984, the Board filed Application for Permit No. 41-7074 with the Department to appropriate a minimum stream flow of 11.0 cfs on a reach of the East Fork of Rock Creek adjacent to and upstream from the reach described in Application No. 41-7046.

4. The reach proposed in Application No. 41-7074 is from the springs located in Lot 1 (NWNW) Sec. 18, Twp. 10S, Rge. 32E B.M. downstream approximately one (1) mile to the U.S.G.S. measuring station located in the SW1/4SW1/4, Sec. 12, Twp. 10S, Rge. 31E B.M. This reach will be referred to as the upper reach.

5. On November 14, 1985, the Board amended Application for Permit No. 41-7046 reducing the requested rate of diversion from 20.0 cfs to 11.0 cfs.

6. The purpose of the proposed minimum stream flow appropriations for both Applications Nos. 41-7046 and 41-7074 is to maintain trout habitat in the respective reaches. The requested season of use is year around.

7. Based upon testimony of the staff of the Department, a finding is made that various water rights evidenced by licenses, decrees and permits exist with points of diversion located within the lower reach. No recorded rights exist within the upper reach. The testimony of the Board specifically provided that the minimum stream flows are not intended to interfere with the delivery of any vested water right, decree, license, permit or application. Unrecorded beneficial use rights could exist in the lower reach.

8. All rights acquired under Application Nos. 41-7046 or 41-7074 are for instream non-consumptive uses.

9. The point of diversion for the Bench Ditch, the major diversion in the lower reach, is approximately one-half mile downstream from the U.S.G.S. measuring station.

MICROFILMED

JUN 29 1988

10. The flows at the U.S.G.S. measuring station which operated during the years of 1961 through 1964 were testified to as being representative of the usual flows in the East Fork of Rock Creek.

11. Flow in the amount of 11.0 cfs is available at the U.S.G.S. measuring station 95 per cent of the time.

12. Measurements taken near the county bridge show that 11.0 cfs is usually in the stream after the irrigation diversions have diverted their rights at various points along the lower reach, since return flow from diversions and springs along the lower reach contribute to the flow of the creek.

13. Most of the land adjacent to the creek in the upper reach is owned by the State of Idaho. Approximately three quarters of a mile at the upper end of the lower reach is also owned by the State of Idaho with the remaining portion of the lower reach down to the county bridge being in private ownership.

14. Testimony repeatedly described the East Fork of Rock Creek as a unique resource in Power County that must be preserved.

15. Based upon the sworn testimony, documentation, and statements comprising the record in this matter, a finding is made that the minimum stream flows are necessary to maintain trout habitat.

16. Based upon testimony presented at the hearing, a finding is made that the benefits to be derived from the minimum stream flow applications will be enjoyed by members of the public as opposed to being limited to private use or enjoyment.

17. Based upon the testimony and evidence submitted by the Idaho Department of Fish and Game, a finding is made that the flow requested in the applications is the minimum flow required to preserve the existing unique characteristics of the creek for the public benefit and is not the ideal or most desirable flow which could be utilized for that purpose.

REPRODUCED

JUN 29 1988

18. Based upon testimony and evidence submitted concerning flow measurement data, a finding is made that the flows requested are generally capable of being maintained.

ANALYSIS

There essentially is no opposition to the minimum stream flow application in the upper reach (41-7074). The opposition to a minimum stream flow in the lower reach (41-7046) involves a property rights question, flows actually available in the creek, and a concern of tying up the resource for all time.

Several land owners adjacent to the lower reach questioned the minimum stream flow would actually be for the benefit of the public, since they controlled access to the stream. Testimony provided shows that only one land owner posted his property, but that he had granted access by permission. The other land owners have, in most cases, allowed access to the public by permission.

One land owner adjacent to the creek in the lower reach was of the opinion that a flow rate of 11.0 cfs was not available at the time diversions were being made for irrigation purposes. The only measurements available downstream from the irrigation diversions, however, were taken by another adjacent land owner. The testimony of this land owner shows that 11.0 cfs generally is available at the point measured near the lower end of the lower reach.

