License of Water Right No. 31-7019 Priority May 30, 1969 Amount 2.07 cfs

THIS IS TO CERTIFY, that LEROY BIRD

of Monteview, Idaho, has complied with the terms and conditions of Permit No. 31-7019 issued pursuant to Application for Permit dated April 3, 1969, and has submitted proof to the Department of Water Administration on August 27, 1971 (late proof), that he has applied water to a beneficial use; an examination by the Department indicates that the works have a capacity for the diversion of 2.07 cfs of water from a ground water source, tributary to _____, and that the permit holder has applied to a beneficial use & established a right to use water as follows:

Beneficial Use	Period of Use		Rate of Diversion		Annual Volume
Irrigation	from April 15	to Sept. 15	at 2.07	cfs and	312 acre feet or 3.0 af per acre
	from	to	at	cfs and	
	from	to	at	cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 2.07 cfs of water be diverted at any one time, and that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed 312 acre feet per year, said waters to be diverted within the $SE\frac{1}{4}NE\frac{1}{4}$ of Sec. 11, Twp. 6 N, Rge. 33 E, B.M. in the County of Jefferson

10. Remarks About Feb. 1966 I filed an application for a permit to drill I also paid the application fee at that time. At that time however I had irrigation water with the Jefferson Canal Company so Mr. Higgins & Mr Loy Johnson stated I would have to get a statement from the Jefferson Canal Co. saying that it would be permissable to sell my water stock and drill a deep well. The directors however did not feel that they had the right to say that I could sell the water until they knew for sure where the individual purchasing it was going to use it and had the land surveyed. This was done last year & the water was sold and the stock transferred to mr. Wright Weaver of Montview. The deep well has now been completed and we would like to do what ever is necessary to obtain the approved permit.

Mr. Loy Johnson helped me fill out these same papers when I came to Boise in Feb. or March of 1966 so he may still remember these details

Dear Sir,

Confirming our telephone conversation this morning, we have examined the appraisal plat on the Leroy Bird farm at Monteview and find that the land in Section 11, Township 6 North, Range 33 EBM irrigated from his new well is as follows:

	Acres		Acres
NE¼NE¼	9	NW¼NE¼	23
SW¼NE¼	40	SE¼NE¼	34
SE¼NW¼	20	NE¼SW¼	11
NW¼SE¼	23	NE¼SE¼	23

Enclosed is Mr. Bird's check for $35.00 to pay the application fee for his irrigation permit as requested with his application.

It is our understanding that the permit will have a priority of 1969, despite the fact that the well was drilled in 1967 and was used to irrigate the farm in 1967 and 1968.

After the permit has been granted Mr. Bird would like to submit Proof of Final Completion of Works. Will you please send him the necessary forms for this action.

We would also like to know as soon as possible the granting of the permit.

Very truly yours,

Dear Mr. Bird:

A representative of this Department has made an examination of the works covered by your Permit No. 31-7019 and has found the following:

Quantity of water diverted: 2.07 cfs

Amount of water that can be recognized as beneficially used under Idaho law: 2.07 cfs

The maximum quantity diverted shall not exceed 312 acre feet per year.

Beneficial use: For irrigation of 104 acres within the NE¼, N½SE¼, Sec. 11, Twp. 6N, Rge. 33E

Point of diversion: SE¼NE¼, Sec. 11, Twp. 6N, Rge. 33E, B.M.

Priority date established: May 30, 1969

If you do not concur with these findings, please advise us within 10 days; otherwise a license will be issued as set forth in this letter.

Sincerely,

Re: Permit No. 31-7019

Leroy Bird
Monteview,
Idaho 83435

Dear Mr. Bird:

On May 25, 1973, this office inspected the water diversion works and place of use as described in Permit No. 31-7019. Our examiner found no measuring device of a type approved by the Department installed as part of your diverting works. Such a measuring device is an express condition which must be met prior to approval of a license for your permit.

As you may be aware, your water right cannot be confirmed by the issuance of a license unless all of the conditions of approval are met. In the event that a license is not issued and the permit lapses, further diversion of water under the permit would be illegal.

You are, therefore, hereby ordered to show cause, if any there be, before the Director of the Department of Water Resources, State Capitol, Boise, Idaho, on or before September 5, 1974, as to why Permit No. 31-7019 should not be lapsed for failure to complete the requirements under said permit.

