Bel-Wan Ranches, Inc.
c/ Wallace Robinson
Newdale, ID 83436

Dear Mr. Robinson:

Personnel from this office have attempted to complete the field examinations necessary to finalize the water permits and collect data required for the licensing of your wells.

Measuring devices of a type approved by this Department have not been installed at the points of diversion, and because of this non-compliance the priority date that you have established for these ground-water sources may be in jeopardy.

This office will hold the field reports until September 14, 1977. If at that time we have not received notification that the measuring devices have been purchased and/or installed, we will forward our findings to the State Office for final action. If the measuring devices have been installed, please contact me to set up an appointment to do a re-exam.

Compliance with the conditions on your permits is the only way a license can be issued pursuant to the Idaho Code for your water right developments and the land included under the above referenced permits.

If you have any questions concerning this matter, please contact me.

Very truly yours,

ANTHONY R. KOZLOWSKI

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell during which part of the irrigation season this examination will be made, however, our examiner will try to contact you at the time he makes the exam so that you may show him the system.

If you have any questions concerning the field exam, please contact our District Office in Idaho Falls.

INTER-DEPARTMENT MEMO — 1

FROM RON

DATE November 13, 1974

TO File

SUBJECT Application for Permits No. 31-7132 thru 31-7138 (Bel-Wan Ranches, Inc.)

The above referenced applications were submitted to the Fremont County Chronicle News for publication on September 19 and 26, 1974. The newspaper claims they never received the legal notice.

The applications were re-submitted for advertising on October 24 and 31, 1974. However, the final date of protest was not changed to reflect November 11, 1974. The newspaper called after the first publication wanting to know if the protest date should be changed. They were informed to change it to November 11, 1974, but did not change it. All that was changed was the date(s) of the publication to October 31 and November 7, 1974. The newspaper advertised these applications three times - October 24 and 31; and November 7, 1974.