Concern was expressed by several land owners adjacent to the stream that establishment of a minimum stream flow would forever prevent future use of the water such as hydro power generation. The record shows, however, that the Power County Commissioners requested the applications be filed with the support of their constituents for the very purpose of maintaining a minimum flow in the

RECEIVED

JUN 29 1988

creek to prevent future out of stream diversions such as hydro power or other uses which would interfere with maintaining the trout habitat. The record does not show there are any existing hydro power applications on either reach.

The Director is charged with determining that appropriations of water for minimum stream flow purposes are in and remain in the public interest. The opportunity must be preserved to periodically review whether a minimum stream flow remains in the public interest. A periodic review of the public interest associated with a minimum stream flow appropriation should satisfactorily address concerns such as those raised in this hearing of having the resource forever tied up in the future.

CONCLUSIONS OF LAW

1. The proposed minimum stream flow appropriation will not interfere with any vested water right, permit or application having a priority date earlier than January 16, 1980. An exception is to the application of Sec. 42-607, Idaho Code, which requires the watermaster to distribute water only to decreed, permitted or licensed rights in times of scarcity. Distribution of water to prior existing water rights established by diversion and application to a beneficial use may be interfered with in contravention of Sec. 42-1503, Idaho Code, if delivery of water to the minimum stream flow right is not subordinated to such rights.

2. The proposed minimum stream flow should not be allowed to alter historic delivery practices to valid beneficial use water rights on the East Fork Rock Creek.

3. The proposed minimum stream flow appropriation is in the public, as opposed to private, interest.

4. The proposed minimum stream flow appropriation is necessary to maintain trout habitat.

MICROFILMED

↑
error - this is the
priority for 41-7046

5. The proposed minimum stream flow appropriation is the minimum flow required for the purpose cited in Conclusion of Law No. 4 and is not the ideal or most desirable flow.

ORDER

IT IS, THEREFORE, HEREBY ORDERED that Application for Permit No. 41-7074 is APPROVED subject to the following conditions:

1. Upon the future finding and order of the Director that gauging stations are required to maintain the approved minimum flow on East Fork Rock Creek, such devices shall be installed and maintained as specified by the Department.

2. Proof of instream beneficial use of the minimum stream flow shall be submitted in a manner approved by the Department within five years after the permit approval is finally effective as herein provided. The proof submitted shall include at least three years of flow data for the water course. The proposed frequency of the data accumulation must be submitted to the Director for review and approval.

3. The use of water under this permit shall be non-consumptive.

4. The use of water under this permit is subject to all prior rights.

5. Pending a general adjudication of the Rock Creek stream system, the use of water under this permit shall recognize and allow the continued beneficial diversion, both within and upstream from the minimum flow reach, of water for irrigation and other purposes under any prior existing water right established by diversion and application to a beneficial use or by an application, permit or license on file or issued by the Director under the provisions of Chapter 2, Title 42, Idaho Code, with a priority of water right date earlier than the January 16, 1980 priority date of this permit.

6. The Director retains jurisdiction to review and amend any and all

JUN 29 1988

of the water right, the Director shall identify the reasons for exercising retained jurisdiction under this condition, and give notice thereof to the public generally and to specific persons or parties known by the Director to be interested. The Director shall thereafter conduct a hearing for the purpose of determining whether the minimum stream flow should be modified or amended in the public interest. The burden of proof at the hearing shall be upon the person or party seeking to establish that a particular parameter of the water right should be modified or amended to satisfy the public interest. Review of the water right under this condition may not occur prior to 15 years after issuance of either the permit or the license.

7. The application hereby approved by the Director shall be submitted to the Idaho Legislature by the fifth day of the next regular legislative session and the Directors's approval shall not become finally effective until approved by the Legislature pursuant to the procedure provided by Section 42-1503, Idaho Code.

Dated this 9TH day of APRIL, 1987.

TO APPROPRIATE A MINIMUM STREAM FLOW

11. Provide evidence that the appropriation will not interfere with any vested water right, permit, or water right application of earlier date of priority.

The above requested flow is for instream nonconsumptive use and will be
subject to all vested water rights, permits or water applications of
earlier dates of priority.

