RE: Permit No. 31-7172

Mr. Merlin H. McAfee
North Lake Road
Hamer, Idaho 83425

Dear Mr. McAfee:

It has been three months since our last correspondence. As you may recall, an examination was completed for your Permit No. 31-7172 for the irrigation of 160 acres in Sec. 10, T. 6N, R. 35E. This acreage, irrigated with groundwater from a well located in the NWNW, Sec. 10, T. 6N, R. 35E, was shown and described by rentor Dean Boyce of Menan.

A portion of an old license No. 31-2253 was found to be appurtenant to a portion of the lands covered under your Permit No. 31-7172. The old license covers 40 acres in the W₂NW₄, Sec. 10, T. 6N, R. 35E, with a miner's inch per acre of groundwater from the Jackett Canal Company.

At this time, it is necessary to determine whether or not you intend to transfer the Jackett Canal Company water onto other irrigable lands so that we can determine the proper quantity of water to license on the new permit. Please advise us as soon as possible as to the course of action you wish to follow.

Thank you for any assistance you can lend me.

Very truly yours,

ANTHONY R. KOZLOWSKI

RE: Permit No. 31-7172

Mr. Merlin H. McAfee
North Lake Road
Hamer, Idaho 83425

Dear Mr. McAfee:

Last season I had the opportunity to complete a water right examination of the irrigation system under your permit No. 31-7172. The permit was approved for the irrigation of 160 acres in the N $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 10, T. 6N, R. 35E. This acreage, irrigated with ground water diverted from a well located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 10, T. 6N, R. 35E, by means of a well, pump and sprinkler system was shown and described by rentor Dean Boyce of Menan.

A portion of an old license (31-2253) was found to be appurtenant to a portion of the lands covered under your permit (31-7172.) The old license covers 40 acres in the W $\frac{1}{2}$ NW $\frac{1}{4}$, Sec. 10, T. 6N, R. 35E, with a miner's inch per acre of ground water from the Jackett Canal Company.

If these lands are no longer irrigated with Jackett Canal Company water, you should consider transferring your ground water right in Jackett Canal into your existing well or onto other irrigable lands. In the latter case, these lands could be included in the licensing of your permit, 31-7172.

Please review this matter carefully and contact me when you have made a final decision. If you have any further questions, please feel free to contact me.

Very truly yours,

ANTHONY R. KOZLOWSKI

TO: THE JACKETT CANAL COMPANY

Department of Water Resources
Eastern District Office

FROM: RULAN YEARSLEY AND ESTHER YEARSLEY
and MERLIN H. MC AFFEE AND FAYE MC AFFEE

Gentlemen:

This letter will acknowledge that we have been advised that Jackett Canal Company is proceeding under the provisions of Idaho Code, Section 42-222, to transfer water rights owned by the canal company, for the purpose of conforming the records of the Idaho State Department of Water Resources to the actual practices of the canal company, with respect to the places of use of the canal company's water rights since its organization in 1956.

In the past, a portion of the canal company's water right has been appurtenant to and used upon the West Half of the Northwest Quarter of Section 10, Township 6 North, Range 35 E.B.M. Recently, Permit No. 31-7172 was issued for the irrigation of this land, as well as some other land which we own.

By this letter, we wish to verify that the Jackett Canal Company is no longer used on the land described above. We do not claim any right to the use of Jackett Canal Company water for this land since our lands are now irrigated with the water rights under the Permit No. 31-7172.

We hereby release any right which we may have by virtue of rights of the Jackett Canal Company being appurtenant to our lands, and consent to their transfer to other lands under the company system. In so doing, we understand that the canal company does not intend to levy or to attempt to collect from us, any assessments, either for prior years or in the future, for such canal company water rights.

Dear Mr. & Mrs. McAfee:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, but our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions regarding the field examination, please contact our Regional Office in Idaho Falls.
