WATER RIGHT LICENSE

License of Water Right No. 31-7016 Priority Jan. 16, 1969 Amount 5.52 cfs

THIS IS TO CERTIFY, that BOYD ASHCRAFT
of Sugar City, Idaho, has complied with the terms and conditions of Permit
No. 31-7016 issued pursuant to Application for Permit dated January 16, 1969,
and has submitted proof to the Department of Water Resources on October 18, 1973,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 6.02 cfs of water from a ground water source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>May 1</u> to <u>Oct. 1</u>	at <u>5.52</u> cfs and	<u>828 acre feet or</u>
	from _____ to _____	at _____ cfs and	<u>3.0 af per acre</u>
	from _____ to _____	at _____ cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 5.52 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
828 acre feet per year, said waters to be diverted within the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 12,

A measuring device of a type approved by this Department shall be permanently
maintained as part of the diverting works.

NOTE: Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho
Code, or the applicable Idaho Law. This right may be forfeited by five years of non-use.

The right to the use of the water hereby confirmed is restricted and appurtenant to the lands or place of use
herein described, as provided by the laws of Idaho.

Boyd B. Ashcraft of Sugar Idaho
(name) (address)

State of IDAHO, being first duly sworn, upon his oath deposes and says:

That he is the holder, or the duly authorized agent of the holder *, of Permit to appropriate the Public Waters of the State of Idaho No. 30-7016.

That under the terms and conditions of said permit, work thereunder was required to be completed on or before June 1, 1973.

That he has heretofore performed the following work described under said permit:

Installed mainline and center pivots to water land in Sec 13 and Section 18
as provided for in application of water for beneficial use. Well has been drilled
to water and is almost finished to provide adequate amount of water.

Costing \$ _____

That he is unable to complete the remainder of the work within the required time for the following reasons, to-wit: Due to delay of well driller in filling contract to have
well finished by first of April there is not sufficient time for pump to be installed,
wired and checked out and proof be established by the first of June 1973.

Wherefore, he asks that the Department of Water Administration extend the time for the completion of obligations under said permit to July 1, 19 73.

Dear Mr. Ashcraft:

One of the conditions of approval of your water Permit No. 31-7016 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1973. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise the permit will lapse and be of no further force or effect.

Dear Sirs:

Enclosed is an assignment for transferring Permit #31-7014 from J. Thomas Williams, Sr. to my wife, Ila B. Williams.

We are requesting that this transfer be made as soon as possible with a copy of it sent for our records and a copy sent to the Idaho Water Resource Board. We are also requesting an extension of this permit for a period of time up to one year to give us a chance to drill the well and install a sprinkler system.

Enclosed is a check for \$1.00 for the copies of the original permit which you sent us recently.

We feel that the waters which are in Idaho should remain in Idaho and we are attempting to do our part to improve our State.

Dear Mr. Williams:

On August 14, 1967, the Idaho Falls District Manager issued an "initial decision" classifying the lands included in your desert land petition-application as suitable for entry under the desert land act. The decision also stated that no entry would be allowed until satisfactory evidence of an available and adequate supply of water was submitted. Under this classification you are offered the opportunity to apply for a special land use permit to drill a well in order to obtain the necessary evidence of a water supply for irrigation.

Attached are application and stipulation forms and an instruction sheet. Please carefully read and comply with the requirements in the instruction sheet.

PLEASE NOTE: The application and stipulation forms must be completed in duplicate and sent or taken to the District Manager, Bureau of Land Management, P.O. Box 1867, Idaho Falls, Idaho 83401, within 30 days from receipt of this letter.

If the application, stipulation, fees, rental and bond are not received by the District Manager within the 30 days allowed, we will assume that you are not interested in drilling a well. Your application will then be considered as rejected and will be closed without further notice.

If a well is not drilled or is unsuccessful during the period the permit is in effect, your application will automatically be considered as rejected when the permit expires.

An agreement must be worked out with Ray Byrne, Hamer, Idaho over relocation of the fence of the north and east sides of the land. The agreement should be set out in writing, signed by you and Mr. Byrne and submitted to this office. If no agreement can be reached the Idaho Falls District Manager will make a decision on disposition of the fence.

31-7016

You must also obtain a State water appropriation permit from the State Department of Reclamation to drill the well. Attached is an extra copy of this letter. The copy should be submitted to that office when you apply for a permit. Unless they have knowledge that the land in your desert application has been classified as suitable for entry, they may decline to issue the water permit. You should arrange with the State Reclamation Engineer to have a copy of the issued permit sent to this office.

Sincerely yours,

/S/ ORVAL G. HADLEY

Dear Mr. Williams:

Please be advised that your application for permit has been processed. However, since your application is filed in connection with a desert land entry with the Bureau of Land Management, the Department of Reclamation will take no further action until such time as evidence that your desert entry has been allowed is submitted to this department in writing.

Enclosed is Receipt No. 2539 in the amount of \$46.00 for the filing fee. A copy of the approved application will be forwarded to the B. L. M. at such time as the application is approved.

Dear Mr. Young:

Thank you for your letter of January 7, 1969 and your firms check in the amount of \$20.00 and Mr. William's application for permit. Before we may procede with the application, however, we must have additional filing fees. The total filing fee for 6.0 cubic feet per second is \$45.00. We are enclosing a fee schedule for your use in clarifying this matter.

Inasmuch as the filing is in connection with a desert entry, we will require that Mr. Williams forward a copy of the Bureau of Land Management's (B.L.M.) letter requesting that a water filing be made. This letter is needed prior to final action by the department.

Our normal procedure involving desert entries is to send a photostatic copy of the approved application directly to the B.L.M. There is a \$1.00 fee for this, hwwever, if you desire we will forward a certified copy of the permit to your attention and you may in turn transmit it to the B.L.M. This would require a \$2.00 fee.

Please contatt us if we may be of further assistance.