12. Provide evidence to show that the appropriation would be in the public interest as opposed to private interest.

The East Fork Rock Creek supports a high quality rainbow trout fishery. The
requested instream water right will be held in trust for the people of
Idaho by the Idaho Water Resource Board.

13. Provide evidence or justification that the appropriation is necessary for the purposes shown in Item 4.

On November, 1980, personnel of the Idaho Department of Fish and Game
published a report entitled "East Fork Rock Creek Stream Flow Study" which
provides justification for the required instream flows.

14. Provide evidence that the minimum flow or lake level is minimum and not the ideal or most desirable flow or lake level.

See the report identified in Item No. 13 above.

15. Provide evidence that the flow or lake level requested is capable of being maintained as evidenced by records of stream flows and water levels.

Flow records are available from the gage station described below.

16. Describe the location of existing gaging stations that can be used in the administration of this appropriation.

Gage Station No. 13077600, Power County, S.W. $\frac{1}{4}$, SW $\frac{1}{4}$, Section 12, Town-
ship 10S., Range 31 E.

17. Do you intend to install additional gaging stations? Describe the location.
No.

Re: Permit to appropriate minimum streamflow no. 41-07074; East
Fork Rock Creek

Dear Mr. Platts:

The Department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. Department staff have also reviewed three years of flow data and find the data is supportive of the minimum streamflow permitted.

No further field examination or data is required. A license for the minimum streamflow will be issued.

Sincerely,

Gary Spackman

MEMORANDUM

TO: FILE 41-7074

FROM: GEORGE AUSTIGUY

DATE: SEPTEMBER 23, 1992

RE: MINIMUM STREAMFLOW DATA

Existing stream flow data for the East Fork of Rock Creek for the years of record has been attached to File 41-7074. Data indicates a minimum stream flow of 11 cfs has been met for the years of record.

