APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24282.

Comes now Paul Richard Reynolds and represents to the State Reclamation Engineer of the State of Idaho: That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-24282. That the point of diversion is described in said permit as being located $NW\frac{1}{4}NW\frac{1}{4}$ (Lot 4), Section 2, and $SE\frac{1}{4}SE\frac{1}{4}$ Section 3, T 5 N - R 35 E.,B.M. That he now requests that the point of diversion be changed to a point located $SW\frac{1}{4}NE\frac{1}{4}$ Section 3, T 5 N - Range 35 E.,B.M. That his reasons for desiring to make such change are as follows: Upon further development of the land, it was found this is a more feasible well site. That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 15th day of March, 1958

/s/ Paul Richard Reynolds

Dear Mr. Bloem:

Your letter of April 15 requested the present status of the above numbered permits.

The information for each permit is as follows:

G-24776- Gerald Wells: On July 28, 1961 a department letter was forwarded stating that upon receipt of fees totaling $21.00 a license would be issued. At the present time no pre-cancellation letter has been sent on this permit, however, one will be written in the near future.

G-27575- William H. Roundy: On July 30, 1963 a department letter was forwarded stating that upon receipt of fees totaling $35.00 a license would be issued. No pre-cancellation letter written at this time.

G-24282- Paul R. Reynolds: On April 9, 1965 a pre-cancellation notice was forwarded with a copy of the department letter of August 13, 1959 stating that fees in the amount of $19.00 were due. If these fees are not received in sixty days the permit will be cancelled.

It appearing to the State Reclamation Engineer that the terms and conditions of Permit No. G-24282 to Appropriate the Public Waters of the State of Idaho, have not been complied with as to

fees totaling $19.00 as shown in copy of letter mailed August 13, 1959, attached hereto

YOU ARE HEREBY notified in compliance with Sec. 42-234, Idaho Code that said Permit No. G-24282 is hereby held for cancellation.

YOU ARE HEREBY required to show cause before the State Reclamation Engineer on or before sixty days from date of this notice why said Permit should not be cancelled.

SAID PERMIT NO. G-24282 claims the use of 6.4 cubic feet per second of the Subterranean Waters a well with point of diversion located S½NE¼ (Lot 2) Sec. 3, T. 5 N., R. 35 E., B. M.

and was approved July 15, 1953.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the official seal of my office at Boise, Idaho, the 9th day of April, 1965.

Ralph Thomas, Deputy
State Reclamation Engineer

cc: Harley M. McDowell
Box 2161
Boise, Idaho

A 24282

August 13, 1959

RE: Permit No. G-24282
Paul Richard Reynolds

Harley M. McDowell
Box 2161
Boise, Idaho

Dear Mr. McDowell:

Our field engineer's report on his inspection of the completion of works and beneficial use of the water under the terms of Permit No. G-24282 shows that the well is capable of conveying 220 miner's inches (4.4 c.f.s.) of water for irrigation of 280 acres.

Upon receipt of the statutory fees, totaling $19.00, we will issue the Certificate of Completion of Works (for which the fee is $5.00) and the License and Certificate of Water Right ($14.00 at the rate of $2.00 for each 40-acre subdivision), confirming the right with priority of July 3, 1953, to the use of 4.4 second feet of subterranean water, with point of diversion in Lot 2 ($SW\frac{1}{4}NE\frac{1}{4}$) of Section 3 for irrigation of 280 acres in lot 4 of Section 2; lots 1 and 2 and the $SE\frac{1}{4}$ of Section 3, Township 5N., Range 35E.B.M.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

REPORT OF ENGINEER

Permit No. G-24282

This proof is for Completion of Works & Beneficial Use in Water District No.

1. Name of applicant Paul Richard Reynolds
2. Source of water supply: Subterranean flow from wells
3. Location of point of diversion: Is in the (Lot 2) SW¼NE¼ of Section 3
   T. 5 N. R. 35 E.B.M. County of Jefferson
4. Describe works as they exist, giving dimensions and capacities of same:
   250 hp U.S. Motor 109276
   Wintroath Turbine 8625 h = 243'
   Standard Sprinkler system. Mains = 10"-8"-6"
   4" Al laterals. 11/64" nozzles
5. Water is used for: Irrigation and domestic purposes
6. State whether or not water has been turned into works of diversion: Yes.
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

   NW¼NW¼(Lot 4); NW¼SW¼ Section 2; NE¼NE¼ (Lot 1), NW¼NE¼ (Lot 2), SE¼ Section 3; all in Township 5 North, Range 35 East, B. M.

   This place is not being farmed this year.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach?

Remarks:

Mrs Stephens who farmed place along on inspection

Mr Stephens said operating pressure was excellent - would almost blow system apart.

This examination was made on the 23 day of July, 19 59

(Signed) E. N. Hennessey
Examiner.

