The property irrigated by the wells drilled under these permits has been the subject of a recent sale. However, under the terms of the Sale Agreement, Bel-Wan ranches, Inc., the permit holder, agreed to finish certain steps with respect to the water permit. At some point in time, the permits will probably be assigned to the new purchaser of the land, but for the time being, Bel-Wan has agreed to complete the Proof of Application to Beneficial Use.

If additional information is required, we would appreciate it if you would write directly to our office. Since the field examinations can probably not be made until the next irrigation season, we do not expect to hear on this matter for some time, but would appreciate it if you would keep us advised of the progress.

Thank you for your kind assistance.

Yours very truly,

Kent W. Foster

SUBJECT Application for Permits No. 31-7132 thru 31-7138 (Bel-Wan Ranches, Inc.)

The above referenced applications were submitted to the Fremont County Chronicle News for publication on September 19 and 26, 1974. The newspaper claims they never received the legal notice.

The applications were re-submitted for advertising on October 24 and 31, 1974. However, the final date of protest was not changed to reflect November 11, 1974. The newspaper called after the first publication wanting to know if the protest date should be changed. They were informed to change it to November 11, 1974, but did not change it. All that was changed was the date(s) of the publication to October 31 and November 7, 1974. The newspaper advertised these applications three times - October 24 and 31; and November 7, 1974.