Portneuf River basin						
13072100	Portneuf River tributary at Bancroft	Lat 42°43'30", long 111°54'25", in SE¼ sec.16, T.8 S., R.39 E., Caribou County, at U.P. Railroad crossing and 1 mi (1.6 km) north-west of Bancroft.	130	1962-63, 1973-74, 1976	9-8-76	0
13073700	Robbers Roost Creek near McCammon	Lat 42°42'20", long 112°12'10", in SE¼ sec.23, T.8 S., R.36 E., Bannock County, at culvert on U.S. Highway 30N, 3.5 mi (5.6 km) north of McCammon, and 6.5 mi (10.5 km) south of Inkom.	15.7	1961-71b, 1973-76	9-8-76	.09
13075300	East Fork Mink Creek near Pocatello	Lat 42°44'20", long 112°23'30", in sec.8, T.8 S., R.35 E., Bannock County, 9 mi (14 km) southeast of Pocatello.	14.7	1912, 1963-71b, 1973-76	9-17-76	1.43
13075600	North Fork Pocatello Creek near Pocatello	Lat 42°53'10", long 112°23'45", in NW¼ sec.20, T.6 S., R.35 E., Bannock County, 300 ft (91 m) upstream from confluence with South Fork Pocatello Creek, 2 mi (3.2 km) northeast of Idaho State University, and 3.5 mi (5.6 km) east of Pocatello.	14	1961-71b, 1973-76	9-17-76	1.63
Bannock Creek basin						
13076000	Bannock Creek below Moonshine Creek, near Pauline	Lat 42°41'40", long 112°35'40", in NE¼ sec.28, T.8 S., R.33 E., Power County, on Fort Hall Indian Reservation, 0.3 mi (0.5 km) upstream from Rattlesnake Creek, 9.5 mi (15.3 km) north of Pauline, and 14 mi (23 km) southwest of Pocatello.	227	1955-58, 1962-63, 1965, 1973-76	9-17-76	27.6
13076100	Rattlesnake Creek near Pocatello	Lat 42°42'00", long 112°33'40", in NE¼ sec.26, T.8 S., R.33 E., Power County, 2 mi (3.2 km) upstream from mouth and 12 mi (19 km) southwest of Pocatello.	77	1955-59, 1962, 1973-76	9-17-76	10.7
Waru Creek basin						
13077400	Rock Creek near Rockland	Lat 42°30'40", long 112°50'30", in NE¼ sec.33, T.10 S., R.31 E., Power County, 1.9 mi (3.1 km) upstream from former gage site and 4.6 mi (7.4 km) southeast of Rockland.	156	1947, 1963, 1965, 1973-76	9-10-76	5.37
Raft River basin						
13077659	Raft River near Yost, Utah	Lat 41°56'50", long 113°42'00", in NE¼ sec.17, T.14 N., R.16 W., Box Elder County, at road crossing and 8 mi (13 km) west of Yost, Utah.	146	1965-67, 1973-76	9-19-76	9.84
1307980	Heglar Canyon tributary near Rockland	Lat 42°28'30", long 113°08'40", in SE¼ sec.11, T.11 S., R.38 E., Cassia County, 600 ft (183 m) upstream from Heglar Canyon road crossing and 16 mi (26 km) southwest of Rockland.	7.72	1958, 1961-71b, 1973-76	9-19-76	0
Goose Creek basin						
13084400	Birch Creek above diversions, near Oakley	Lat 42°10'40", long 113°49'05", in SE¼ sec.25, T.14 S., R.22 E., Cassia County, at county road crossing, 0.3 mi (0.5 km) downstream from North Carson Creek, and 5.3 mi (8.5 km) south-east of Oakley.	-	1973-76	9-19-76	3.86
Dry Creek basin						
13088500	Big Cottonwood Creek near Oakley	Lat 42°16'50", long 114°02'10", in SE¼ sec.19, T.13 S., R.21 E., Cassia County, Sawtooth National Forest, 1.0 mi (1.6 km) upstream from diversion of Twin Falls-Oakley Land and Water Co. canal and 10 mi (16 km) northeast of Oakley.	129	1909-15, 1916, 1973, 1975-76	9-20-76	2.42
Rock Creek basin						
13092500	McMullen Creek near Rock Creek	Lat 42°25'05", long 114°22'18", on line between sec.32, T.11 S., R.18 E., and sec.5, T.12 S., R.18 E., Twin Falls County, at road crossing, 3.6 mi (5.8 km) southwest of Rock Creek, and 8 mi (12.9 km) south of Kimberly.	22.7	1910-12, 1973, 1975-76	9-18-76	0
Salmon Falls Creek basin						
13104800	Shoshone Creek at mouth, near San Jacinto	Lat 41°56'36", long 114°41'02", in SE¼ sec.23, T.47 N., R.64 E., Elko County, at mouth and 5 mi (8 km) north of San Jacinto.	-	1909, 1914, 1938, 1942, 1969-73, 1975-76	9-17-76	15.9
Mud Lake-Lost River basins						
13108200	West Camas Creek near Kilgore	Lat 44°28'40", long 112°02'40", on SE sec. line of sec.1, T.13 N., R.37 E., Clark County, at Frazier Dam, 1.5 mi (2.4 km) downstream from Pete Creek, 9 mi (14 km) northwest of Kilgore, and 11 mi (18 km) northeast of Spencer.	-	1957-58, 1973-76	8-26-76	9.53
13112300	Beaver Creek at Humphrey	Lat 44°28'40", long 112°13'30", in SE¼ sec.4, T.13 N., R.36 E., Clark County, at Union Pacific Railroad bridge, 0.3 mi (0.5 km) downstream from Humphrey, and 8.4 mi (13.5 km) north of Spencer.	-	1957-58, 1973-76	8-26-76	3.23
13112900	Huntley Canyon at Spencer	Lat 44°21'50", long 112°11'00", in SW¼ sec.14, T.12 N., R.36 E., Clark County, at railroad crossing opposite the Spencer Mercantile Store at Spencer.	3.9	1961-71b, 1973-76	8-26-76	.66
13116000	Medicine Lodge Creek at Ellis Ranch, near Argora	Lat 44°17'30", long 112°30'05", in SW¼ sec.7, T.11 N., R.34 E., Clark County, on left bank 4 mi (7 km) upstream from Middle Creek, 6.5 mi (10.5 km) southeast of Argora, and 16 mi (26 km) northwest of Dubois.	165	1940-69, 1973-76	8-26-76	57.9

ROCK CREEK BASIN

107

13-776. East Fork Rock Creek near Rockland, Idaho

Location.--Lat 42°33'40", long 112°47'20", in SW¼SW¼ sec.12, T.10 S., R.31 E., on right bank 0.3 mile upstream from Bench Ditch/ diversion and 4½ miles east of Rockland.

