Affidavit of Publication
THE RIGBY STAR

RECEIVED
JUL 24 1958
Department of Reclamation

STATE OF IDAHO, }
County of Jefferson } ss.

I, Hope B. Jones, do solemnly swear that I am the printer of THE RIGBY STAR, a weekly newspaper as defined by Idaho Codes annotated section 58-106 as amended, and that said newspaper is a weekly newspaper, printed and published at Rigby, Jefferson County, Idaho, having a general circulation in said county, and that said newspaper has been printed and published as a weekly newspaper, in said county for more than 78 consecutive weeks prior to the first publication of the attached notice.

And affiant further says that said attached notice, advertisement or publication as per clipping attached, was published in said newspaper in the regular and entire issue thereof, and not in any supplement issue thereof, for

four consecutive issues thereof; first publication having been made on the

22nd day of May, 1958

and the last publication on the

12th day of June, 1958

And affiant further says that at the times herein mentioned said newspaper was made up of at least four pages of at least five columns each, printed from type matter, of at least seventeen and three fourths inches depth; and that there are at least two hundred bona fide subscribers in Jefferson County.

MY COMMISSION EXPIRES JULY 17, 1961

22773

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE
Notice is hereby given that 9:00 a.m., on the 23rd day of June, 1958, at Dubois, County of Clark, State of Idaho, before H. R. Harn, Notary Public, at Dubois, Idaho, proof will be submitted of the completion of works for the diversion of 19.2 cubic meet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-22650, G-22758 & G-22773 heretofore issued by the Department of Reclamation of the State of Idaho.
1. The name and postoffice address of the persons holding said permit are Jack W. Dahle, John J. Tomlinson and Joseph E. Coffey, all of Montevieu, Idaho.
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 19.2 cubic feet per second.
3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 19.2 cubic feet per second.
4. The points of diversions of said water are SW $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 5; NE $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 9 and NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 8; NE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 8; all in twp. 7 N., Rge. 33 E.
5. The place where said water is used is W $\frac{1}{2}$ NE $\frac{1}{4}$, NW $\frac{1}{4}$, W $\frac{1}{2}$ SW $\frac{1}{4}$ Sec. 5; NE $\frac{1}{4}$ Sec. 8; NW $\frac{1}{4}$ Sec. 9; W $\frac{1}{2}$ Sec. 8, all in Twp. 7 N., Rge. 33 E.
6. The dates of priority which said user is prepared to establish are March 13, May 5 and May 15, all in 1952.
MARK R. KULP,
State Reclamation Engineer.

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 30521
Permit No. G- 22773
District No.

1. Name of Applicant: JOSEPH B. COFFEY

Postoffice address: Aberdeen

County: Bingham

State: Idaho

2. Quantity of water claimed:

(a) Rate of withdrawal in cubic feet per second. 6.1, or Idaho
Miners' inches 320 or gallons per minute.

(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Subterranean flow from two wells

4. Location of point of diversion or well is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8
Twp. 7 N. , Rge. 33 E., B.M., County of Jefferson

5. Water is to be used for: Irrigation and domestic purposes.

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.

(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.

7. Kind of works: Wells, pumps and ditches

8. Estimated cost of works: \$ 10,000.00

9. (a) Is reservoir to be used?

(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is five (5) years.

11. If applicant is a corporation, give:

I. (a) Date and place of incorporation:

(b) Amount of capital stock: \$

(c) Amount paid in: \$

(d) Names and addresses of directors:

II. The financial resources of the applicant are (a) Cash on hand: \$

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: Entry No. 02912

BE IT KNOWN TH
Idaho as herein set forth.

RE: Change of Ownership for Water Right 31-02473

Dear Mr. Owens:

We have recently received information indicating that you may be the new owner of the above referenced water right.

Recent legislation makes it necessary for information regarding the change of ownership involving water rights to be sent to the Department of Water Rights.

I have enclosed a Notice of Change in Water Right Ownership form for your convenience. Also enclosed is a notice regarding the filing fee that is now required for water right ownership changes.

If you have any questions regarding this matter, please call me at 208-327-7941.

Sincerely,

A handwritten signature in cursive script, reading 'Kari Lynn Townsend'.

Re: License No. 34-2298

Hanson Realty
678 West Bridge
Blackfoot, Idaho 83221

ATTENTION: Fred L. Hanson

Dear Mr. Hanson:

Pursuant to your letter of April 7, 1972, we are offering the following information.

