Dear Mr. Egbert:

Attached herewith is departmental receipt No. 10096 in the amount of \$180 for the above referenced applications for permit.

In reviewing your applications, we note that the point of diversion listed on each of the applications (Item 3a) is described as being on the line between two forty acre legal subdivisions. We cannot, however, accept this as an adequate description and will advertise the applications to show a point of diversion in each of the forty acre subdivisions.

Also, in Item 4 January 1 to December 31 is requested as the irrigation season for each application. We normally recognize April 15 to October 15 as the standard irrigation season for your area, and will reduce the applications to this time period unless you can supply us with justification for the longer season requested.

If you have any questions, please do not hesitate to contact this office.

Very truly yours,

NORMAN C. YOUNG
District Engineer