Drainage area.--13.7 sq mi.

Records available.--September 1960 to September 1964 (discontinued).

Gage.--Water-stage recorder. Altitude of gage is 5,030 ft (from topographic map).

Extremes.--Maximum discharge during year, 43 cfs June 12 (gage height, 2.34 ft); minimum daily, 14 cfs Mar. 9-27.
1960-64: Maximum discharge, that of June 12, 1964; minimum daily, 11 cfs on many days in 1962.

Remarks.--Records excellent.

Rating table (gage height, in feet, and discharge, in cubic feet per second)

IN THE HOUSE OF REPRESENTATIVES

HOUSE CONCURRENT RESOLUTION NO. 47

BY RESOURCES AND CONSERVATION COMMITTEE

1 A CONCURRENT RESOLUTION
2 APPROVING AN APPLICATION TO APPROPRIATE WATER FOR MINIMUM STREAMFLOW.

3 Be It Resolved by the Legislature of the State of Idaho:

4 WHEREAS, the Idaho Water Resource Board may apply for a permit to appro-
5 priate unappropriated waters of any stream to establish a minimum streamflow;
6 and

7 WHEREAS, under the provisions of Section 42-1503, Idaho Code, an approved
8 application shall not become finally effective until acted upon by the Legis-
9 lature, except that if the Legislature fails to act prior to the end of the
10 regular session to which the application was submitted, the application shall
11 be considered approved; and

12 WHEREAS, the Director of the Department of Water Resources approved Appli-
13 cation for Permit No. 41-7074 in a Memorandum Decision and Order dated June
14 24, 1987, authorizing the appropriation of 11.0 cubic feet per second on a
15 reach of the East Fork Rock Creek from the springs located in the Lot 1
16 (NW1/4NW1/4) Section 18, Twp. 10S, Rge. 32E, B.M. downstream approximately one
17 (1) mile to the U.S.G.S. measuring station located in the SW1/4SW1/4, Section
18 12, Twp. 10S, Rge. 31E, B.M., Power County, Idaho.

19 NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular Ses-
20 sion of the Forty-ninth Idaho Legislature, the House of Representatives and
21 the Senate concurring therein, that the approved Application for Permit No.
22 41-7074 is hereby approved subject to the conditions and limitations contained
23 in the Memorandum Decision and Order of the Director of the Department of
24 Water Resources dated June 24, 1987.

Fork; and 96-7979, Lightning Creek; 65-12733, South Fork and
Main Stem, Payette River.

Dear Senator Risch:

Enclosed please find copies of the above referenced
Applications for Permit. Enclosed with the applications are the
decisions and orders which conclude the administrative processing
of the applications.

As you are aware, Section 42-1503, Idaho Code, requires that
the applications be reviewed by the legislature. As defined by
statute, each application "(i) shall not become finally effective
until affirmatively acted upon by concurrent resolution of the
Idaho Legislature; or (ii) except that if the legislature fails
to act prior to the end of the regular session to which the
application was submitted, the application shall be considered
approved."

This letter constitutes submittal of the applications to the
legislature for approval. Please advise me if you desire further
information or presentation on the nature of the applications.

Sincerely,

R. KEITH HIGGINSON
Director

Re: Application for Permit No. 41-7074

Dear Applicant:

Enclosed is a copy of approved Application for Permit No. 41-7074 along with a copy of the Order Adopting Proposed Memorandum Decision and Order. We direct your attention to the conditions of approval as set forth in the Order.

