RE: Permit No. G-26565

Daniel R. Young
Montevideo, Idaho

Dear Mr. Young:

Our field examiner's report on his inspection of proof of completion of works and application of water to beneficial use under the terms of Permit No. G-26565 shows the well(x) is (xxx) capable of conveying 221 miner's inches, or 4.42 c.f.s. However, due to the limitations of your permit, we can only allow the amount of water originally requested, the amount of water actually used beneficially, or 1 (one) miner's inch per irrigated acre.

Upon receipt of the statutory fees, totaling \$ 25.00 , we will issue the Certificate of Completion of Works for 4.42 c.f.s. and the License and Certificate of Water Right for 4.42 c.f.s. confirming the right, with priority of October 1, 1956 , to the use of subterranean water with the point of diversion in SE1/4, Sec. 19, for irrigation of 389 acres in SE1/4, Sec. 18; E1/4, Sec. 19, T. 8 N, R. 33 E, B.M.

Dear Mr. Young:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the **High Star** all submitted in proof of completion of works and beneficial use on Permit No. **G-26565**.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try to contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

**M. Russell Bosch

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph B. Coffey, 54 years, Montevew, Idaho. Farming. P.O. Address:
Montevew, Idaho.

Ques. 2. Are you acquainted with Daniel R. Young and Berenice M. Young, the holder of Permit No. G-26565? How long have you known him and where does he reside?

Ans. 8 years. They reside at Montevew, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-26565, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Subterranean flow from well. Western Turbine Pump and 200 h.p. ACEC electric motor attached to same and connected to 260' of 10" vertical column. Well is about 265' deep. The water is pumped through 10" discharge valve into steel mainline pipe and thence into 12 strings of 4" aluminum lateral pipe into about 396-5/32" nozzles w/approximately 60 lbs. pressure to the lands.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 6.4 c.f.s. I have witnessed the 12 lines convey what I estimate to be around 6.4 c.f.s. to these lands.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation. H 26565

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Used only for irrigation purposes.

Ques. 8. If for irrigation, state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. *Formerly these lands were all in sage brush but they have been reclaimed and I estimate that it requires at least one miner's inch of water per acre for their profitable cultivation.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Around the fore part of July of 1965. I also saw such use many times thereafter during the irrigation season of 1965. During this irrigation season of 1966, I have witnessed such use many times on these lands.

Dear Mr. St. Clair:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26565, in the name of Daniel E. & Berenice M. Young. Final Proof is to be made before you, as Notary on the 7th day of June, 19 66, at ~~XXXXXXXXXXXXXXXXXXXX~~ at Hasbrouck Bldg. Idaho Falls, Idaho.

As of this date, we have mailed the Notice to the Rigby Star, with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the AFFIDAVIT OF PUBLICATION.

Dear Mr. Young:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 26565 are due not later than **June 28, 1966**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Very truly yours,

Dear Mrs. Rule:

Pursuant to our telephone conversation this date, I am herewith enclosing written Assignment of above mentioned permit from the permit holder and her husband and Virgil A. Evans and Teresa Marie Evans, his wife, to Daniel R. Young and Berniece M. Young, his wife:

We trust this is in accordance with the understanding I had with your Ralph Thomas wherein he and I thought it advisable that the permit be assigned to both Mr. & Mrs. Young for the reason that the well waters the entire 400 acres, 320 acres of which constitute the U. S. Desert Entry No. I-09639 originally issued to Betty A. Evans and proved up on by Daniel R. Young, Grantee in deed of those lands from Betty A. Evans and husband, and 40 acres of which constitute the U. S. Desert Entry No. I-07643 originally issued to Virgil A. Evans and proved up on by Berniece M. Young, Grantee in deed of those lands from Virgil A. Evans and wife.

Will you kindly record the Assignment and then forward copy of the permit so assigned approved by your department to the B.L.M. office in Boise, P.O. Box 2237. That office advised us they should have the copy of the permit within 30 days after September 30, 1965, and we will, of course, appreciate it very much if you will see to it that the copy gets to their

Dear Mrs. Evans:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. G-26565. The proofs are to be made at 5:00 o'clock P.M., on the 3rd day of November, 1961, ~~1960~~ before Boyd R. Thomas, 520 Legion Dr., Idaho Falls, Idaho, Notary Public.

As of this date we have mailed the Notice to the Rigby Star with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the affidavit of publication and statement of costs to you.

It is important that the enclosed depositions be executed by you and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the place, on the date, and at the time and before the Notary, as advertised. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, the Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

APPLICATION OF WATER TO BENEFICIAL USE

DEPARTMENT OF RECLAMATION

Notice is hereby given that at 5:00 P. M., on the 3rd day of November,
19 61, at Idaho Falls, County of Bonneville, State of Idaho,
before Boyd R. Thomas, Notary Public, at (address) 520 Legion Dr.,
Idaho Falls, Idaho, proof will be submitted of the completion of works for
the diversion of 6.4 cubic feet per second of underground water from a well, and of
the application to beneficial use of said water, in accordance with the terms and
conditions of Permit No. G 26565, heretofore issued by the Department of Reclamation
of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit
is Betty A. Evans, 440 E. 17th St., Idaho Falls, Idaho

2. Said works of diversion will be fully completed on the date set for such com-
pletion, and the amount of water which said works are capable of conveying to the place of
use is 6.4 cubic feet per second.

3. The use to which said water has been applied is Irrigation
purposes, and the amount applied to beneficial use is 6.4
cubic feet per second.

4. The point of diversion of said water is SE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 19,
Township 8 North, Range 33 East of the Boise Meridian

5. The place where said water is used is S $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 18; E $\frac{1}{2}$ of

Re: Permit No. 0-26565

Betty A. Evans
440 E. 17th St.
Idaho Falls, Idaho

Dear Mrs. Evans:

Returned herewith are two Forms 36 and Form 11 you submitted to this office, with two blank Forms 36 and one form for amending the land list.

You must arrange with some Notary Public to take the necessary depositions and should complete the first four lines of Form 36 with his assistance. The date should be 40 days after the date you return the forms to this office.

Do not change the wording of the notice. You show 401 cubic feet per minute. That is equivalent to about 6.7 cubic feet per second. The amount of water claimed on the permit is 6.4 cubic feet per second so that is the maximum you should show.

There are some pencil additions and deletions on the carbon copy. The land description under No. 5 is in error as the first land described as being Section 19 should probably be in Section 18, as noted. You have also added W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 19, which is not in the permit. To show that land it will be necessary to make an amendment to the land list on the enclosed form. You could show S $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 18; E $\frac{1}{2}$, Sec. 19, T. 8 N., R. 33 E., B. M. if that is the land being irrigated.

Kindly complete the two blank Forms 36, the land list amendment if you desire to include the W $\frac{1}{2}$ SE $\frac{1}{4}$, Sec. 19, and return to this office with the Form 11, after you show the name of the newspaper. There is a fee of \$1.00 for recording an amendment which should accompany the amendment.

Re: Permit No. G- 26565

Date: Aug. 1, 1961

Mrs. Betty A. Evans
Lewisville, Idaho 440 E 17th Idah. Falls

Dear Mrs. Evans:

The date for proofs of Completion of Works and Application of Water to Beneficial Use, as set out under the terms of Permit No. G- 26565 are due not later than **October 17, 1961**

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point of, or points of diversion; and the location of use of the lands which are irrigated -- all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.