The referenced water right was issued to Joseph B. Coffey, with a priority date of May 15, 1952, for 3.82 cubic feet per second of water. This right was for the irrigation of 320 acres in the $W\frac{1}{2}$ of Section 8, Township 7 North, Range 33 East, Boise Meridian.

You stated that the point of diversion is in the $SW\frac{1}{4}SW\frac{1}{4}$ of Section 8. Our records indicate that it was licensed in the $NE\frac{1}{4}SW\frac{1}{4}$ of Section 8, Township 7 North, Range 33 East, Boise Meridian. If there has been a change in the point of diversion, the owner should file an application for transfer of water right with this Department.

We did not receive the \$1.00 fee that you indicated was enclosed in your letter. A copy of the license is enclosed for your reference.

If we can be of any further assistance to you in this, or any other matter, please do not hesitate to contact this Department.

Very truly yours,

James Booker
Appropriation Examiner

Re: Permit No. G-22773
Joseph B. Coffey

Mr. H. R. Harn
P. O. Box 7
Dubois, Idaho

Dear Mr. Harn:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-22773 shows the well is capable of conveying 191 miners' inches (3.82 c.f.s.) of water for irrigation of 320 acres.

Upon receipt of the statutory fees, totaling \$21.00, we will issue the Certificate of Completion of Works (for which the fee is five dollars) and the License and Certificate of Water Right (sixteen dollars--fee based at the rate of two dollars for each 40-acre subdivision) confirming the right with priority of May 15, 1952, to the use of 3.82 second feet of subterranean water, with the point of diversion in the NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8, for irrigation of 320 acres in the W $\frac{1}{2}$ of Section 8, Township 7 North, Range 33 East, B.M.

Montevideo, Idaho

Dear Mr. Coffey:

Statutes requires a field inspection in connection with the proofs on Permit # G-22773 before license and certificate of water right can be issued.

Such inspection and report on same is required for any and all permits being brought to license within this State.

An inspecting Engineer from this Department requests that you or someone familiar with the terms of the permit and representing you be prepared to accompany him on the inspection, on Wednesday

August 13, 1958.

If he cannot get in touch with you by phone or otherwise he will drive to the well location or point of diversion given in the permit.

Very truly yours,

~~XXXXXXXXXX~~ GEO. N. CARTER
State Reclamation Engineer

Re: Permit No. G-22773

Mr. Joseph B. Coffey
Montevideo, Idaho

Dear Mr. Coffey:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Rigby Star, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-22773.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

July 24, 1958

Mr. H. R. Harn
P. O. Box 7
Duboise, Idaho

Dear Mr. Harn:

Receipt is acknowledged of corrected Depositions of Proof of Completion of works and Application of Water to Beneficial Use in connection with Permits: -

G-21119 - Dorothy F. Dahle
G-22650 - Jack Wilford Dahle
G-22758 - John J. Tomlinson
G-22773 - Joseph E. Coffey

While the detailed corrections requested in our letter of July 18, 1958 were not supplied, we have accepted them with the proviso that the final examination by an inspector from this office will determine the legal descriptions of irrigated lands and location of Point of Diversion before license is issued.

Please bear in mind that much time and correspondence can be eliminated by always submitting legal descriptions in detail.

When one or more permits are included in a Notice of Publication, each set of proofs must have its own publisher's Affidavit attached to it.

Very truly yours,

W. L. G. G. G.
State Publication Engineer

Permit No. G-22773 - Joseph B. Coffey

Attn: Mrs. Edna P. Rutledge,
Chief Clerk.

Dear Mrs. Rutledge:

I regret it was necessary to return captioned Proofs.
They are being returned to you and I hope the various
answers are sufficient for your requirements.

In connection with Permit No. G-24149, Dorothy T. Dahle,
there is attached Affidavit of Publication which I neglected
to include originally.

In connection with the other three Permits, I am
enclosing an Affidavit of Publication, which takes care of
all three.

I would appreciate your acknowledging receipt by signing
and returning the attached postal card which has been prepared
for your convenience.

Yours very truly,

H. R. Harr

Affidavit of Publication
THE RIGBY STAR

RECEIVED
JUL 24 1958

Department of Reclamation

STATE OF IDAHO, }
County of Jefferson } ss.

