Gentlemen:

We are writing in reference to your ground water permit no. 41-7001, filed in connection with domestic use for Register Rock State Park. The field examination, completed July, 1970, by this Department, indicates that this system is irrigating three acres of ground, plus supplying domestic water for the camp ground.

As you may be aware, irrigation is not authorized under this permit and a new permit must be filed to cover the irrigation purposes unless another approved permit exists. We have not located another permit as of this date.

If we may be of further assistance, please contact us.
