Gentlemen:

One of the conditions of approval of your water Permit No. 31-7061 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before August 1, 1977. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Black:

We have received a well driller's report indicating that a well was drilled for you in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 16, T. 7N, R. 35E, B.M., Jefferson County. In reviewing the application for permit No. 31-7061 filed by you we find a discrepancy in the location. The permit shows the point of diversion to be located within the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 16, T. 7N, R. 35E, B.M.

Would you please recheck the description to see which location is correct and notify this office? Your cooperation in this matter will be greatly appreciated.