If you have any questions, feel free to contact us.

Very truly yours,

R. KEITH HIGGINSON
Director

Dear Mr. Bird:

Enclosed please find a copy of the approved application for amendment in connection with your Permit No. 31-7019.

Before a license can be issued, a field examination must be made by a representative from this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system. If someone other than you should be contacted by the examiner, please advise.

Re: Permit No. 31-7019

Mr. Leroy Bird
Monteview,
Idaho 83435

Dear Mr. Bird:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed you will find an Order of Reinstatement; please note that the priority has been advanced under this permit.

In reviewing your file, we find that the Department approved your permit to cover 183 acres of land as follows: NE¼, E½NW¼, Sec. 11. However, a letter dated April 2, 1969, from Mr. John M. Corless, states that the actual land to be irrigated is as follows: NE¼, SE¼NW¼, NE¼SW¼, N½SE¼, Sec. 11. It appears that the Department inadvertently approved your permit with an erroneous description of the area to be irrigated.

We are enclosing a partially completed amendment form and request that you complete the form by signing it on the back side. Since this appears to be an error on the part of the Department, there will be no fee for this amendment. The amendment will be used only to correct the Department's records to correspond to Mr. Corless' letter of April 2, 1969.

Please submit the amendment form at your earliest convenience. Your assistance in this matter is greatly appreciated.

Very truly yours,

C. STEPHEN ALLRED

)

ORDER OF REINSTATEMENT

WHEREAS, on April 3, 1969, Leroy Bird applied to the Department of Water Administration (formerly the Department of Reclamation) for a permit to appropriate 3.6 cubic feet per second of water from a ground water source within the $SE\frac{1}{4}NE\frac{1}{4}$ of Sec. 11, T. 6 N, R. 33 E. B.M., Jefferson County, to be used for irrigation purposes; and,

WHEREAS, on June 16, 1969, the Department approved said application and issued Permit No. 31-7019 with the condition that proof of construction of works and application of water to beneficial use be submitted to the Department on or before July 1, 1971, and the applicant permanently install and maintain a measuring device of a type approved by the Department as part of the diverting works; and,

WHEREAS, on April 30, 1971, the permit holder was notified by certified mail that he was required to submit proof of beneficial use and was instructed as to the steps to be taken to make said proof; and,

WHEREAS, on July 7, 1971, the permit holder was notified that Permit No. 31-7019 had lapsed for failure to submit the required proof of beneficial use; and,

WHEREAS, on August 31, 1971, the Department received the required proof of beneficial use; and,

WHEREAS, Section 42-218a of the Idaho Code provides that a permit may be reinstated upon a showing of reasonable cause within sixty days from the date of the notice of lapsing; and,

WHEREAS, the permit holder has provided a reasonable showing as to why said permit should be reinstated;

IT IS, THEREFORE, HEREBY ORDERED that Permit No. 31-7019 be REINSTATED and the priority advanced to May 30, 1969.

Dear Mr. Bird:

This letter will acknowledge the telephone order of a 10-inch Badger MDIM flow meter on August 27, 1971, made by Mr. John Corless. Due to unusually heavy sales, we are temporarily out of stock but expect we can make delivery within 2 to 3 weeks.

By copy of this letter we are relaying Mr. Corless's request of the Department of Water Administration to delay final inspection of the installation until the meter is received and installed. We understand that the subject permit expires on September 7, 1971 and that Mr. Bird is requesting an extension of time from the Department. Mr. Corless also hoped that the Department would acknowledge granting of the extension requested by this letter.

Dear Mr. Bird:

One of the conditions of approval of your water Permit No. 31-7019 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before July 1, 1971. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Mr. Bird:

It has been brought to our attention that on or about February 10, 1966, you had a well drilled. The well is reported to be located at a point in the SW ¼ SE ¼, sec. 1, T. 6 N, R. 33 E, B.M. for irrigation use.

A search of our records has failed to find your application or approved permit. Under existing Idaho Statutes, Sections 42-226, 42-229, and 42-230 of the Idaho Code, you are required to file and obtain an approved permit before you divert waters from a subterranean source, with the exception of domestic wells which are defined under Section 42-111 of the Idaho Code.

If we have overlooked your permit, please advise the department as to your permit number. However, if you have not yet filled out an application for permit, please use the instructions and the blank application form which we have enclosed.

We will be very happy to assist you with any questions you might have.