24282

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
4. If any unusual conditions are discovered, make plain statement of them under remarks.
5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
6. Give general characteristics of soils, topography, and crops raised.

Rupert, Idaho

Dear Mr. Reynolds:

We acknowledge receipt of the Deposition of Holder and two witnesses, also affidavit of publication in the Rigby Star, all submitted in Proof of Completion of Works and Application of Water to Beneficial Use, on Permit No. G-24282.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER

BOISE, IDAHO

RECEIVED
MAR 5 1959
Department of Reclamation

Permit No. G-24282

Proof of Application of Water to Beneficial Use

and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. My name is Paul Richard Reynolds; residence, RFD 2, Rupert, Idaho; occupation, occupation, farming; postoffice address, RFD 2, Rupert, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Individual.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #G-24282; date of permit 7/14/53; date of priority 7/3/53.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water is a drilled well SW¼NE¼, Sec. 3, T 5 N - R 35 E., B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Works consist of well drilled to 322' with water standing at 253'. There is no known drawdown. This is a 20" hole and I have installed a 250 h.p. pump & motor. The well is cased for 6'. I have installed a sprinkler system with dimensions as follows: 1680' of 6" steel mainling; 1,660' of 10" steel mainline; 3,240' of 8" steel mainline. There are risers every 54 ft. on mainline. I have 10, 1,300 ft. portable aluminum laterals 4" in diameter. Heads are at 50' intervals each with 6-5/8 gpm. There are 33 heads on each lateral totalling 200 gpm or 10 equals 2,000 gpm @ 50 lbs. pressure on mainline. I estimate well will produce 225" of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation of the entire area in Lots 1, 2, SE¼, Sec. 3; Lot 4, NW¼SW¼, Sec. 2, T5N-R35 E or a total of 316.82 acres. This is all irrigated land and all improvements have been made a s a direct result of said use.

24282

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. Irrigation only.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. This is the minimum amount of water I could get by with for profitable cultivation.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original holder.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Development was started in 1954 on my desert entry and has continued each year since. The well was drilled in 1956 and sprinkler system completed in 1957.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None.

(Sign) Paul Richard Reynolds

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Boise, County of Ada, State of Idaho, on this 14 day of February, A. D. 19 59.

Permit No. G-24282

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Art Ahlm; age, 65; residence, Buhl, Idaho; occupation, Implement dealer; postoffice address, 205 Ninth Ave., North; Buhl, Idaho.

Ques. 2. Are you acquainted with Paul Richard Reynolds, the holder of Permit No. G-24282? How long have you known him and where does he reside?

Ans. I have known him 10 years and know that he resides at Rupert, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24282, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of this water is a drilled well 322 ft. deep with a 250 h.p. pump. The rate of discharges is about 225". He also has a sprinkler system with an 8" steel mainline and tapering down to 6" and up to 10". There are 10 portable aluminum laterals.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the works would more than 225" and I have seen this much being so conveyed.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. I have seen the pump deliver 225" of wa ter. This is an estimate from past experience.

A 24282

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation. Lands irrigated are Lots 1, 2, SE¼ Section 3; Lot 4, NW¼SW¼, Section 2, T 5 N - R 35 E., The entire area in each of these subdivisions is irrigable. There is no natural meadow and all improvements have been made as a direct result of said use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. Irrigation only.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a sandy clay loam. I think it needs at least this much water for profitable irrigation.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have witnessed the application to beneficial use of this water ever since the well was drilled in 1955.

(Signed) Art Ahlen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 14 day of February, A. D. 19 59.

Permit No. G-24282

Proof of Application of Water to Beneficial Use

Deposition of Witness and Completion of Works

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Name, Ted Ahlm; age, 41; residence, 226-9th Ave. North, Buhl, Idaho; occupation, farmer and implement dealer; postoffice address, 226-9th Ave., North, Buhl, Idaho.

Ques. 2. Are you acquainted with Paul Richard Reynolds, the holder of Permit No. G-24282? How long have you known him and where does he reside?

Ans. I have known him 10 years and know that he resides at RFD 2, Rupert, Idaho.

Ques. 3. Have you read or heard read said Permit No. G-24282, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. This water is from a 322' well drilled in the SW¼NE¼, Sec. 3, T5N-R35E., B.M. Works consist of this well which is a 20" hole, cased 6', 250 h.p. pump & motor and a sprinkler system with main line tapering from 10" to 6" and 10 portable aluminum laterals.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen 225" of water conveyed and believe works could convey more.

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 225" of water. This was estimated by my past experience but I believe the pump company measured it also.

24282

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigation. The entire area is irrigable in the following subdivisions: Lots 1, 2, SE¼, Sec. 3; Lot 4, NW¼SW¼, Sec. 2, T5N-R35E., B.M. totalling 316.82 acres. This is all cultivated and the improvements were made as a result of this use.