I, Hope B. Jones, do solemnly swear that I am the printer of THE RIGBY STAR, a weekly newspaper as defined by Idaho Codes annotated section 58-106 as amended, and that said newspaper is a weekly newspaper, printed and published at Rigby, Jefferson County, Idaho, having a general circulation in said county, and that said newspaper has been printed and published as a weekly newspaper, in said county for more than 78 consecutive weeks prior to the first publication of the attached notice.

And affiant further says that said attached notice, advertisement or publication as per clipping attached, was published in said newspaper in the regular and entire issue thereof, and not in any supplement issue thereof, for

four consecutive issues thereof; first publication having been made on the

22nd day of May, 1958

and the last publication on the

12th day of June, 1958

And affiant further says that at the times herein mentioned said newspaper was made up of at least four pages of at least five columns each, printed from type matter, of at least seventeen and three fourths inches depth; and that there are at least two hundred bona fide subscribers in Jefferson County.

Hope B Jones

Permit No. G-22773

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Joseph B. Coffey, residence and postoffice address is Montevieu, Idaho.
Occupation is livestock and farming.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. G-22773, dated May 16, 1952 and priority of May 15, 1952

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. My water is from a deep well and the point of diversion is in the
NE 1/4, Sec. 8, Twp. 7 N., Range 33 EBM, Jefferson County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. My works are canals, laterals and fills. The works will convey at least
320 inches to the point of use. The well is drilled to 517 feet, the water
level is approximately 200 feet, and the pump setting is 220 feet. The pump
size is 12 inches and powered by a motor of 150 H. P. The well is 18 inches
in diameter and cased approximately 60 feet to rock. No actual measurement
has been made by any scientific process but the pump is designed to deliver
320 inches and I believe it is doing approximately that.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used entirely for irrigation purposes and all of the land
is under irrigation. In 1957 100 acres were cropped. There is no natural
meadow land on this property, and all land requires irrigation. Every
40-acre subdivision in my entry has been completely irrigated in 1958.

W², Sec. 8, 7 N.-33 E.

22773

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Water used entirely for irrigation purposes. I have a domestic water well at my house.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. I believe 1 inch per acre is required under maximum circumstances to profitably raise crops in this area.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. In 1957 I cropped approximately 100 acres and in 1958 I have the entire area under cultivation, and all water has been put to beneficial use.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have no other source of water supply except my subterranean well.

(Sign)

Joseph B. Coffey
Joseph B. Coffey

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed

and sworn to before me, at my office in Dubois, County of Clark

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. G-22773

Proof of Application of Water to Beneficial Use
and Completion of Works
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. John J. Tomlinson, age 49, my residence and P.O. address is Montevue, Idaho, and my occupation is livestock and farming.

Ques. 2. Are you acquainted with Joseph B. Coffey, the holder of Permit No. G-22773? How long have you known him and where does he reside?

Ans. Yes. I have known this applicant about 16 years, and he resides on his farm at Montevue, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22773, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water supply is from a deep well, the place of diversion is the NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 8, Twp. 7 N., Range 33 EBM, Jefferson County, Idaho. The works for conveying water are canals, laterals and fills.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

The works are adequate for conveying 320 inches of water to the point
Ans. of use, but I have not measured the water.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. This is a 12-inch pump with a 10-inch discharge and I have seen the pump operating with the 10-inch discharge pipe full. Pump is adequate to handle 320 inches, but I have no way of measuring the water accurately.

22773

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

2 Ans. All of the water is used for raising crops on the property. There is no natural meadow ground and the land requires irrigation to raise crops. All of the land in this entry has been completely irrigated in 1958.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is sandy loam, the same as all other land in the area. One inch per acre of water is required for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen crops raised on this land in 1957 and in 1958. My farm joins this land on the east, and the water from the well has been put to beneficial use.

Permit No. G-22773

Proof of Application of Water to Beneficial Use
Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Jack W. Dahle, age 46, I reside near Montevue, Idaho, and my P.O. address is Montevue, Idaho. My occupation is farming and livestock.

Ques. 2. Are you acquainted with Joseph B. Coffey, the holder of Permit No. G-22773? How long have you known him and where does he reside?

Ans. Yes, I have known Mr. Coffey for approximately 20 years, and he resides near Montevue, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-22773, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. His water is from a deep well and the point of diversion is in the NE 1/4 SW 1/4, Sec. 8, Twp. 7 N., Range 33 EBM, Jefferson County, Idaho. Mr. Coffey resides near Montevue, Idaho.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. He has adequate works for conveying 320 inches of water. I have seen the water being conveyed and I feel certain he has approx. 320 inches of water for irrigation purposes.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

2 Ans. I have seen the pump in operation many times, and while I have no way of measuring it, I believe it is producing nearly 320 inches of water. Mr. Coffey's land joins my land, and I have an opportunity to observe it frequently.