Any person who does not agree with the decision of the Department may request a rehearing before the Director within twenty (20) days, or may appeal directly to the district court within thirty (30) days of the date of the decision is mailed.

Please note that the application will not ripen into a permit until finally approved by the Idaho Legislature.

Sincerely,

GARY SPACKMAN, Supervisor

APPLICATION FOR
MINIMUM
STREAMFLOW

Notice is hereby given that the Idaho Water Resource Board submitted two (2) applications for permit to the Department of Water Resources proposing the appropriation of water to preserve the minimum streamflows from the following creek tributary to Rock Creek and further described as follows:

APPLICATION
No. 41-7046

Date Filed: December 12, 1979

Source: East Fork Rock Creek tributary of Rock Creek.

Point of Minimum Streamflow: SWSW, Sec. 4, T10S, R31E, B.M., Power County. Point where water is to be left in the stream is the county road bridge in the above tract.

Rate of Flow: 20 cubic feet per second.

Season of Use: January 1 to December 31.

Use: To maintain trout habitat.

APPLICATION No. 41-7074.

Date Filed: September 12, 1984.

Source: East Fork Creek tributary of Rock Creek.

Point of Minimum Streamflow: Reach begins in the SWSW, Sec. 12, T10S, R31E; and extends upstream to the springs in Lt1 (NWNW), Sec. 18, T10S, R32E, B.M., Power County.

Rate of Flow: 11.0 cubic feet per second.

Season of Use: January 1 to December 31.

Use: To maintain trout habitat.

The Director of the Department of Water Resources will hold a public hearing on the above applications at 9:30 a.m., on Thursday, November 14, 1985, at the Power County Courthouse, County Commissioners' room, 543 Bannock Street, American Falls, Idaho, for the purpose of hearing evidence in regard to the applications. The hearing will be held pursuant to the provisions of Sec. 42-1503, IDAHO CODE.

If issued, these permits will be subject to all prior water rights. Any party who wishes to formally appear in this proceeding for the purpose of presenting evidence or cross examining witnesses should file a notice of appearance with the Director, Department of Water Resources, Statehouse, Boise, Idaho 83720, five (5) days prior to the hearing. Other parties will be given an opportunity to informally present their views and comments without the necessity of filing a notice of appearance.

Director

PUBLISH: Thursday, October 24 and 31.

Affidavit of Publication

STATE OF IDAHO,

COUNTY OF TWIN FALLS

ss.

No. 15618

I, Linda Copps McSwain, being first duly sworn upon

oath, depose and say that I am Print Clerk of the TIMES-NEWS published daily, at Twin Falls, Idaho, and do solemnly swear that a copy of the notice of advertisement, as per clipping attached, was published in the regular and entire issue of said newspaper, and not in any supplement thereof, for Two consecutive Weeks

commencing with the issue dated October 24, 1985, and ending with the issue dated

October 31, 1985.

And I do further certify that said newspaper is a consolidation, effective February 16, 1942, of the Idaho Evening Times, published theretofore daily except Sunday, and the Twin Falls News, published theretofore daily except Monday, both of which newspapers prior to consolidation had been published under said names in said city and county continuously and uninterruptedly during a period of more than twelve consecutive months, and said TIMES-NEWS, since such consolidation, has been published as a daily newspaper except Saturday, until July 31, 1978, at which time said newspaper began daily publication under said name in said city and county continuously and uninterruptedly.

And I further certify that pursuant to Section 60-108 Idaho Code, Thursday of each week has been designated as the day on which legal notice by law or by order of any court of competent jurisdiction within the state of Idaho, to be published weekly, will be published; and that at the head of the editorial column of said combined newspapers, and in each issue thereof, Thursday is announced as the day on which said legal notices will be published.

Subscribed and sworn to before me on this

Re: Minimum Stream Flow Applications on East Fork, Rock Creek

Dear Mr. Nelson:

On October 21, 1985, we received your letter which indicated that there is an error in the published application for minimum stream flow for Application Nos. 41-7046 and 41-7074. You indicated that the rate of flow for the former should be 11.0 cubic feet per second and the rate of flow for the latter should be 20.0 cubic feet per second.