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what etxent.

Ans. None.

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is a sandy clay loam which needs artificial irrigation. This is the minimum amount necessary.

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. The development of the land started in 1954 and the well was drilled in 1955. I have known it all this time and have observed all improvements.

(Signed) Ted Ahlm

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Boise, County of Ada, State of Idaho, on this 14 day of February, A. Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use, under Permit No. G-24282, in the name of Paul Richard Reynolds. Final proof is to be made before you, as Notary, on the 14th day of February, 1959, at 11:00 A. M., at 518 Idaho Building, Boise, Idaho.

As of this date we have mailed the notice to the Rigby Star with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then to mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date, and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions (Holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 A.M., on the 14 day of February 1959, at Boise, County of Ada, State of Idaho, before Harley M. McDowell, Notary Public, at (address) 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24282 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Paul Richard Reynolds, Rt. 2, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation. & Domestic purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is SW¼NE¼, Sec. 3, T 5 N - R 35 E., B.M.

5. The place where said water is used is Lot 4, (NW¼SW¼), Sec. 2; Lots 1, 2, SE¼, Sec. 3, T 5 N - R 35 E., B.M.

6. The date of priority which said user is prepared to establish is 7/3/53.

RE: Permit No. G-24282 Date December 10, 1958

Paul Richard Reynolds
Route #2
Rupert, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. G-24282 are due not later than February 15, 1959.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

If changes have been made and no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Re: Permit G-24282

Dear Sir:

With regard to the above water permit, this was applied for in connection with my desert land entry, Idaho Serial #04359 which was not allowed in the Land Office until February 15, 1954.

I hereby respectfully request that you grant me an extension of time for five years from the date of allowance or until February 15, 1959.

Very truly yours,

Paul Richard Reynolds

RE: Permit No. ~~G-24282~~ Date ~~May 1, 1958~~

Paul Richard Reynolds
Route #2
Rupert, Idaho

Dear Sir:

The date for proofs of completion of works and application of water to beneficial use, as set out under the terms of Permit No. ~~G-24282~~ are due not later than ~~July 14, 1958~~.

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list which has been recorded in this department. If changes have been made on no amendments are on record, we advise that you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least forty (40) days before the above mentioned date, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point or points of diversion; and the location of use or the lands which are irrigated--all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with Form 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named and before the notary public, as advertised in the publication notice.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Mr. Harley M. McDowell
P. O. Box 2161
Boise, Idaho

Dear Mr. McDowell:

Enclosed is the Application for Amendment to Permit No. G-24282, Paul Richard Reynolds, as approved by the State Reclamation Engineer, and recorded in the Department of Reclamation in Book 86 of Permits at Page 24282 amending the points of diversion as described on record to read as follows: "One point in the $SW\frac{1}{4}NE\frac{1}{4}$ of Section 3, Township 5 North, Range 35 East, B.M." This should now be attached to the original permit to which it refers and of which it becomes a part.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

G 24282

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. G-24282

RECEIVED
Department of Reclamation

Comes now Paul Richard Reynolds and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. G-24282.

That the point of diversion is described in said permit as being located NW¼NW¼ (Lot 4), Section 2, and SE¼SE¼, Section 3, T 5 N - R 35 E., B.M.
nw nw

That he now requests that the point of diversion be changed to a point located [illegible], Section 3, T 5 N - R 35 E., B.M.
SW. NE.

That his reasons for desiring to make such change are as follows:

Upon further development of the land, it was found this is a more feasible well site.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Boise, Idaho, this 15th day of March, 19 58

Paul Richard Reynolds

Date of receipt at Department of Reclamation March 26, 1958

APPROVAL OF STATE RECLAMATION ENGINEER

I, Mark R. Kulp, State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. G-24282. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

NOTICE OF PROOF OF COMPLETION OF WORKS and APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 11 a.m., on the 14th day of February, 1959, at Boise, County of Ada, State of Idaho, before Harley H. McDowell, Notary Public, at 618 Idaho Bldg., Boise, Idaho, proof will be submitted of the completion of works for the diversion of 6.4 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G-24282 heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Paul Richard Reynolds, Rt. 2, Rupert, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is 6.4 cubic feet per second.

3. The use to which said water has been applied is irrigation and Domestic purposes, and the amount applied to beneficial use is 6.4 cubic feet per second.

4. The point of diversion of said water is SW¼NE¼, Sec. 3, T 5 N - R 35 E., B. M.

5. The place where said water is used is Lot 4, NW¼SW¼, Sec. 2; Lots 1, 2, SE¼, Sec. 3 T 5 N - R 35 E., B. M.

6. The date of priority which said user is prepared to establish is 7-3-53.

GEORGE N. CARTER,
State Reclamation Engineer.