22773

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

2 Ans. His water is used entirely for irrigation purposes. He has his own domestic well at his place of residence. Part of the land was irrigated in 1957 and all of it is irrigated in 1958. There is no natural meadow - all of it requires water to raise crops. This entryman has fully irrigated each 40-acre subdivision of his entry in 1958.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. _____

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is sandy loam with some silt. I believe a full inch of water per acre is required to profitably cultivate this type of land.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. All of the water from the well has been put to beneficial use and I have witnessed its application for the past two years.

(Signed) _____

Jack W. Dahle

Mr. H. R. Harn
P.O. Box 7
Dubois, Idaho

Dear Mr. Harn:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under the above captioned names and Permit Numbers. Final proofs are to be made before you as Notary on the 23rd day of June at 9:00 A.M.

As of this date we have mailed the Notice to the Rigby Star with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by each of the Permit holders and their two disinterested witnesses, who are familiar with the terms of the Permit and the work done thereunder, at the time, on the date and before you as Notary as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (holder and two witnesses) are being returned. Also, be sure to enclose the Affidavit of Publication.

Very truly yours,

MARK R. KEMP

Mr. H. R. Harn
P. O. Box 7
Dubois, Idaho

Dear Mr. Harn:

In reply to your letter of April 21, 1958, in connection with the three above captioned permits, you state that you wish the publication notices published or that proofs could be taken before a Notary at the same time and place that the above mentioned names representing the three permits, can meet and take their proofs at the same time they make final proofs on their Desert Land Entry applications.

We wish to state that we have taken the matter up with the Bureau of Land Management and they have stated that this office would be notified giving the date and place for making proofs on the Desert Land applications so that this department can comply with your request.

We did not ask the Bureau of Land Management just when this date would be set, however, from instances I know, it takes a long time before they take any action in the matter, however, we will hold same until hearing from the Bureau of Land Management, as proofs are not due on the above stated permits until July 28, 1959.

We wish to state that you did not fill out Form 10 and ^{Return} data with each of the above mentioned permits.

We might suggest that these three permits could be combined into one publication notice and save expense to the applicants, however, with your approval, this department can fill out Form 10 according to the information stated on the permits, with your permission.

Very truly yours,

Re: Idaho 02711, Jack Wilford Dahle
Idaho 02855, John J. Tomlinson
Idaho 02912, Joseph B. Coffey

Gentlemen:

I am enclosing at the request of these three Entrymen, Form 4-348 Notice of Intention to Make Proof.

These Entrymen also desire to make final proof of beneficial use of their Idaho Water Permits on this same day that they make Desert Land Proofs.

By making both the Land Proof and the Water Proof on the same date and using the same witnesses, it will save these people considerable time and money.

I am asking the Idaho Department of Reclamation to cooperate with you in this matter and I feel certain they will be calling you shortly after you receive this letter.

It is important that these proofs be set at the earliest possible date because of the urgent need for financing in a long term Real Estate Mortgage.

You are also requested to set the time at 9:00 A.M. on a Monday.

Yours very truly,

H. R. Harn

Re: Permit No. G-22650, Jack W. Dahle
Permit No. G-22758, John J. Tomlinson
Permit No. G-22773, Joseph B. Coffey

Attn: Roy W. Thompson, Office Manager

Dear Roy:

Enclosed is your Form No. 11, Notice Authorizing Publication, covering the three above permits.

These Permittees desire to make Proof of Beneficial Use at the same time that they make Final Proof on their Desert Land Entries.

Attached is copy of my letter to the Bureau of Land Management, Boise, Idaho, and you will note that I have stated you would cooperate with them in this matter so that the publications would run concurrently, assuming that the notices require the same number of publications.

Your assistance in this matter will be deeply appreciated the Permittees and by me.

With kind personal regards, I am

Sincerely yours,

H. R. Harn

Re: Permit No. G-22773
J. B. Coffey

Mr. H. R. Harn
P. O. Box 7
Dubois, Idaho

Dear Mr. Harn:

In answer to your letter of March 17, 1958, in which you request bein advised as to the status of the Water Permit Application in connection with the W $\frac{1}{2}$ of Section 8, Township 7 North, Range 33 East, filed in this office in connection with Desert Land Entry No. Idaho 02912.