Please be advised that the advertisement is correct as shown. Enclosed for your information we are providing a copy of the first page of Application No. 41-7046, which shows the rate of flow of 20.0 cubic feet per second, and a copy of the computer printout for Application No. 41-7074.

If we have misinterpreted your comments, or if you have additional concerns about these applications, please feel free to contact either this office or our Southern Regional office in Twin Falls.

Sincerely,

DAVID R. TUTHILL, JR., P.E.

KEN DUNN, dir.

Application for minimum streamflow

Published in The Power County
Press October 3 & 10, 1984.

Notice is hereby given that the Idaho Water Resource Board submitted two (2) applications for permit to the Department of Water Resources proposing the appropriation of water to preserve the minimum streamflows from the following creek tributary to Rock Creek and are further described as follows:

Application No. 41-7046

Date Filed: December 12, 1979
Source: East Fork Rock Creek
tributary of Rock Creek
Point of Minimum Streamflow:
SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 4, T10S, R31E,
B.M., Power County. Point where
water is to be left in the stream is the
county road bridge in the above tract
Rate of Flow: 20 cubic feet per second
Season of Use: January 1 to
December 31
Use: to maintain trout habitat

Application No. 41-7074

Date Filed: September 12, 1984
Source: East Fork Rock Creek
tributary of Rock Creek
Point of Minimum Streamflow:
Reach begins in the SW $\frac{1}{4}$ SW $\frac{1}{4}$,
Sec. 12, T10S, R31E; and extends
upstream to the springs in LT1
(NW $\frac{1}{4}$ NW $\frac{1}{4}$), Sec. 18, T10S,
R32E, B.M., Power County
Rate of Flow: 11.0 cubic feet per second
Season of Use: January 1 to
December 31
Use: To maintain trout habitat

The Director of the department of Water Resources will hold a public hearing on the above applications at 9:00 a.m., on Thursday, October 25, 1984, at the Power County Courthouse, 500 Bannock Street, American Falls, Idaho, for the purpose of hearing evidence in regard to the applications. The hearing will be held pursuant to the provisions of Sec. 42-1503, IDAHO CODE.

If issued, these will be subject to all prior water rights. Any party who wishes to formally appear in this proceeding for the purpose of presenting evidence or cross-examining witnesses should file a notice of appearance with the Director, Department of Water Resources, Statehouse, Boise, Idaho, 83720, five (5) days prior to the hearing. Other parties will be given an opportunity to informally present their views and comments without the necessity of filing a notice of appearance.

Gentlemen:

Enclosed you will find a legal notice which we wish to have published once a week for two consecutive weekly issues of your newspaper. We have inserted the publication dates allowing ample time for you to submit us a galley proof for review before publication.

After sending us a galley proof, proceed with the publication on the dates we have inserted, assuming the notice is correct. If we have any corrections, we will notify you before the first publication. If you cannot publish the notice on the proposed dates, please contact us immediately.

In order to receive payment, an affidavit of publication must be submitted to the Department along with the publication bill.

Very truly yours,

Mary A. Newby
Sec/Office Coord.

RECORDED

JUN 29 1988

MEMORANDUM

From: Loren Holmes *LH*

Date: 11/16/84

To: Dave Tuthill, Files 41-7046, 41-7074 (MSF on Rock Creek)

Subject: Hearing notice for October, 1984 hearing.

A legal notice setting the hearing for 10/25/84 was sent to the Power County Press on 9/26/84, to be published on 10/3 and 10/10/84. We received a galley proof on 10/1/84.

On 10/2/84, the office was notified that due to the signing of the Swan Falls agreement, the board wished to cancel the minimum streamflow hearings. The legal notice was cancelled by phone call to the paper.

On 10/25/84, we received a call from American Falls advising that people were gathered for the hearing.

On later checking with the publisher of the paper, we determined that the legal notice had, in fact, been cancelled, but that the editorial department of the paper had run a news story about the hearing and was not aware of the cancellation. The news item resulted in people appearing for the hearing.

The publisher indicated that he would send us a copy of any story printed to explain the error, but to date, nothing has been received.