Permit No. G-22773
Applicant - Joseph B. Coffey
Filed - May 15, 1952
Completion of Works & Beneficial Use Proofs due July 28, 1959.
Point of Diversion or location of the wells - In the NE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 8, Township 7 North, Range 33 East.
Place of Use - W $\frac{1}{2}$ of Section 8, Township 7 North, Range 33 East - Jefferson County.

We assume from your letter that you are helping Mr. Coffey make his final proofs on Desert Land Entry No. 02912. We might add that it is not necessary that Mr. Coffey complete his water filing on Permit No. G-22773 at the same time as his final proof on his Desert Land Entry. These are two different proofs made at two different places or organizations and each are independent of the other.

Providing Mr. Coffey wishes to make his final proofs on his water right, forms will be sent in connection there with.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Desert Land Entry, J. B. Coffey,
Monteview, Idaho. W $\frac{1}{2}$, Sec. 8, Twp. 7 N.,
Range 33 EBM, Jefferson County, Idaho.

Gentlemen:

8-22773
Please advise me the status of the Water
Permit Application on the above Desert Land
Entry.

Mr. Coffey is ready to prove up on his
entry before me as a Notary Public.

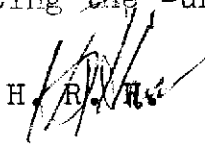

Yours very truly,

H. R. Hanna

HRH/pl

cc: J. B. Coffey
Monteview, Idaho

I am not quite clear on the matter of proving
up on water under Desert Land Entries. Does the
Entryman make both proofs at the same time, and by
this I mean, is it mandatory that both proofs be made
at the same time and before the same Notary Public
or other official designated to take the proofs.
In this particular case the land is located in
Jefferson County, and it is my understanding that the
Water Proof advertisement must be made in The Rigby Star.
I am not certain about the federal advertisement on the
Desert Land Entry, as to whether it must be made in
Jefferson County, so I am writing the Bureau of Land
Management in this respect.

H. R. Hanna

Re: Permit No. G-22773

Mr. Joseph B. Coffey
Aberdeen,
Idaho

Dear Mr. Coffey:

Enclosed is an "Extension of Time" for proofs of Completion of Works and Beneficial Use on Permit No. G-22773 to July 28, 1959.

This extension has been approved by the State Reclamation Engineer and recorded in the Department of Reclamation in Book 81 of Permits at Page 22773 and should now be attached to the original permit to which it refers and of which it becomes a part.

Very truly yours,

MARK R. KULP

STATE OF IDAHO

DEPARTMENT OF RECLAMATION

WHEREAS, Permit No. G-22773, in the name of Joseph B. Geffey, required proofs of Completion of Works and Beneficial Use to be made on or before May 16, 1957; and,

WHEREAS, said Permit was issued in connection with Desert Land Entry Idaho Serial #02912; and,

WHEREAS, applicant was prevented from proceeding with construction pending allowance of said Desert Land Entry, which was not allowed until July 28, 1954;

NOW, THEREFORE, an Extension of Time is allowed for Completion of Works and Beneficial Use Proofs on Permit No. G-22773 to July 28, 1959, or the length of time applicant was prevented from proceeding pending allowance of his Desert Land Entry and a similar extension is allowed for every other act required under the terms and conditions of Permit No. G-22773.

Signed at Boise, Idaho, this 29th day of April, 1957.

Re: Permit No. G-22773

Dear Sir:

Due to the fact that permission to go ahead on improvement of this desert entry was not granted until two years after application for this desert entry, I am hereby making application for an extension of two years on proving this permit.

The well is on the place, but the power will not be available to us until mid-summer 1957.

Very truly yours,

Joseph B. Coffey

DEPARTMENT OF RECLAMATION

March 1, 1957

Mr. Joseph B. Coffey
Aberdeen, Idaho

Dear Sir:

We enclose herewith blank notice for proof of completion of works and application of water to beneficial use under your Permit No. G-22773. This notice should be filled out in duplicate and returned to this office at least 40 days before the date upon which you wish to make this proof, in order to allow time for the four weeks' publication required by law.

This proof must be submitted before a Notary Public or other officer authorized by law to administer oaths.

The date for proof, as set out in your permit, is not later than May 16, 1957.

Very truly yours,

MARK R. KULP

State Reclamation Engineer
